Maine ACT,

I am excited. As a result of our initiation of this issue here in Maine, I have just received the following note from Heather Sirocki, our sponsor for FGM. This is incredible and anything you and your friends can do to muster support could easily make this happen this time. It will be an incredible victory for young girls and a huge blow against a vile practice within Islam and other depraved cultures. I hope you all will call, write, and speak out about this issue. The more the better. This is a must win, as is ALAC, which will be brought to our illustrious legislature again asap. "Never give up the ship!"...Who said that? John Paul Jones? "If at first you don't succeed..." There's another one.

Good news-
Yesterday, the governor agreed to submit a governor's bill to prohibit FGM.
Stay tuned- I am hoping to have a press conference next week.
