Subject: How to GET RID OF THEM!

Would you do me a favor and send this onto your lists? I'm not ready to come out on this, but I think my ideas are good and should be shared. I posted this on a small list on yahoo called remove illegals, but that's as far as it's gone. Maybe some of your warriors for the race would be the kind of ppl willing to implement some of these ideas. Please don't use my name. THANKS.

BTW, I did call your virtual number and leave a message a few wks ago. Did you hear my message?

Laine

So far, it seems we have discussed everything but how to GET RID OF THEM. There are several tactics, some legal and some not-so:

1. As has been discussed, once the economic incentives are removed, they will self-deport. In order to do this, we need to intimidate employers into NOT hiring them, as it seems the fedgov is doing a lousy job of this.

2. Police departments need to be held accountable for just giving a "get out of jail free" card to unlicensed, uninsured drivers of unlicensed cars when they are caught. No more sanctuary or Special Order 40. Citizens need to get together and pressure mayors, city councils, and the police departments to turn these people over to the CBP and ICE EVERY TIME they are caught.

3. Make every illegal alien feel the heat of being a fugitive and a person without proper status. I'm sure there are many creative ways to do this. I hear the rednecks in the South are beating up illegals as the textile mills have closed. Use your imagination...

4. Sabotage the things that they like: entertainment,

food, beer, overpopulation, wife-beating, drunk driving, treating American women with disrespect, etc. Put them in their place. BRAVO to the person who cut down the Spanish language radio station towers just North of Phoenix! Now that sends a message!

5. Do the best you can to scare the bejeezuz out of them if you encounter them crossing the border. This doesn't have to be harmful; some good psy-ops would do.

6. Send native agents provocateurs and disinfo specialists into Mexico, Honduras and Guatemala (the largest emigration nations) to discourage and sabotage immigrants and their smugglers from coming to the US.

7. Deprive illegals of the smuggling money they pay. Steal the money from any illegal walking into a bank or check cashing place. Steal the money from the smugglers. Expose slavery and prostitution rings run by smugglers.

8. Create an anonymous propaganda campaign warning that any further illegal immigrants coming here will be shot, maimed, or seriously messed-up upon crossing the border. This should be fairly easy to do, considering the hysteria of the Spanish language press, and how they view the Minutemen as "racists & vigilantes." I say, if it bleeds, it leads, and why not work on their fears? Create a totally false news story and circulate it on the internet about how some illegals were killed by vigilantes after crossing the border.

9. Discourage Spanish-speaking school children from going to public school. Be creative.

10. Stand in front of public voting places and ask everyone who comes to vote if they speak English.

11. Lobby Congress or your local state legislature to drop all ESL and classes conducted only in Spanish.

OK now, let's get going!
