State Public Defender

EQUAL JUSTICE FOR ALL

January 27, 2015

In 2007, 95 legislators co-authored the Louisiana Public Defender Act, in recognition of widespread problems in the quality and consistency of the State's constitutional obligations to provide legal representation to more than 200,000 of Louisiana's residents annually who cannot afford legal counsel. At the head of this crisis were issues related to insufficient revenues, lack of uniform binding standards and guidelines for client representation, and inadequate oversight and accountability. The Louisiana Public Defender Act (Act 307) dissolved all local district public defender boards and transferred supervision and oversight of the local offices to the newly created Louisiana Public Defender Board (LPDB). The policies and procedures implemented by LPDB have resulted in increased supervision and training, standards and guidelines, as well as improved client representation and outcomes.

During 2014, LPDB worked diligently to monitor the quality of client representation by observing court proceedings in more than a dozen jurisdictions and completed comprehensive site visit assessments in four Judicial District Public Defender Offices and one of the program offices. Staff drafted the Performance Standards for Criminal Defense Representation in Indigent Capital Cases, which were officially promulgated on January 20, 2015. Additionally, staff hosted numerous statewide and regional trainings, which are free for public defenders, in furtherance of the state's goal to improve the quality of representation received by indigent clients. LPDB, along with agency staff, has been closely monitoring the financial status of Louisiana's public defense system as it is expected that prior to the end of FY16 at least 25 of the state's 42 Public Defender Offices will become insolvent.

Louisiana's criminal justice system is at a crossroads. Statewide, 66% of public defense revenues are received through local funding which is based on an instable funding stream that is heavily reliant on traffic tickets and court costs. Public Defender Offices have no control over these revenue streams, their collection, or disbursement. The financial crisis that is expected within the defense community affects all members of the criminal justice community. Without sufficient resources necessary to provide the constitutionally guaranteed right to counsel, many districts will be required to begin restriction of services (public defenders offices will be required to lay off attorneys to reduce expenditures, while remaining attorneys will be forced to refuse new cases to adhere to professional and Constitutional requirements), potentially grinding the entire criminal justice system to a halt. The financial crisis faced within the defense community is simply a foreshadowing of the crisis which will face the other members of the criminal justice system in the upcoming years, and in some cases have already come to fruition – as the prosecution and judiciary also rely on user fees to fund a large portion of each agency's duties and functions.

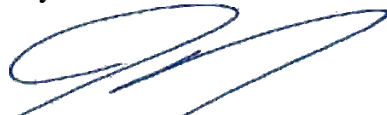

LPDB, its district offices, and contract programs have been good stewards of public dollars implementing policies and procedures which have improved supervision, training, standards and

guidelines, and client outcomes while aiming to increase revenues and decrease expenditures. The agency welcomes the feedback and support of our criminal justice, governmental, and legislative partners as LPDB continues to develop and implement policy initiatives designed to improve the long-term viability of the state's public defense system. However, going back to the "meet, greet, and plea" systems which have resulted in Louisiana having the distinction as the Prison Capital of the World and also the highest exoneration rate per capita in the United States is not an option. In the face of this financial crisis, LPDB must require its district and program offices to reduce the number of services provided by public defenders to eliminate deficit spending while maintaining high quality representation to clients represented by public defenders.

Attached is the LPDB 2014 Annual Report chronicling developments and status of public defense in Louisiana.

Thank you.

James T. Dixon, Jr.  
State Public Defender  
Louisiana Public Defender Board

# **LPDB CY 2014 RECOMMENDATIONS FOR NEEDED CHANGES IN THE LAW**

## **1) Restructure of Funding Streams for the Criminal justice System**

In conjunction with the Louisiana State Bar Association's 2015 Mid-Year Meeting of the House of Delegates and the passage of Resolution 8, The Louisiana Public Defender Board urges the legislature to create a legislative task force that includes representatives of the legislature, judiciary, prosecution, public defense system, law enforcement, clerks of court, and other essential stakeholders. This legislative task force should be urged and requested to study more reliable mechanisms for funding the criminal justice system and develop recommendations to ensure that all components of the criminal justice system receive adequate funding and other resources necessary to protect public safety by holding offenders accountable and effectively administering justice in Louisiana.

## **2) Reclassification of Misdemeanors**

In conjunction with the Louisiana State Bar Association's 2015 Mid-Year Meeting of the House of Delegates and the passage of Resolution 8 and 2010 LSBA resolution, the Louisiana Public Defender Board urges the legislature to refer the study of reclassification of certain misdemeanors to the Louisiana Law Institute. In light of the cost of representation, the extensive collateral consequences of misdemeanor convictions and their impact on citizens' ability to join or remain in the workforce, reclassification of selected misdemeanors potentially could save the state millions of dollars.

## **3) Redefinition of "Child"**

Finally, in keeping with modern Neuroscience and Child and Adolescent Development Theory, the LPDB staff recommends the legislature amend Children's Code Art. 804(1) to change the definition of a child to "any person under the age of twenty-one, including an emancipated minor, who commits a delinquent act before attaining eighteen years of age." This will raise the maximum age of juvenile court jurisdiction to eighteen years of age which is more consistent with principles of academic development.

## **LOUISIANA PUBLIC DEFENDER BOARD CONTRACT PROGRAMS (CY14)**

Although the Louisiana Public Defender Board has a legislative mandate to provide representation in a number of areas, it does not have authority to provide direct client representation or to hire public defender staff. In order to meet the State's Constitutional duty to provide legal representation to indigent clients, the board has contracted with a number of 501(c)(3) organizations, as permitted by La. R. S. 15:147 (C) (1), to represent indigent defendants in delinquency, capital, and appellate cases where conflicts or caseload limits prevent the local district defender office from handling the case. In addition, the Board is required by La. R. S. 15:169 and 15:178 to appoint counsel for appellate and post-conviction cases in which a death sentence has been imposed at the trial level. It should be noted that each of the directors of these programs handles a caseload as well as the administrative responsibilities.

The LPDB's contracts with each program office contain provisions for monthly reporting to the LPDB and for audits by the Legislative Auditor. They also provide for performance standards enforceable by the state board, and for termination of the contracts for failure to meet board requirements. These requirements include adhering to the ethical rules of the Louisiana Supreme Court, violations of which may result in termination of the contracts.

Those programs are as follows:

### **Louisiana Center for Children's Rights**

Formerly known as Juvenile Regional Services (JRS), the Louisiana Center for Children's Rights (LCCR) is a nonprofit law office whose mission is to "defend the right of every Louisiana child to fairness, dignity, and opportunity." - LCCR is the juvenile public defender in New Orleans, providing holistic, client-driven advocacy for more than 1,000 indigent young people in the city's juvenile justice system every year.

Statewide, LCCR works to protect and expand the right of every Louisiana child to high-quality legal representation, and advocates for a fairer, more compassionate, and genuinely rehabilitative juvenile justice system. LCCR's strategies include legislative advocacy, litigation, and training and technical assistance for Louisiana's juvenile defender community. LCCR'S Executive Director is Josh Perry.

### **Louisiana Appellate Project (LAP)**

The Louisiana Appellate Project provides appellate representation for indigents in all non-capital felony appeals arising in all of the districts. This includes felony-grade adjudications for juveniles. All district public defender offices have contracted with LAP to supplement its staff with these appellate services. There is no cost to the district public defender for these services as it is a form of supplemental assistance provided by the state board. Jim Looney is the director who contracts with appellate attorneys around the state to handle the appeals.

Handling the appeals in non-capital cases includes work in the appellate court and, when professionally appropriate, filing for writs to the Supreme Court. It also includes specifically those cases appealed by the State, such as when a statute is declared unconstitutional.

#### **Baton Rouge Capital Conflict Office (BRCCO)**

Under the leadership of David Price, BRCCO employs the team approach to capital defense as required by the Capital Guidelines. The office includes a staff of attorneys, mitigation specialists, and private investigators which promotes cost-efficiency.

The office is currently handling cases throughout the state, in an effort to ensure that all defendants facing the death penalty are represented by counsel.

#### **Louisiana Capital Assistance Center (LCAC)**

Richard Bourke serves as director of LCAC and employs a staff of lawyers, mitigation specialists and investigators. Founded 20 years ago in its current form, this program provides leadership, mentoring, and guidance to the capital defense community. Its predecessors influenced capital representation since the early days of the restoration of the death penalty in the South.

LCAC provides direct services statewide and also provides representation in motion for new trial proceedings. This year, LCAC has taken on the new responsibility of serving as resource counsel to provisionally certified defense lawyers pursuant to Capital Defense Guideline 915(G)(2). This involves providing intensive services to lawyers across the state in over a dozen pending capital cases. This service is essential to educating, mentoring and overseeing the work of provisionally certified counsel to ensure the delivery of quality legal representation.

LCAC has also been active in East Baton Rouge Parish serving as counsel for the limited purpose of protecting the rights of persons facing the death penalty who are not otherwise represented by counsel. In addition to direct services, LCAC provides general support services to other organizations and often is able to ameliorate crises faced by counsel.

#### **Capital Defense Project of Southeast Louisiana (CDPSELA)**

Kerry Cuccia is the director of the Capital Defense Project of Southeast Louisiana. The primary responsibility of CDPSELA is to handle capital cases in Orleans Parish. Although the program was originally created to handle cases in which the Orleans Public Defender Office (OPD) was excluded because of conflicts, CDPSELA now is the first-call provider for indigent defense in capital cases in Orleans Parish.

CDPSELA also accepts cases in other jurisdictions when necessary because of conflicts or caseload limits. CDPSELA and its staff are recognized as providing representation at

the highest levels of competence. Its concentration on preliminary examination practice appears to be a primary factor in a decline in the number of first degree murder indictments in Orleans Parish. The result is that many of the cases are formally charged as lesser offenses, often second degree murder. Second degree murder cases are generally then referred to the Orleans Public Defender Office.

#### **Capital Post Conviction Project of Louisiana (CPCPL)**

This organization handles post-conviction representation of indigent defendants whose cases have progressed through the trial and appellate levels. The staff lawyers who handle cases as they become eligible have successfully represented a number of defendants whose cases were overturned for such reasons as ineffective assistance of counsel at the trial or appellate level, failure by prosecutors to disclose important evidence, newly discovered evidence of innocence, and evidence adduced as a result of junk science.

Gary Clements is the director of CPCPL and has his staff working on as many cases as ethical caseload standards permit at any particular time. The program also monitors cases in the pipeline in order to keep track of future needs and caseloads.

#### **Capital Appeals Project (CAP)**

Sarah Ottinger is the director of the Capital Appeals Project which handles all capital appeals for indigents who have been sentenced to death. Her staff includes additional attorneys who work out of their New Orleans office, as their cases automatically go to the Louisiana Supreme Court as a matter of law. This project has had several cases with national impact because of favorable decisions by the U. S. Supreme Court. Some of the cases which have been overturned were handled or are being handled in the trial court by the CAP lawyers. CAP has also agreed to handle post-conviction cases wherein CPCPL is ineligible due to conflicts. CAP acts as resource counsel to public defenders across the state.

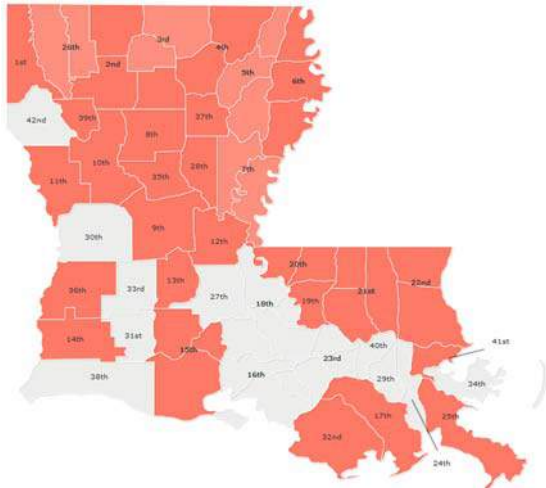

#### **Innocence Project New Orleans (IPNO)**

The Louisiana Public Defender Board has a contract for partial funding of the Innocence Project New Orleans which, since its inception, has won the freedom or exoneration of 42 wrongfully convicted Louisiana prisoners who have served a total of nearly 699 years in prison. All except two of IPNO's freed clients were sentenced to life without parole and seven were teenagers when they were wrongly arrested. IPNO has also investigated and reported on systemic problems in Orleans involving the suppression of crucial evidence by prosecutors and police. Emily Maw is the director of IPNO. The office attracts student interns from around the world and is in the forefront of Louisiana in the use of DNA evidence.

## **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY14)**

The reformation of public defense in Louisiana is an on-going process. It began with the passage of the Louisiana Public Defender Act in 2007, re-organizing an antiquated delivery system for indigent defense. The previous delivery system all too often culminated in a “meet, greet and plea” system whereby defense counsel was reduced to the role of a mere participant during a plea, rather than an advocate for the client. The Act also removed undue influence from judges, prosecutors, and local officials from the supervision of public defender offices. These shortcomings in the indigent defense system contributed to Louisiana’s dubious status of having the highest incarceration rate in the entire world.

With the Louisiana Public Defender Act, we have been able to pass new standards for the delivery of public defense. The quality of public defense has risen statewide; however, public defense remains severely underfunded. This is not a new development. We have known for some time that public defense is underfunded and have warned of a time when we could no longer avoid a collapse of the entire system. The Louisiana Public Defender Board (LPDB) has worked diligently to keep district defender offices solvent throughout the state for the past six years and, with a couple of exceptions, has been able to avoid financial failure. The map below indicates every district (in red) that has received one of various forms of emergency assistance from the LPDB since 2010 to avoid financial crisis.

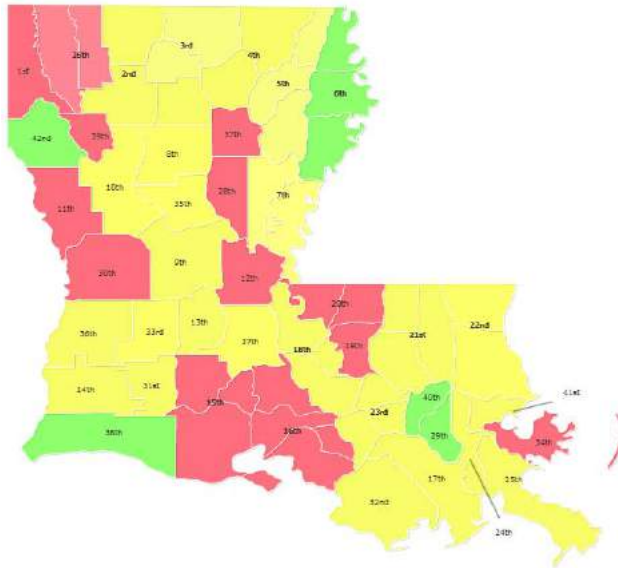

The LPDB has never had adequate funding to support a properly functioning public defense system. Further, the local funding that districts receive is unstable, unreliable, and untenable. Almost two-thirds of the funding for the Louisiana Public Defense system comes from court fees. A majority of those funds are derived from traffic tickets. LPDB has no control over traffic enforcement or prosecution. Law enforcement can unilaterally reduce traffic enforcement. Traffic cases can be diverted so that no proceeds reach the public defender in the district. These funds can be reduced by severe weather, elections and other political vagaries, judicial action, reductions in road traffic, and the lack of interstate or major highways in a particular jurisdiction. Further, district offices are entirely reliant upon their counterparts in the criminal justice system to collect and remit the fines and fees needed to operate their respective offices.

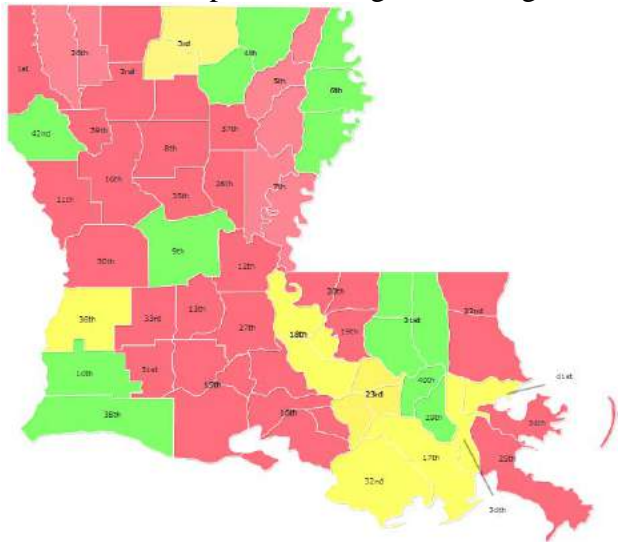

Upon assuming the position of State Public Defender during Fiscal Year 2014, I asked staff to look closely at the financial status of each and every district in Louisiana. We were able to determine

## STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

that a financial crisis was, indeed, imminent. While we may be able to avoid fiscal hardship in Fiscal Year 2015, the projections for fiscal year 2016 are more severe. As shown on the map below, we anticipate 14 District Public Defender Offices will face fiscal shortfalls before July 1, 2015, the beginning of the 2016 fiscal year. The map below shows, in red, the districts that will not have enough money to make it through this fiscal year. The districts in yellow will make it through the fiscal year, but are headed to eventual financial insolvency. Districts in green are solvent and accruing fund balances.

While LPDB may be able to avoid a financial crisis in the current fiscal year, FY15, we will be unable to avoid widespread financial failure in FY16. We expect to see systemic failure in the public defense system in Louisiana. We expect at least 25 of 42 district offices will lack the funds to cover their expenses during the coming fiscal year, FY16, as noted on the map below.

The Board has been actively seeking solutions to this crisis. We sought legislation to increase special court costs dedicated to public defense from \$35 to \$55. The legislature responded and approved an increase, but only to \$45. It was anticipated this would result in a 25% increase in

## **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

local funding and solve the financial shortfall for most, but not all districts. Due to the volatility of this funding stream, as mentioned above, the 25% expected increase in revenues did not materialize and we remained underfunded. The Board has adopted policies requiring districts to spend down fund balances to a percentage of annual expenditures. This allowed for the disbursement of available funds to districts in trouble and lacking a fund balance in order to avoid financial failure. It also developed a District Assistance Fund Adjustment Formula which withheld a portion of state funds from districts accruing funds and re-allocating those funds to districts in need. The Board has initiated policies that allow districts to keep any specially allocated money obtained from local governments in a manner that will not affect the funding received from the state. When necessary, we have initiated litigation in districts where funding was unlawfully diverted from public defense. The staff has been actively pursuing an outreach program whereby we have conducted strategic meetings to educate and discuss possible solutions with stakeholders, including but not limited to the Governor's Office, the Louisiana Supreme Court, State Senators and Representatives, Louisiana District Attorney Association, local government and judges.

Despite our best efforts, Louisiana Public Defense is facing a financial crisis. Districts throughout the state will be entering a restriction of services. These districts will not have sufficient funding to provide all of the services they have provided in the past and will be required to limit or eliminate some of those services. This could take a number of forms. Smaller districts will simply have to limit the number of cases they accept. To do otherwise would result in caseloads so high so as to render their lawyers' representation ineffective, in violation of state statutes, the state and federal constitutions, and the Louisiana Rules of Professional Responsibility. Placing a limit on the cases accepted by a Public Defender Office will result in waiting lists and leave criminal defendants unrepresented until a defender is available to take their case. This also leaves the State open to legal attack and litigation regarding right to counsel. In some larger districts, the local bar has been called upon to handle cases, pro bono. This will also lead to litigation by attorneys being asked to provide legal services without pay. All of these restriction of services plans could result in the widespread release of those incarcerated on charges for which they do not have attorney pursuant to *State v. Citizen*, 2004-1841, (La.4/1/05), 898 So.2d 325. This has become a public safety issue. We are also concerned the lack of funding for public defense could result in federal litigation and a remedy imposed by the federal courts.

Our office has established an outreach program whereby we actively seek out our partners in the criminal justice system and in state government to inform them of the upcoming crisis and to discuss possible solutions to the situation. We have contacted the Governor's Office, the Louisiana Supreme Court, State Senators and Representatives, District Attorneys, Judges, local government officials, and civic groups in an attempt to avoid this calamity. We will continue to work with all interested parties in finding a solution to protect our clients and our community.

### **Budget Division**

LPDB is in receipt of a Byrne Jag grant from the Louisiana Commission of Law Enforcement (LCLE) in the amount of \$104,579. The original grant period was from April 1, 2014 through

## **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

March 31, 2015; however, since the awarding of the grant, the end date has been modified to end on June, 30, 2015. To date, all grant activities including timely and accurate submission of monthly billing have been completed. Using the LCLE grant we have contracted with an auditor, Ms. Corlis Green, and SSA consultants.

Ms. Green was contracted to assist in reviewing and evaluating district monthly financial reports and local revenue remittances and performing audit field work as needed. She has completed field reviews, reports, and exit interviews with several different districts across the state. When not in the field conducting audits and reviews, she is developing a Financial Management Handbook for use by the district public defender offices.

LPDB has entered into two contracts with SSA Consultants. One contract is to assist LPDB staff to strategically develop its Case Management System (CMS). This system will be used to collect increasingly sophisticated data to improve the quality of defense services for defenders and advocates across all districts. This system will also provide a more effective method of monitoring defense services.

The second contract with SSA Consultants is an agreement to assist the Board in strategically developing the Board's communication and outreach plans.

On Tuesday, March 11, 2014, staff attended the House Committee on Appropriations hearing for HB1 of the 2014 Regular Session. The 2015 executive budget recommendation for LPDB of \$33,821,218 was reviewed with minimal questions posed to the staff.

LPDB received the official Letter of Appropriation from the State's Office of Planning and Budget for FY 15 on July 2, 2014. The total budget for LPDB for FY 15 is \$33,821,218. This compares to the FY 14 final budget of \$33,612,948 as of June 30, 2014. The budget was loaded into the State's financial system on July 15, 2014.

The agency's annual operating budget for FY 2016 was submitted to the State of Louisiana's Office of Planning and Budget on October 15, 2014. The needs-based budget for fiscal year 2016 which begins July 1, 2015 totals \$62,165,241. This request, compared to our current budget of \$34,111,854, represents an 82% increase. Included in the request is an increase to the Louisiana Public Defender Fund in the amount of 23 million (rounded) to the districts and one million (rounded) to increase the Contract Programs expert witness fees and to fund mitigation specialists and expert witnesses in order to conform to the new Capital Performance Standards. Also requested is an increase to the Indigent Parent Representation Program Fund of approximately four million. This program has never been properly funded and we hope to employ social workers for parent attorneys statewide.

In addition to the LCLE grant, we received approval from the Joint Legislative Committee on the Budget on October 17, 2014 to add a Casey Family Grant in the amount of \$17,050, which was used to provide support to parents of children who need legal representation. It allowed the Public Defender Office in the 24<sup>th</sup> Judicial District (Jefferson Parish) to hire one part time Social Worker for 10 weeks and obtain training for their attorneys. The grant period expired December 31, 2014.

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

## **Compliance Division – Trial Level**

The Compliance Division has not had a Trial Level Compliance Officer on staff at any time this year, despite the best efforts of the State Public Defender and staff to identify appropriate candidates. As a result, LPDB's responsibilities for monitoring compliance have been divided between other staff members.

Capital Case Coordinator Jean Faria has actively monitored capital defense around the state. There are currently 79 active capital cases in the state at the trial level, with eight cases currently on the wait-list for representation. Ms. Faria convened a team to draft and vet proposed performance standards for capital defense. The result was a comprehensive set of standards that covered staffing, investigation, trial standards, mitigation, and other aspects of capital defense. Ms. Faria was also instrumental in reforming how the Expert Witness Fund is accessed by defenders and how experts get paid for their work.

LPDB's Director of Legislative Affairs – Juvenile Justice Compliance Officer Dr. Tiffany Simpson led LPDB's effort to draft and adopt a new and more comprehensive site visit protocol. The protocol has been completed and adopted by the Board, and includes a combination of database and reporting review, court observation, file review, employee and stakeholder surveys and input, and interviews with the District Defender and district office staff. This protocol enables LPDB staff to better assess the quality of representation and cost-effectiveness of a district public defender office. In 2014, staff conducted the first four formal compliance site visits, having completed assessments of the 29th (St. Charles), 41st (Orleans), 16th (St. Martin, Iberia, and St. Mary), and 30th (Vernon) districts. Because a number of districts are at risk of going into Restriction of Services (ROS) early in 2015, staff has immediate plans to conduct a number site visits around the states using this protocol.

Deputy Public Defender-Director of Juvenile Defender Services Richard Pittman has been tasked with receiving and investigating client complaints that the Board receives from around the state.

## **Program Development and Resource Management Division (PDRM)**

This division has a broad array of responsibilities falling under the headings of Program Development and Resource (information) Management (PDRM). Per the requirements of Act 307, the Division implemented online or otherwise automated technologies to assist district-level management with reporting on financial, personnel compensation and budget requests, as well as programs and technologies to promote local-level data-driven decision-making. Regarding Resource/Information Management, the Division produced scores of analyses most of which provided insight to financial solvency and changes in local revenues following the Act 578 (of 2012) court fee increases—not always positive changes. Many of these studies also contributed to a deeper and broader understanding of district office capacity for representation. A more detailed compilation of board meeting topics presented by the PDRM division follows.

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

Jan 7 2014

## **Resource Management**

The PDRM Division has been preparing for the statutorily mandated annual reporting season. PDRM staff has been updating the necessary online documents and print-production templates needed for the Annual Report (district narrative, financial, and caseload templates), as well as providing assistance in answering district questions. The Division has organized and reconciled the capital expert witness fund from 2009 to the present with staff having developed a prototype of an accounting system to better track available expert witness funds for the future.

Staff continues to generate numerous ad hoc and workload reports on various topics such as caseloads and finances. Since the last board meeting, PDRM Director Dr. Erik Stilling participated in the Budget Committee meeting, weekly staff meetings, and the DDAC meeting.

## **Program Development**

In an effort to assist districts in cleaning up their cases on the database, the PDRM Division has coordinated a batch autoclose process. Staff has encouraged all districts to update their autodormant cases, as this will provide more accurate year end case reporting. PDRM staff has contacted districts regarding the criteria in which LPDB will autoclose cases. Cases which are currently in auto-dormant status and which have not been touched (last modified) in over 2 years, will be changed to "autoclosed" and the closed date will be the last date the case was modified.

The PDRM Division is in the process of adding enhancements to the database: quantifiable sentencing data, arresting agencies, location of arrest incident, and an alert system to notify attorneys of transferable charges and to alert LPDB staff and district management of juvenile cases closed due to being transferred to adult/criminal jurisdiction.

The Division is in the final stages of development of the addition of the monthly Compensation Report to the database. Staff has been working with JusticeWorks to test the Compensation Report, create a district tutorial, and schedule district webinars. The report should be available for district use in February 2014.

Finally, staff has initiated the heat-maps on the state-level dashboards and moved the system to beta testing.

March 10, 2014

The PDRM staff produced the annual report to the Joint Legislative Committee on Budget which was submitted before deadline and subsequently published on the LPDB.LA.GOV website. The Division also completed analyses on the district by district costs of handling cases arising from correctional or detention facilities. The division produced an analysis and corresponding map of

## **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

capital case capacity within each district overlain with a map of the average annual number of new capital cases expected to arise within each district to establish the vulnerability of each district in the event of program budget cuts. The PDRM staff developed analyses and charts for an upcoming Louisiana Campaign for Equal Justice (LCEJ) presentation at the Louisiana Bar Association's Criminal Justice System Funding Summit. The Division also produced analyses and heat maps on the districts' changes in revenue pre-and post-Act 578 and assisted the SPD in a survey of each of the 31 districts reporting less than expected increases in revenue.

May 12 2014

The PDRM Division completed and deployed the district Monthly Compensation Report to the database which makes Louisiana the only state with attorney case activity data directly linked to attorney earnings data. PDRM staff conducted webinar trainings with representatives of all but two districts, tested programs, and wrote tutorials. The online Compensation Report provides a more efficient way for districts to meet their contractual requirement of submitting monthly reports to LPDB on all salaries, wages, professional service contract amounts or other earnings. This report also tracks whether an employee is reported by 1099 or W-2 tax form, if they receive health or retirement benefits, and their employment status (full time, mainly public defense, part time, intermittent). A new "attorney only" section tracks whether the attorney handles mostly adult or juvenile cases, has supervisory duties, and the types of work the attorney primarily performs (CINC, capital, or city court work).

Similarly, the PDRM Division developed and deployed the district pro forma budget documents to the database. PDRM staff tested programs and wrote tutorials. The new online pro forma budget system is very convenient as it retrieves numerous data fields and performs necessary calculations automatically which in years past required many hours of district time researching. This new financial management tool will make budget submission much simpler, and will help districts make well-founded estimates based on comparisons between the previous year's expended amounts and the current year's projected amounts through the new preview report included in this new technology. It will provide comparative percentages of previous and current year's budgets and permit the districts to offer the best estimate of their expenditures for the coming year. Using the preview report function, districts can test different pro forma amounts and preview and edit them before submitting their pro forma budget to LPDB.

The PDRM Division assisted in following-up with districts who were notified regarding unexpectedly low court fee remittances received since the passage of Act 578 which provides for an increase in such fees.

## **Resource Management**

District Attorney Parity Research: In order to gather information regarding amenities received by DAs and expense-sharing practices within districts, the PDRM staff developed and distributed a DA amenities survey to districts. Staff compiled results and created corresponding graphics.

Act 578 Shortfall Study: Staff also created a survey and made follow-up phone calls regarding districts' self-identified reasons for failure of Act 578 revenues to meet the expectations of the statute in their district. In a nutshell, the reasons offered by participating districts with low revenues were *reduced police activity* (for a variety of reasons) and *increased DA diversions*. The report was produced in the form of a heat-map.

Fund Balance Depletion Study: The PDRM Division completed a district Fund Balance Depletion study by creating a document that shows districts' statewide expenditures, revenues and estimated fund balance depletions from calendar year 2010 to 2013.

Statewide Regional Conflict Panel Proposal: The Division developed a rough draft of a regional conflict office plan, with accompanying analysis and heat-map which could potentially save as much as \$1.8M annually.

Training Documents: In collaboration with the Office of Juvenile Trial-level Compliance, PDRM staff produced many analyses and graphics for the August 2014 Board training document "Unequal Justice" as well as numerous graphics and tutorials for the Budget Committee training in July.

Solvency Projections and Year End "Scour" funding: PDRM staff completed district solvency projections, and analyzed the District Assistance Fund FY15 solvency status after adjustment formula, and the DAF FY16 and FY17 adjusted and unadjusted insolvency dates. Staff assisted in determining the available year end disbursement dollar amount.

Department of Corrections cases count study: PDRM staff created a flag on the database to count every new juvenile or criminal case from the past three months that involves an incident (allegedly) caused by a client while in the physical custody of DOC/OJJ, per direction from the Board. Staff created tutorials, as well as an automatic pop-up reminders for users to identify appropriate cases for subsequent analysis. The three-month tracking will end the beginning of September and staff will compile results.

## **Program Development**

Automated District Budget Submission Software: **Cost-savings from this software in the first year was \$10,200** (based on the value of the time saved in labor; for LPDB staff \$2,700 and \$7,500 in the 42 districts). The software provides a self-calculating "scratch pad" for districts to produce pro forma budgets well in advance of the official June budget request deadline. Software will not allow submission of the pro forma budget until fully balanced, but does allow balanced pro forma

## **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

data to be copied directly into the June budget request with great labor savings. Cost of the software development was less than \$3,500. Cost-savings for all subsequent years of software use is estimated to be \$10,200 plus cost of living adjustments (if any).

Time-Keeping Software: The PDRM Division created a mockup software application to improve attorney timekeeping on the database which will be used as a basis for the timekeeping database feature for a proposed time-keeping study for case-weighting.

Fee Data Security Feature: The Division implemented a new database security permission group called “Fee Edit” which carefully controls the ability of users to edit the “fee” tab of a case giving district office management the ability to allow or prohibit users’ access to edit fee data (paid, unpaid, amounts, etc.) resulting in an increase of oversight and accountability.

Nov 13 2014

The PDRM Division successfully uploaded the CY14 Annual Report Survey questionnaires to the web for completion by the districts along with detailed instructions. The upload and subsequent download (data collections and compilation) processes were also tested and succeeded. Many districts have already begun filling out the questionnaire, as recommended by staff.

Staff completed three notable research projects: the DOC-OJJ representation study which determined that the number of cases that Public Defender Offices handle in lieu of Department of Corrections attorneys is negligible; the FY13 District Defender Salary Range Review; and the SCR99 Desirability, Feasibility and Practicality of Fulltime Offices (versus Contract Offices) Analysis. The DOC-OJJ study is complete, the Salary Review is complete including the re-analysis using caseload in lieu of populations; the SCR99 analyses are complete and edits to the narrative underway. The submittal deadline is January 15 2015.

PDRM Division staff produced solvency projections for the year FY16 both with and without bailouts rolling into FY16 from FY15 shortfalls. In collaboration with the Legislative Affairs Director, staff developed, produced, refined and completed analyses and corresponding full-color graphics for all 42 districts’ individual Crossroads Outreach Campaign “one-pagers.”

Staff also worked very closely with Legislative Fiscal Office Analyst Zach Rau to produce statistics and graphics to support his article in the Legislature’s Fiscal Newsletter “Focus on the Fisc” which was very much supportive of LPDB and corroborates the Crossroads Outreach Campaign inferences and predictions.

Finally, working with the Capital Case Coordinator, the PDRM Director took preliminary steps in the case weighting workload study-timesheet project which will entail development of timekeeping compliance among PDO attorneys.

## **Juvenile Division**

The Juvenile Division has been staffed by Deputy Public Defender – Director of Juvenile Defender Services (DPD-DJDS) Richard M. Pittman and Juvenile Justice Compliance Officer (JJCO) Dr. Tiffany Simpson for the entire calendar year 2014. In addition, Dr. Simpson was given the title Director of Legislative Affairs (DLA) in the middle of the year.

DPD-DJDS Pittman and DLA-JJCO Simpson have participated in a number of stakeholder groups during the year, including the Juvenile Justice Act Implementation Commission, the Task Force For the Representation of Children in Child In Need Of Care Cases, the Pelican Center Training Committee, the Children Justice Act Committee, The Court Improvement Project Advisory Committee, the Children’s Code Committee, and the Juvenile Committee of the Sentencing Commission. These organizations have produced a variety of outputs that have benefited defenders, children, and parents, including access to training, bills passed by the legislature and signed into law, and support for grant applications. Specifically these organizations had the following accomplishments:

- were instrumental in passing reform of Title VI of the Children’s Code to improve access to counsel for children and parents in Child In Need of Care cases,
- presented day-long training for CINC attorneys and stakeholders through the National Association of Counsel for Children (NACC),
- monitored and held accountable the Office of Juvenile Justice in its struggles to support reform of juvenile justice,
- promoted training on human trafficking,
- promoted best practices for forensic interviewing of alleged child abuse victims,
- supported LPDB in obtaining funding for social worker support for public defenders in Jefferson Parish,
- financially supported nearly a dozen public defenders in seeking certification as a child welfare specialist from NACC, and
- formally recommended to the legislature that they adopt a law that cloaks social workers in the indigent defense system in the attorney-client privilege.

In addition to these state-level stakeholder organizations, Mr. Pittman and Dr. Simpson have been involved in the leadership of national organizations. Mr. Pittman serves on the Advisory Committee of the Southern Juvenile Defender Center, which is looking to hold its annual Summit in New Orleans in 2015. He also serves as co-chair of the Juvenile Committee of the National Association for Public Defense and is on the Steering Committee of the same organization. The Juvenile Division has also re-organized the Juvenile Defender Advisory Council which held two meetings in 2014.

The Juvenile Division organized its annual Juvenile Defender Training (JDT) on May 14-16, 2014. Trainees attended sessions on Interviewing & Counseling the Youth Client, Juvenile Adjudicative

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

Competency, Defending Drug Cases, Storytelling as Advocacy, Advanced Child Welfare Parents Representation, Keeping Children Connected to Their Parents and Biological Families, Communicating with Clients with Intellectual Disabilities, and Client Centered Representation. A total of sixty-four (64) defenders attended these trainings. The Juvenile Division is currently busily planning next year's Juvenile Defender Training event, which will occur on January 27-29, 2015.

In addition to the annual JDT event, the Juvenile Division has organized three regionalized basic trainings in juvenile defense. These trainings were presented in Lafayette, Natchitoches, and Laplace using a combination of LPDB staff and experienced local practitioners as trainers to cover juvenile delinquency procedure, attorney ethics, and juvenile delinquency substantive law. These events were intended to provide basic training to new or infrequent juvenile defenders and to promote regional leadership in the field. A total of 28 defenders trained at these events.

DPD-DJDS Pittman became certified in the National Juvenile Defender Center's comprehensive training protocol, known as Juvenile Training Immersion Program (JTIP), a 40-course curriculum of juvenile delinquency defense training for beginning and experienced defenders alike by attending 3-day, invitation-only program in Chicago, Illinois, in July of 2014. Louisiana has four certified JTIP trainers, and JTIP trainings have been a part of the most recent JDT as well as the regional training program. DPD-DJDS Pittman also attended the annual National Juvenile Defender Center Summit in Louisville, Kentucky, in October of 2014 and the Southern Juvenile Defender Center Summit in Tupelo, Mississippi, in June of 2014. On June 11, 2014, Mr. Pittman addressed a group of foster children from the New Orleans area about avoiding the dangers of human trafficking.

The Juvenile Division has observed juvenile court proceedings in many districts around the state this year, including the 41st (Orleans), 32nd (Terrebonne), 12th (Avoyelles), 18th (Pointe Coupee, W. Baton Rouge, Iberville), 25th (Plaquemines), 23rd (Ascension, Assumption, St. James), and the 9th (Rapides). The Juvenile Division has also observed court in other jurisdictions as part of LPDB's formal Compliance site visit protocol, detailed in the Compliance Section of this report. The Juvenile Division has also maintained a list serve hosted by the National Juvenile Defender Center, which has served as an important vehicle for the Division to communicate with the field and for attorneys in the field to seek support or assistance from their peers. In the calendar year 2014, there were more than 330 messages posted to the list serve.

Last but not least, Mr. Pittman sat for the Louisiana Bar Exam in February of 2014 and was informed that he passed and was admitted to the bar in April of 2014. He had previously been licensed in the State of Alabama and practiced law there.

## **Training Division**

2014 was a transitional year for the Training Division. The Division has attempted to move to a model of more accessible and practical training for public defenders throughout the State of Louisiana.

## **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

During the week of January 12-17, 2014, the staff held an intensive six-day training for new public defenders through the Defender Training Institute. We invited thirty attendees as students before nationally recognized instructors to provide client-centered, high quality skills training. Over this period, attendees were instructed in criminal investigation, theory and theme building, voir dire, opening statements, plea negotiations, cross-examination, direct examination, trial tactics, impeachment, and closing arguments. These are just the basic skills presented. The attendees were also trained to see how all of these areas are connected and how to provide a defense that includes all aspects of the training to provide a client-centered defense.

On March 13-14, 2014, Defender Leadership Training included over 50 leaders of indigent defense in Louisiana. Instructors from New York and Florida were invited to help District Defenders expand funding sources and provide hone their leadership skills.

The Training Division contributed to the Train the Trainers program organized by Judge Wicker of the 29<sup>th</sup> Judicial District. Our training presentation on La.C.Cr.P. 890.1 will be the model presentation for Judges, District Attorneys, and defense lawyers.

### May 14 – 16, 2014

The Training Division conducted the annual Juvenile Defender Training in May 2014 in Baton Rouge, Louisiana. Sixty-four (64) juvenile defenders took part in the three-day training that provided separate sessions for attorneys representing children in delinquency cases and attorneys representing parents in Child in Need of Care (CINC) cases. Trainers conducted sessions on Interviewing & Counseling the Juvenile Client, Challenging Juvenile Adjudicative Competence, Defending Drug Cases, Storytelling, Strategies for Keeping Families Together, Communicating With Clients With Intellectual Disability, and Client-Centeredness.

### August 29, 2014, November 13, 2014 and December 11, 2014

The Division planned and conducted small-scale regional trainings for new or infrequent juvenile defenders, with sessions on juvenile delinquency procedure, the role of the juvenile defender, and substantive legal differences between juvenile delinquency and adult criminal law. Sessions were held in Lafayette, Natchitoches, and Laplace, with a combination of local peers and LPDB personnel as faculty. Twenty-eight (28) defenders attended these sessions.

The annual Defender Training Institute was held September 6-11, 2014 in Woodworth, Louisiana with over 30 participants. The curriculum was modified to reflect an emphasis on Louisiana specific practice while teaching the highest national standards. The choice of a new location was a financial savings and contributed to building a sense of community. We look forward to return visits to Woodworth as a more central location to encourage participation from districts across the state. We were fortunate to receive some recognition in an article on the National Association of Public Defenders website lauding the location and our commitment to creating a community of Louisiana public defenders. (For your reference, you may visit it here: <http://publicdefenders.us/?q=node%2F602> ).

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

The annual Capital Defense Training seminar was held October 22-24, 2014 in New Orleans, Louisiana. More than 75 enrolled in the program with several teams bringing an actual case for brainstorming. Our desire this year was to demonstrate how to translate abstract concepts into actual courtroom presentations for effective capital defense. We emphasized several areas of law and the importance of mitigation. We have many ideas for future capital trainings to make this seminar an even greater direct assistance to practitioners in the field.

## December 3 – 4, 2014

The Division procured funding and arranged faculty for training for defenders on using the team model of representation in Child in Need of Care cases. Nationally recognized trainers conducted 1½ days of training on December 3 - 4, 2014 in New Orleans, Louisiana on incorporating social workers into the CINC practice. Twenty-one (21) defenders attended this training.

## December 12, 2014

The Legislative Update was held in December 2014, in Baton Rouge, Louisiana providing 14 defenders with an update of all bills passed in 2014 that affect criminal law and procedure.

The Director of Training and the Administrative Program Specialist engaged in ongoing efforts to develop and implement LPDB's 5-year Strategic Plan and continue building a library of LPDB training materials.

## **Capital Division<sup>1</sup>**

### January 7, 2014

As of January 2, 2014 there are 93 open capital trial level cases: Thirty-seven are pre-indictment and 56 are post-indictment. Fifty-nine of the 93 cases are staffed according to the Louisiana Capital Defense Guidelines. There are six capital appeals, two non-capital appeals, three capital pre-trial consultation cases; three conflict capital post-conviction cases; one capital motion for new trial being handled by Capital Appeals Project. There are 41 capital post-conviction cases being handled directly by the not-for-profit Capital Post-Conviction Project of Louisiana. CPCPL contracts with outside counsel for case conflicts and work load overload and currently has 16 contracts for state capital post-conviction cases.

Staff discussed a needed change to the Protocol for Management of the Capital Expert Witness Fund (See attached p. 5 § 6.2.) Staff proposes that the language be changed from "annual maximum amount" to "monthly maximum amount". The change would limit staff to approving

<sup>1</sup> The information regarding the Capital Division is comprised of a compilation of Division's dated reports to the State Public Defender.

## STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

expert witness requests on a monthly basis, up to the amount of the monthly disbursement of Expert Witness Fund which is normally \$50,000 per month.

The Office of Contractual Review has approved the contract redirecting the capital funds from the Capital Defense Project of Southeast Louisiana<sup>2</sup> and the Capital Assistance Project of Louisiana<sup>3</sup> in the amounts of \$331,000 and \$100,000, respectively to the Expert Witness Fund. As of January 2, 2014 there are \$383,789.24 in pending requests for approval for expert witness services.

In relation to the Expert Witness Fund, a subpoena duces tecum was served on the Capital Case Coordinator in the *State v. Brian Smith* case; Docket Nos. 2012-CR-303; 2012-CR-313 and 2012-CR-366 in the 40<sup>th</sup> Judicial District (St. John the Baptist Parish), requesting all documents regarding expert witness applications, requests for approvals, billing, invoicing and payments made by LPDB to the Louisiana Capital Assistance Center (LCAC) for legal services in *State v. Brian Smith* “or other capital cases between August 16, 2012 and the present date.” The subpoena is dated December 30, 2013, is signed by Judge Sterling Snowdy and is returnable January 9, 2014 at 10:00 a.m. The Division is currently seeking *pro bono* counsel to file a Motion to Quash the subpoena and to appear and argue the Motion.

The Capital Case Coordinator was advised by trial counsel in *State v. Wilbert Thibodeaux*, Docket No.: 2013-190149, 16<sup>th</sup> JDC that the Court will be issuing subpoenas to the State Public Defender and the Capital Case Coordinator in the above captioned matter for testimony on January 9, 2014.

Seventy-six capital defenders attended the LPDB Capital Defender Training held in New Orleans from October 23-25, 2013. The evaluations regarding faculty, the plenaries and the break outs were excellent. The major complaint was that the facility was too cold.

In November the Capital Certification Advisory Group reviewed 10 new applications for certification. Two applicants were denied certification. One applicant was approved as Trial Lead Counsel, five applicants were certified as Trial Associate Counsel; two were certified as Appellate Associate Counsel; and, three were certified as Post-Conviction Associate Counsel. The Application for Recertification has been designed and will be sent to capital counsel previously certified this week as the Louisiana Capital Defense Guidelines require receipt of the applications for recertification by January 31. Additionally, one provisionally certified Trial Associate Counsel completed the necessary training and became fully certified in December.

Staff, working with the Capital Working Group, created a Capital Assessment tool to be used to evaluate the district offices’ and contract programs’ compliance with LPDB Capital Defense Guidelines, protocols, rules and procedures. The first program evaluation was conducted on site December 17-20, 2013, by John Holdridge and the Capital Case Coordinator in Shreveport to

assess the Capital Assistance Project of Louisiana. Two days were spent reviewing files, file management, interviewing staff members, reviewing time sheets, office financial information and office practices. Additional information is being requested from the program and once received and evaluated, the Assessment will be sent to CAPOLA's Executive Director for comment and response.

Two versions of the Capital Performance Standards (CPS) have been sent to select members of the Capital Working Group for their evaluation and input. The versions are very different and input from the capital litigators on the Board is welcome. If you did not receive copies of the draft CPSs and would like to review them, please let the Capital Case Coordinator know. The Louisiana Legislative Auditors report criticized the agency for not having promulgated the CPS. This is a priority for the Capital Case Coordinator as the CPS provide an objective basis for measuring capital defenders' performance.

Considerable work has been done on the capital wing of defenderData our case management system (CMS). Working with the ITM Division several changes have been made which allow staff to better monitor the cases in the field.

March 10, 2014

Currently, Christopher Sepulvado has a reprieve from the United States District Court in the Middle District of Louisiana. He was under a warrant of execution scheduled for February 13, 2014, when Judge James Brady issued a temporary restraining order putting off the execution 90 days, to no earlier than May 4, 2014. There is an April 7 trial date on the preliminary injunction testing the constitutionality of the state's execution protocol.

There are 98 appointed capital cases at the trial court level where the death penalty has not been withdrawn. This number includes pre-indictment, post-indictment and motion for new trial cases.

### **Performance Standards**

Using the Louisiana Legislative Auditor's Report on the Capital Division as a springboard, the Capital Working Group (CWG), Chaired by Ms. Rebecca Hudsmith, met after the last Board meeting. The CWG was presented with two draft versions of the Capital Performance Standards. After considerable discussion it was decided that the authors of the two versions would work together to combine portions of each set of standards. The completed document was circulated last week to the CWG which voted to present the Capital Performance Standards contained in the materials to the full Board for adoption. Should the Board move to adopt the Performance Standards, subsequently, they will be vetted to various members of the criminal justice system, absent significant changes, the standards will be submitted for promulgation.

### **Capital State Plan**

All of the District Capital Plans were redrafted and/or conformed to the original template sent out to the districts in 2011. The plans have been updated to reflect indigent capital defense demand statistics for the preceding five years, collecting the following pertinent data: the average number

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

of capital arrests per year; the average number of capital indictments per year; the average number of capital trials per year and the average number of death sentences per year. The districts were also asked to report the current trial level indigent capital cases in the district based on whether the cases were pre or post-indictment along with the total number of non-conflict cases, conflict cases and overflow cases. Nearly half of the district plans have been submitted, we are awaiting the district plans from 22 districts which either did not respond or did not respond properly.

## **Program Assessments**

As part of the ongoing Capital Assistance Project of Louisiana (CAPOLA)<sup>4</sup> Assessment, staff has conducted in-depth post-verdict file reviews of two cases in which the death penalty was returned. The files were located off-site in the offices of Capital Appeals Project (CAP)<sup>5</sup> and Louisiana Capital Assistance Center in New Orleans. The file reviews took several days in January and February to go through each file and document their contents and organization. The Assessment, with its numerous attachments, is nearly complete. When finished the document will be sent to Mr. Goorley and the CWG for review and comment.

## **Certification and Re-Certification**

Pursuant to the Louisiana Capital Guidelines an Application for Re-Certification was created. January 31, 2014 was the deadline for receipt of the Applications for Re-Certification in currently held roles. Those attorneys seeking to be approved for a different role, e.g., from trial associate counsel to trial lead counsel, had to apply for certification in the new role. Nine attorneys are applying for Certification and 115 are applying for re-certification. The list of all applicants' names will be submitted to the Office of Disciplinary Counsel and all applications materials will be made available to the Capital Certification Advisory Committee (CCAC) which consists of James Boren, John Di Giulio, Rebecca Hudsmith, John Landis, Tom Lorenzi, John Reed, Herschel Richard, and Rick Schroeder. John Holdridge, with whom LPDB contracts for his expertise and assistance in the Capital Division, staffs this committee along with the capital case coordinator.

As during the last certification process, CCAC members will be paired and assigned equal numbers of applications to review in-depth and the entire committee will vet all of the applicants over the course of several weekend teleconferences. It takes a tremendous amount of work to go through this process and division staff is extremely grateful for the dedication and hard work the committee members donate to this important process. John Holdridge, with whom LPDB contracts for his expertise and assistance in the Capital Division, staffs this committee along with the capital case coordinator.

Pursuant to its contract, CAPOLA delivers capital trial representation to Caddo (1<sup>st</sup> JD); Winn (8<sup>th</sup> JD); LaSalle (28<sup>th</sup> JD); Grant (35<sup>th</sup> JD); Red River (39<sup>th</sup> JD) and in other parishes statewide as needed.

<sup>5</sup> In addition to covering all of the capital appeals, pursuant to its contract CAP provides resource services, motion for new trial practice, and representation in post-conviction capital cases where there is a conflict with Capital Post- Conviction Center of Louisiana (CPCPL). CAP's Executive Director is Ms. Sarah Ottinger. Their offices are located in New Orleans.

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

## **Division Staff Changes**

Since the January 7, 2014 Board meeting the Division's Administrative Coordinator, Michele Burbank, moved to Lafayette and recently obtained a new position with a significant pay raise. We wish her well, but will miss her hard work and good humor. The Administrative Coordinator position, shared with the Juvenile Division is being advertised and we hope to have it filled very soon. Currently, Tierre Hazlewood, who is currently doing our timekeeping and payroll is ably assisting the capital case coordinator.

## **Litigation**

As most of the case specific litigation is based on the lack of Expert Witness Funding, the capital case coordinator has been working with the State Public Defender to cover all of the subpoenas and court orders to appear. Since the last Board meeting either the Public Defender of the Capital Case Coordinator has testified in *State v. Brian Smith*, *State v. Wilbert Thibodeaux*, *State v. Lee Turner*, *State v. Brian Horn*. We are currently under subpoena in *State v. Landon Broussard* for March 3, 2014 in Lafayette. A ruling is expected in *Edge v. LPDB* in April.

Updates and specifics regarding the pending litigation will be discussed in Executive Session.

## **May 12, 2014**

There are 83 open appointed capital cases at the trial court level where the death penalty has not been withdrawn. This number includes pre-indictment, post-indictment and motion for new trial cases. Currently there are eleven (11) capital cases set for trial through the end of 2014 and five capital cases set for trial in 2015.

We currently have two cases on a waiting list for counsel: *State v. Jerrard Major*, Docket Number: M-30918, 17<sup>th</sup> Judicial District, Parish of Lafourche; and *State v. Kinoski Wilson*, Docket Number: 22<sup>nd</sup> Judicial District, Parish of St. Tammany.

## **Performance Standards**

All comments received during the comment period were compiled and integrated into the draft Capital Performance Standards, previously approved by the Board. The Capital Working Group comprised of Chair Rebecca Hudsmith, Leo Hamilton, Bob Lancaster, Herb Larson, Tom Lorenzi reviewed the revised draft and recommend them to the full Board for approval.

## **Compliance with Reporting Requirements**

While most districts and programs fully comply with monthly trial and financial reporting requirements, timely filing of monthly Capital Trial Report Forms continues to be a problem for some. Because this is a chronic problem which has required staff to chase after the data, staff has chosen to simply report to the Board those districts which are non-compliant.

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

The following Districts and Programs failed to file their Capital Trial Report Forms by the 5<sup>th</sup> of the month or at all. Districts which failed to file in April and/or May are: the 2<sup>nd</sup> (Bienville, Claiborne, Jackson); the 5<sup>th</sup> Franklin, Richland, West Carroll) the 6<sup>th</sup>, (East Carroll, Madison, Tensas); the 8<sup>th</sup>, (Winn); and, the 21<sup>st</sup> (Livingston, St. Helena, Tangipahoa); the 22<sup>nd</sup> (St. Tammany, Washington); the 32<sup>nd</sup> (Terrebonne); the 33<sup>rd</sup> (Allen), the 34<sup>th</sup> (St. Bernard) and the 36<sup>th</sup> (Beauregard). Failure to report is the absence of data, not the presence of accurate data, especially in districts without capital filings. Where there are no capital cases, the reporting form requires entering the district, parish(es), month, year and the word “NONE”, and the name of the person preparing the form.

Those districts reporting late in April are: the 9<sup>th</sup> (Rapides reporting 4/9/14); the 15<sup>th</sup> (Lafayette, Acadia, Vermillion reporting 4/23/14) and the 18<sup>th</sup> (West Baton Rouge, Iberville, Pointe Coupee, Iberville and Pointe Coupee reports were received 4/24/14). Late reporting affects staff’s ability to assign counsel and resources.

## **Capital Time Sheet and Guide**

As part of your materials you will see the new District Capital Time Sheet and Guide. This was one of the recommendations from the Louisiana Legislative Auditor’s Report which now has been created. The time sheet was developed with a great deal of input from John Holdridge and the capital program directors which all have timekeeping systems. The database will be modified in the future to collect this information.

## **Program Assessments**

The Capital Assistance Project of Louisiana (CAPOLA) Assessment and Attachments were vetted to the Capital Working Group. The final product was sent via E-mail and U. S. Mail on April 22, 2014 to each member of CAPOLA’s Board of Directors. The Board was given ten days to respond to the Assessments findings, conclusions and recommendations. The response was due May 2, 2014. The Capital Appeals Project<sup>6</sup> (CAP) will be preparing the Motion for New Trial in Mr. Horn’s case. Mr. Horn’s file will be reviewed once it is in CAP’s possession.

One of the CAPOLA Board members has asked to meet with the State Public Defender, the Capital Case Coordinator for further information. The Capital Case Coordinator discussed the matter with the Chair of the Capital Working Group, Ms. Hudsmith, who agreed that Mr. Holdridge should attend the meeting as he was involved in the site assessment. We are currently working on a date in May for the meeting.

## **Certification and Re-Certification**

The Office of Disciplinary Counsel has responded to our inquiry about each of the eligible applicants for Re-Certification and for Certification. Applicants’ MCLE transcripts have been

## **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

reviewed for compliance with the Capital Defense Guidelines. January 31, 2014 was the deadline for receipt of the Applications for Re-Certification in currently held roles. Those attorneys seeking to be approved for a different role, e.g., from trial associate counsel to trial lead counsel, had to apply for certification in the new role. Nine attorneys applied for Certification and 117 applied for re-certification. A significant number of applicants submitted incomplete forms, the wrong forms or the incorrect Certificate of Good Standing, requiring notification to the applicant and waiting on the returned documents. As a result we delayed the start of the review process. A number of applicants did not respond to the notification of deficiencies and we have elected to proceed without including them in the process. Due to uncorrected deficiencies the number of applicants eligible for Re-Certification and Certification has dropped.

We will complete scanning the applications to upload by 16<sup>th</sup> of May and present the uploaded applications materials to the Capital Certification Advisory Committee (CCAC) which consists of James Boren, John Di Giulio, Rebecca Hudsmith, John Landis, Tom Lorenzi, John Reed, Herschel Richard, and Rick Schroeder. John Holdridge, with whom LPDB contracts for his expertise and assistance in the Capital Division, staffs this committee along with the capital case coordinator.

As during the last certification process, CCAC members will be paired and assigned equal numbers of applications to review in-depth and the entire committee will vet all of the applicants over the course of several weekend teleconferences. It takes a tremendous amount of work to go through this process and division staff is extremely grateful for the dedication and hard work the committee members donate to this important process

The Capital Division will revise the certain portions of the applications and the Guides to each type of application to address the root cause of the deficiencies.

### **Contracts**

In the absence of General Counsel, the capital case coordinator has reviewed and revised all of the capital and non-capital contracts for FY 2015. All contracts to the non-profits, except CAPOLA, were sent to the programs at the end of last month. The contract for John Holdridge was completed this week.

### **Litigation and the Expert Witness Fund**

As most of the case specific litigation is based on the lack of Expert Witness Funding, the capital case coordinator has been working with the State Public Defender to cover all of the subpoenas and court orders to appear. The First Circuit Court of Appeal ruled in LPDB's favor in *State v. Wilbert Thibodeaux* finding that the district court judge could not order the Board to pay a lump sum of money to the district defender in the 16<sup>th</sup> Judicial District for expert witness services which had not been rendered. A ruling is expected in *Edge v. LPDB*, in May.

The funding hearing set for May 2, 2014 in *State v. Matthew Flugence*, in Gretna has been continued without date. Our counsel in *State v. Vincent*, in Lake Charles has filed a Motion to Quash the subpoenas duces tecum issued to the State Public Defender and Natasha Carter, the

## STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Budget Officer. After a successful teleconference the *Vincent* hearing was canceled. The capital case coordinator is still expected to testify June 26, 2014 in *State v. Melvin Maxie*, in Sabine.

Updates and specifics regarding the pending litigation will be discussed in Executive Session.

We continue to closely monitor the Expert Witness Fund. \$61,558.52 is available for the remainder of FY 14. Under the new protocols, expert witness applications received in May, are authorized to begin work in June. Once a Request for Expert Funds is approved, the funds are earmarked for that case, to be paid for from that month's allotment.

To date for FY 14 the EWF has paid \$164,480 for mitigation specialists. Based on the Board's vote to pursue the September 2013 proposal to hire two mitigation specialists who would be housed in the programs to provide mitigation services outside the 501(c)3s.

November 13, 2014

At the time of this writing, staff is unable to provide accurate numbers at the trial court level as three of the large offices with large capital numbers have failed to timely and/or completely file their Capital Case Trial Reports. Understanding that these numbers will change, there are 94 of capital cases at the trial court level as of November 6, 2014.

Currently there are four cases on the capital trial waiting list.

### **Second CAPOLA Assessment**

The second CAPOLA Assessment has been sent to you for your review. The Capital Working Group, chaired by Rebecca Hudsmith, along with members Bob Lancaster, Herb Larson, Tom Lorenzi, and Leo Hamilton will make their recommendation to the Board based on the vote taken November 5, 2014.

At this writing, CAPOLA currently has three cases: *State v. Kenneth Willis* before Judge O'Callahan in Caddo Parish, *State v. Stacey Blount-Juneau* and *State v. Robert Barthelemy* before Judge Beasley in Sabine Parish. There is a fourth case, *State v. Tarika Wilson* before Judge Dorroh in Caddo Parish. However, she relieved CAPOLA as counsel of record and appointed Elton Richey and Jay Florence in their individual capacities, without CAPOLA support or resources. Mr. Richey subsequently moved to withdraw from both the Willis and Wilson matters. Those motions were granted. Mr. Florence was assigned to all four cases as trial associate counsel.

Staff appointed Mr. Robert Noel to enroll as trial lead counsel in Mr. Willis' case and anticipate a contract for legal services with him. He has asked that Mr. Florence stay on that case as trial associate counsel. Staff will request a legal contract for services with Mr. Florence to continue representing Mr. Willis.

As to Ms. Wilson's case, Staff asked Mr. Ross Owen to enroll as trial lead counsel. Mr. Florence has asked to stay on this case. LPDB anticipates contracts for legal services with each attorney.

# **STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)**

Additionally, LPDB will provide funding for core team members selected by counsel and properly applied for through the Expert Witness Fund on all cases previously handled by CAPOLA.

CAPOLA has taken the position that their reserve fund balance of over \$600,000 is “already earned” and they will not use the funds to defray the cost of representing the capital defendants whom LPDB previously has appointed them to represent. CAPOLA seeks to keep the reserve fund balance comprised solely of state funding and filed *Citizen* litigation seeking additional compensation from July 1, 2014 through the present for representing LPDB clients.

LPDB filed a Petition for Declaratory Judgment, and Injunctive Relief and Petition for Accounting on the state contract, in the Nineteenth Judicial District.

## **Expert Witness Fund Update**

Currently, properly documented and reasoned requests for expert funds which are granted authorize experts to begin their work in January 2015. Based on comments from capital trial lawyers and several judges, the Capital Working Group has made a recommendation that the internal operating procedure regarding administration of the expert witness fund be amended. The amendment would allow core team members, namely mitigation specialists and investigators, begin work immediately to preserve evidence and work with the client during the critical time after arrest. While they may begin work immediately, they will not be paid until the funding is available. This change in the protocol will be presented to the Board for approval.

Currently \$525,526.82 is encumbered; \$62,202.96 has been released and returned to the fund due to staleness; \$152,835.01 is the remaining balance available through June 30, 2015. A properly documented request for approval for an expert witness approved today, has the start date of March, 2015 to begin working.

## **State Capital Plan**

Working with the Louisiana Capital Assistance Project and their new fellow, Sophia Harris, we are reviewing capital charging and indictment trends over the last five years to develop the state capital plan, required by statute. With Ms. Harris’ help we are calculating the number of arrests, those that lead to capital indictments, the length of time between arrest and charging, the life of the case at the trial court level and outcomes.

We have updated all of the district capital plans and are beginning to sift through the data to determine how best to cover the location and number of cases in the system.

## **Weighted Case Load Study**

The Capital Division held the first organizational meeting with three district defenders to organize the work plan for the pilot time keeping/case weighting study required by our enabling legislation.

## STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Staff has requested assistance from the American Bar Association and is awaiting their decision. Several Executive Staff members are involved in the study. The participating jurisdictions are Orleans, East Baton Rouge and Natchitoches Parishes. We would like to have one multi-district parish volunteer, however none has come forward. Once the cases are broken down into various classes or types of case, DefenderData time keeping will be used, with events tied to our trial court performance standards. Time will be kept uniformly over a 26 week period. During that time an independent accounting firm will be commissioned to provide data analysis.

The second portion of the study will involve a blue ribbon panel which will select 10 stellar defenders and 10 stellar private criminal lawyers who will decide how much time each task should take for each case type, for lawyers, and at a minimum investigators. That data will be used to determine how much time should be spent on the actual caseload of each office, which in turn will determine the number of staff needed to properly handle the cases in each participating office.

For those Board members interested in the methodology you may access the seminal document at the following link:

### **Special Projects Division**

The Special Projects Division worked on a variety of projects in to promote LPDB's mission and meet statutory mandates. The division produced and disseminated the LPDB e-newsletter to over 900 subscribers. Also, it was responsible for updating the website with relevant announcements, employment opportunities, and local, state and national public defense information. Special Projects assisted with the final publication of the *Trial Court Performance Standards* for CINC and Delinquency and the *Capital Defense Guidelines*, printed a training brochure for job fairs and recruitment, worked with the Juvenile Compliance Officer on a guide for parents and clients in Child in Need of Care/Termination of Parental Rights Cases, began a compilation of policies passed by LPDB, drafted and compiled material for the State Public Defender's legislative outreach project, drafted media submissions relating to death row exoneration and completed an Angola 5 Fact sheet as a distributable resource.

Special Projects monitored the 2013 and 2014 LCLE grants from financial reports and site visits and assisted with the compilation of information needed for the Financial Management Guide. In April, 2014, the division completed the reporting for the 2013 LCLE grant and prepared contracts and other materials for the continuation of the April 1, 2014 grant specific to the development of the Case Management System (CMS).

In collaboration with the ITM Division, Special Projects collected information from the Sex Offender Assessment Panel (SOAP) Contract attorneys in LPDB's effort to improve the SOAP

online invoicing tool. Use of the electronic invoice submittal resulted in more prompt billing submittal and payments.

The Special Projects Division also worked extensively with the Juvenile and Training Division in the development of the Juvenile Defender Training and supported the training development/implementation for the Defender Leadership Training.

Special Projects developed a Community Oriented Defender (COD) Toolkit, conducted expenditure research for the Joint Legislative Committee on the Budget Report, , participated in the review of legislation prior to the 2014 legislative session, maintained records and tax filing status of the Louisiana Justice Coalition and served as the LPDB liaison to the Office of Student Financial Assistance in the promotion of the John R. Justice Loan Repayment Program for public defenders.

## **DISTRICT REPORTS DATA COLLECTION METHODOLOGY (CY14)**

The following district reports cover each individual Judicial District Public Defenders' Office regarding several factors: basic office information, district structures, caseload information and budget information. This information is reported to LPDB by the District Defenders to the best of their knowledge and belief at the time of the submission. Preceding each district's report is an executive summary produced by LPDB staff using the self-reported information from each district as well as LPDB analytics, including information regarding solvency projections, Pre- and Post-Act 578 revenues changes, caseload changes and statewide comparisons and legal representation improvements. It should be noted that staffing information in the summaries represents a "snapshot" of data collected near year's end (November-December), and as such could be different in any given month, as staff headcounts can change unexpectedly. Also, in some limited instances, LPDB staff did change the self-reported information from the district to reflect the most current Census information. Aside from changes in Census data, the district report executive summaries represent each district's self-reports on their caseload and fiscal activity and on their local procedures and environments.

The first part of each district's report is a narrative which lists basic contact information, including emergency contact information; descriptions of the structure of the local office and the local criminal justice system, including key figures in the local system; the staffing and supervisory structure of the local office; contact information for the assistant public defenders; and an inventory of the office's present hardware and software. These data are self-reported by the districts through the web-based annual survey questionnaire distributed to each District Defender near year's end, with the exception of the district's total population and juvenile population data (by parish) which were provided respectively by the U.S. Census Bureau and the Annie E. Casey Foundation.

The second part is a report of the district's public defender aggregated new and pending (from prior years) caseloads and outcomes of cases closed in CY 2014. These data are also self-reported by the district offices, gathered through each district's data entry in the case management system. The data are collected throughout the year by each attorney or the attorney's designee through entry to the LPDB online database. It should be noted that in CY 2011, the LPDB purchased a new case management system and deployed it in June, 2011. Data preceding June 2011 was converted and migrated into the new database from the old database also in June 2011. Data is reported on new cases, closed cases, cases from prior years which are still pending, and the total of new and pending cases. Some cases listed as pending have been open for several years yet have been periodically reviewed by the districts to ensure these are truly still open cases, noting that complex cases such as juvenile, felony, capital and life without parole (LWOP) cases may indeed remain open even after several years. Additionally, data is reported on the disposition of charges in very broad categories for presentation purposes, with labels such as Guilty as Charged, Dismissed, and Plea to Lesser Charge, for example, each of which include numerous outcomes similar to these broad labels. Nonetheless, the disposition data reported do give an impression of the outcomes of cases and charges. It should also be noted that given the February 1, 2015 deadline

## **DISTRICT REPORTS DATA COLLECTION METHODOLOGY (CY14)**

for submission of this Calendar Year 2014 annual report, case closings and pending cases may not be completely up-to-date, particularly cases handled very near the end of the calendar year because the time-lag between case activity at year's end and case data entry which may have precluded this very latest activity from being entered in time for this February 1 report.

The third part of these district reports addresses revenues and expenditures. State revenues are distributed by the Louisiana Public Defender Board to the individual district public defender offices (PDOs) on a fiscal-year basis. In an effort to report the amount of state revenue received by a district in a meaningful way on a calendar year-basis, the state revenue portion of the financial summaries that follow were computed by adding all of the District Assistance and Indigent Parent Representation Funds distributed during the second half of FY 13-14 (plus all other funds disbursed between January and June, 2014) and all of the District Assistance Fund and Indigent Parent Representation Fund distributed during the first half of FY 14-15 (July through December 2014). These calendar year totals are labelled "Available for use in CY14." All other information contained in the financial summaries that follow was taken from unaudited financial statements, which were submitted through the online case management system to the Louisiana Public Defender Board by the individual Public Defender Offices (PDOs) on a monthly basis during the preceding calendar year. These monthly financial reports are now reported online (since August 2012), and all prior monthly reports since 2008 were converted and migrated into the database.

# 1ST JUDICIAL DISTRICT

During calendar year 2014, the 1st Judicial District Public Defenders Office handled 18,016 cases. The office received \$3,293,031 in total revenues to handle these cases, approximately 48% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few months since FY13, the 1st has generally failed to realize the 25% increase in local funds (blue dotted line, below) that was expected to materialize as a result of Act 578 (2012).

The 1st Judicial District office exhausted its fund balance in 2013. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

District Defender  
400 Travis Street, Suite 2000  
Shreveport, LA 71101  
318-221-2220

---

In the 1st Judicial District, public defense attorneys make an average annual salary of \$58,465 while maintaining caseloads almost twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client outcomes have significantly improved over the last five years.

---

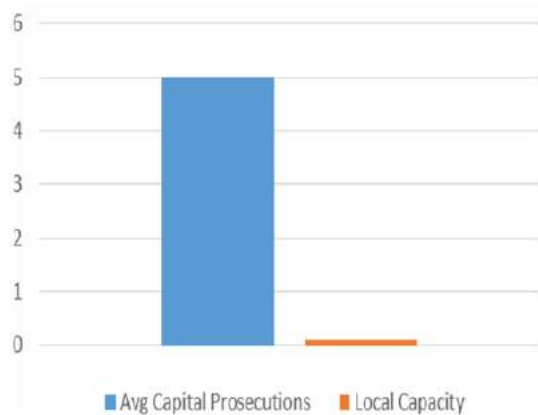

## CAPITAL REPRESENTATION

---

Since 2009, the 1st Judicial District has averaged 5 new capital prosecutions each year.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 1st Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

DISTRICT DEFENDER: J. CLAY CARROLL  
525 EAST COURT AVENUE  
JONESBORO, LA 71251-0471  
(318) 259-4184

## 2ND JUDICIAL DISTRICT

During calendar year 2014, the 2nd Judicial District Public Defenders Office handled 1,043 cases. The office received \$429,349 in total revenues to handle these cases, approximately 57% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 2nd has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 2nd Judicial District office had very nearly exhausted its fund balance by June 2014. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

J. Clay Carroll  
District Defender  
525 East Court Avenue  
Jonesboro, LA 71251  
318-259-4184

In the 2nd Judicial District, public defense attorneys are retained on a contract basis with the average annual contract being \$53,760. Public defense attorneys in the district maintain caseloads near the recommended caseload limit for each attorney.

The 2nd Judicial District is a rural district that handles only a small number of cases each year, making generalizations difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, the 2nd Judicial District has handled one new capital prosecution.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 2nd Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

THE 3<sup>RD</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
LINCOLN (RUSTON) - UNION (FARMERVILLE)

DISTRICT DEFENDER: LEWIS A. JONES  
307 NORTH TRENTON STREET, SUITE 102  
RUSTON, LA 71270  
(318) 255-5100

## 3RD JUDICIAL DISTRICT

During calendar year 2014, the 3rd Judicial District Public Defenders Office handled 1,971 cases. The office received \$482,000 in total revenues to handle these cases, approximately 71% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 3rd Judicial District office's expenditures exceeded the office's revenues in CY10, CY11 and CY14. The fund balance grew slightly in CY12 and CY13. While it is too early to project when the 3rd Judicial District office will exhaust its fund balance, without a significant increase in revenues or reduction in expenditures, the office will eventually become insolvent.

## LINCOLN AND UNION PARISHES

Lewis A. Jones  
District Defender  
307 N. Trenton Street, Suite 102  
Ruston, LA 71270  
318-255-5100

In the 3rd Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney.

However, since CY13 caseloads in this district have been below the state average overload.

Since its inception in 2007, LPDB has continually strived to improve the quality of representation through supervision, adherence to standards of representation, and training. These improvements to representation are the cornerstones which lead to improved outcomes for clients.

## CAPITAL REPRESENTATION

Since 2009, the 3rd Judicial District has handled one new capital prosecution.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 3rd Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

## 4TH JUDICIAL DISTRICT

During calendar year 2014, the 4th Judicial District Public Defenders Office handled 11,609 cases. The office received \$2,119,650 in total revenues to handle these cases, approximately 70% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs. The 4th Judicial District office relies heavily on local revenues collected during peak months. However, as shown in the graph below during the months of May, June, July, and August 2014, receipts were down more than \$60,000. The 4th Judicial District office is not currently engaged in deficit spending. However if revenues continue to decline, the Judicial District will begin depleting the office's fund balance.

With the exception of seven months in the past two years since Act 578 (2012) was enacted, the 4th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578).

Michael A. Courteau  
District Defender  
714 St. John Street  
Monroe, LA 71201  
318-322-6643

In the 4th Judicial District, public defense attorneys make an average annual salary of \$58,457 while maintaining caseloads almost three times the recommended caseload limit for each attorney.

Reliance on insufficient revenues have resulted in caseloads in excess of established caseload limits. Excessive caseloads limit each defender's ability to provide effect assistance of counsel to his/her clients.

## THE 5<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE

FRANKLIN (WINNSBORO) - RICHLAND (RAYVILLE) - WEST CARROLL (OAK GROVE)

DISTRICT DEFENDER: JAMES M. MILLER  
712 EAST JEFFERSON STREET  
OAK GROVE, LA 71263  
(318) 428-9430

## 5TH JUDICIAL DISTRICT

During calendar year 2014, the 5th Judicial District Public Defenders Office handled 2,530 cases. The office received \$403,125 in total revenues to handle these cases, approximately 76% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues have generally increased at a rate equal to or greater than expected, however the expenditures of the 5th Judicial District office continue to exceed revenues since CY10 in all but one year- CY12.

Therefore, the fund balance has been on the decline since CY12. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY16.

## WEST CARROLL, RICHLAND, FRANKLIN PARISHES

James Miller  
District Defender  
712 E. Jefferson St.  
Oak Grove, LA 71263  
318-428-9430

In the 5th Judicial District, public defense attorneys maintain caseloads twice the recommended caseload limit for each attorney, hovering near or above the state average overload.

## CAPITAL REPRESENTATION

Since 2009, the 5th Judicial District has handled four new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 5th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

## 6TH JUDICIAL DISTRICT

During calendar year 2014, the 6th Judicial District Public Defenders Office handled 1,665 cases. The office received \$505,368 in total revenues to handle these cases, approximately 81% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 6th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

## EAST CARROLL, MADISON, TENSAS PARISHES

Leroy Smith, Jr.  
District Defender  
411 Dabney Street  
Tallulah, LA 71282  
318-574-2554

In the 6th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

The 6th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefitted from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 6th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 6th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

## 7TH JUDICIAL DISTRICT

During calendar year 2014, the 7th Judicial District Public Defenders Office handled 2,496 cases. The office received \$315,193 in total revenues to handle these cases, approximately 41% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 7th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

In the 7th Judicial District, public defense attorneys maintain caseloads almost three times the recommended caseload limit for each attorney.

The 7th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 7th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 7th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

## 8TH JUDICIAL DISTRICT

During calendar year 2014, the 8th Judicial District Public Defenders Office handled 963 cases. The office received \$241,367 in total revenues to handle these cases. As local funding is largely insufficient, approximately 67% of revenues came from state funding.

With the exception of a few months, the 8th Judicial Office has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 8th Judicial District office has nearly exhausted its fund balance. Without an increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

DISTRICT DEFENDER: GLEN G. CORTELLO  
1115 6<sup>TH</sup> STREET  
ALEXANDRIA, LA 71301  
(318) 443-7082

## 9TH JUDICIAL DISTRICT

During calendar year 2014, the 9th Judicial District Public Defenders Office handled 6,807 cases. The office received \$901,597 in total revenues to handle these cases, approximately 82% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase more than fifty percent of the time.

The 9th Judicial District office is not currently engaged in deficit spending. However, revenues are largely insufficient resulting in attorney caseloads that exceed client representation standards.

District Defender

Alexandria, LA 71301

In the 9th Judicial District, public defense attorneys make an average annual salary of \$50,739 while maintaining caseloads almost three times the recommended caseload limit for each attorney

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client acquittals and dismissals are relatively frequent and CINC reunifications have significantly improved over the last five years.

# 10TH JUDICIAL DISTRICT

During calendar year 2014, the 10th Judicial District Public Defenders Office handled 1,608 cases. The office received \$531,445 in total revenues to handle these cases. As local funding is largely insufficient, approximately 65% of revenues came from state funding.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 10th Judicial District office has nearly exhausted its fund balance, which just six years ago was \$270,436. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

## NATCHITOCHES PARISH

Brett Brunson  
District Defender  
710 Third Street  
Natchitoches, LA 71457  
318-352-9311

In the 10th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

Through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 10th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 10th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

The District Defender has assisted contract attorneys in preparing for trial and trying cases. We have encouraged a team approach to trial preparation, particularly crime scene investigation and voir dire preparation. I share important court decisions and helpful information from the LACDL list serve with all attorneys. I continue to participate in the District Defender Group started several years ago to gain insight into what other districts are doing and to share that with our attorneys. I have tried to more closely monitor local funding, following a precipitous decline in funding last summer. I have met with the judges, DA, LPDB staff and other District Defenders in an effort to address the problem and increase local funding.

## THE 11<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE

SABINE (MANY)

DISTRICT DEFENDER: STEVEN R. THOMAS  
111 NORTH WASHINGTON  
MANSFIELD, LA 71052  
(318) 872-6250

# 11TH JUDICIAL DISTRICT

During calendar year 2014, the 11th Judicial District Public Defenders Office handled 1,589 cases. The office received \$306,998 in total revenues to handle these cases. As local funding is largely insufficient, approximately 76% of revenues came from state funding.

The 11th has failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012), in fact revenues are generally lower than pre-Act 578 levels.

The 11th Judicial District office's expenditures exceed the office's revenues. The district has remained solvent only due to a cooperative endeavor agreement with the 42nd Judicial District.

## SABINE PARISH

Steven Thomas  
District Defender  
111 N. Washington Avenue  
Mansfield, LA 71052  
318-872-6250

In the 11th Judicial District, public defense attorneys maintain caseloads twice the recommended caseload limit for each attorney.

The 11th Judicial District is a rural district that handles only a small number of cases each year. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, the 11th Judicial District has handled five new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 11th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

DISTRICT DEFENDER: BRADLEY P. DAUZAT  
110 E. MARK STREET  
MARKSVILLE, LA 71351  
(318) 253-0091

## 12TH JUDICIAL DISTRICT

During calendar year 2014, the 12th Judicial District Public Defenders Office handled 3,438 cases. The office received \$309,799 in total revenues to handle these cases, approximately 70% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have fallen below the 25% expected increase more than seventy-five percent of the time.

The 12th Judicial District office has nearly exhausted its fund. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

## AVOYELLES PARISH

Bradley P. Dauzat  
District Defender  
110 E. Mark Street  
Marksville, LA 71351  
318-253-0091

In the 12th Judicial District, public defense attorneys make an average annual salary of \$46,693 while maintaining caseloads twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client outcomes have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, the 12th Judicial District has handled one new capital prosecution.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 12th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

VILLE PLATTE, LA 70586

# 13TH JUDICIAL DISTRICT

During calendar year 2014, the 13th Judicial District Public Defenders Office handled 1,467 cases. The office received \$277,504 in total revenues to handle these cases. As local funding is largely insufficient, approximately 67% of revenues came from state funding.

With the exception of a few month, the 13th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 13th Judicial District office has exhausted its fund balance. Without an increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

## EVANGELINE PARISH

Alex D. Chapman, Jr.  
District Defender  
801 West Lincoln Road  
Ville Platte, LA 70586  
337-363-2229

In the 13th Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney.

However, the caseloads have fallen much more in line with state average workloads..

The 13th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 13th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 13th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

THE 14<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
CALCASIEU (LAKE CHARLES)

DISTRICT DEFENDER: HARRY FONTENOT  
1032 RYAN STREET  
LAKE CHARLES, LA 70601  
(337) 436-1718

# 14TH JUDICIAL DISTRICT

During calendar year 2014, the 14th Judicial District Public Defenders Office handled 16,399 cases. The office received \$2,201,854 in total revenues to handle these cases, approximately 53% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 25% increase in local funds expected as a result of Act 578 (2012) has never materialized in the 14th Judicial District.

The 14th Judicial District office is not currently engaged in deficit spending. However revenues are largely insufficient, resulting in attorney caseloads which exceed client representation standards.

## CALCASIEU PARISH

Harry Fontenot  
District Defender  
1032 Ryan Street  
Lake Charles, LA 70602  
337-436-1718

In the 14th Judicial District, public defense maintain caseloads almost three times the recommended caseload limit for each attorney.

## CAPITAL REPRESENTATION

Since 2009, the 14th Judicial District has handled two new capital prosecutions.

However, the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 14th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

One of the attorneys handle life without parole (LWOP) cases in all divisions and the other six (6) handle the six (6) felony divisions. The cases are assigned on a rotating basis with each attorney having the primary appointment in their assigned division. One part time misdemeanor attorney is contracted to lake Charles City Court. Conflict appointments are made by the City Judge(s) to the private bar on a per hour basis. One (1) contract misdemeanor attorney is contracted to the 14th JDC to handle two (2) divisions while our two (2) misdemeanor full time attorneys handle the remaining divisions in the 14th JDC and Sulphur City Court (State and City). We have one (1) attorney handling CINC cases with two (2) contract attorneys handling CINC conflicts. If the cases exceed the conflict attorneys, the judges appoint the local bar pro bono. We have one (1) attorney handling Juvenile matters while assisted by a juvenile investigator. The two (2) contract attorneys in CINC handle juvenile conflicts on a per hour basis. We have felony attorneys assigned to each division of district court. Two (2) attorneys are Life without Parole (LWOP) attorneys each handling three (3) divisions of district Court. The 2 LWOP attorneys also act as line supervisors and trainers of the line attorneys.</p>

# 15TH JUDICIAL DISTRICT

During calendar year 2014, the 15th Judicial District Public Defenders Office handled 18,112 cases. The office received \$3,899,367 in total revenues to handle these cases, approximately 59% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 15th Judicial District has almost never realized the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 15th Judicial District office has exhausted its fund balance. Without an increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 15th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client outcomes have significantly improved over the last five years.

<b>Brief Explanation of Intake Process</b>	Clients provide basic financial information. Unless the client has exceptional resources, only the application fee is requested.
<b>\$40 Application Fees (per R.S. 14:175)</b>	
<b>Does the Office Collect the \$40 Application Fee?</b>	We believe the intake fee is rarely collected in City Courts as there is resistance to the time needed and we do not have sufficient personnel to handle the number of applicants. In calendar year 2015 we are going to make a push in specific City Courts on this issue. This could include litigation.
<b>How Many Applications for Services Were Received?</b>	5,358
<b>How Many Application Fees Were Waived?</b>	4,565
<b>How Many Application Fees Were Reduced?</b>	14
<b>Total Application Fee Dollars Collected in 2014</b>	83,501
<b>Does Another Agency Collect This Fee On Your Office's Behalf? If So, Which Agency Collects These Fees?</b>	Generally no, otherwise some cases go to the Sheriff for collection without separate accounting.
<b>\$45/\$35 Special Cost (Court Fees, per R.S.15:168 )</b>	
<b>Total Revenue from \$45/\$35 Special Costs Received in 2014</b>	1,702,133
<b>Does the Court Assess the Mandatory Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.</b>	Assessed as general court costs. No waiver generally but PDs are advised to move for waiver if client hardship would result from assessment.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?</b>	A disbursement detail indicating the number of cases assessed and the dollar amount collected and disbursed is provided by most of our city courts. District Court collections are reflected on the same kind of report from each Sheriff's Office.
<b>Who Collects the Assessed Court Fees?</b>	City Courts, District Court the Parish Sheriff's Office and Mayor's Courts.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	A disbursement detail indicating the number of cases assessed and the dollar amount collected and disbursed is provided by most of our city courts. District Court collections are reflected on the same kind of report from each Sheriff's Office.
<b>Who Remits the Court Fees Collected?</b>	City Courts, District Court the Parish Sheriff's Office and Mayor's Courts either the PD or the town clerk.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	A disbursement detail indicating the number of cases assessed and the dollar amount collected and disbursed is provided by most of our city courts. District Court collections are reflected on the same kind of report from each Sheriff's Office.
<b>Partial Indigence Payments (per R.S.15:175/Ch.C.Art. 321)</b>	
<b>Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment</b>	District court adopted a Rule in cooperation with District Defender in 2011. Provides those over Poverty Guidelines will be assess fixed fee. In addition, clients may decide to make their own voluntary contribution.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?</b>	The court issues an Order at the beginning of the case. The PDO keeps a record of payments during litigation, and at sentencing the trial court may order the collection through the court which then informs the PDO of payments at the time those are sent to us.
<b>Who Collects the Assessed Partial Payments?</b>	The PDO keeps a record of payments during litigation, and at sentencing the trial court may order the collection through the court which the Sheriff collects and remits those payment to PDO monthly.

<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	Lafayette Parish Sheriff reports detail for the largest parish. Other sheriffs provide less detailed reports.
<b>Who Remits the Partial Payments Collected?</b>	Clients pay during litigation and then after final judgment payment is through the presiding court.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	A detailed report which includes client names, docket numbers and payments is provided by the Lafayette Parish Sheriff Office for any fees collected by that office.
<b>Amount, If Any, of Partial Indigence Payments Received by the Office in CY14</b>	202,353
<b>Does Your Office Have a Private Practice Policy? If So, Is the Policy in Writing?</b>	Full time attorneys have no private practice. Contractors must limit outside practice and must treat PD clients exactly as other clients. Explicit contractual terms plus directives from District Defender.
<b>For the Contract Attorneys in Your District, Is There a Written Contract For His/Her Services? If So, Please Provide a Blank Copy of the Standard Contract</b>	Revised contract for FY 2013. This revision is attached.
<b>Primary Immediate Needs</b>	Funding for full time Capital and an additional \$3 Million for fully serving all clients. We have hired an MSW for Capital Mitigation in some of our cases. But would still suggest the \$175,000 budget item makes sense for us and also LPDB.
<b>Do you foresee the possibility of the district entering a Restriction of Services in the coming year, and if so, what are your initial preparatory steps to address this issue?</b>	Yes, unless several things happen: 1) Lafayette City Court actively supports our collections and allows application fees; 2) The new D.A. implements Bond Forfeiture processing and begins making effective collections; 3) Other City Courts and Misdemeanor Courts come into full compliance.
<b>In CY14, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.</b>	We had the advantage of three attorneys working on Gideon's Promise Law School Partnership Grant, so when several contract lawyers left we were able to move full time staff in for 3 felony lawyers and saw a savings from that attrition. But no cuts as such for budget failures: some posts remain unfilled.
<b>Immediate Critical Issue Areas</b>	Capital Certification; City Court collection and compliance with Application fees; Still short on many things, including clerical support and about 3 million dollars worth of lawyers and resources.
<b>Long-Term Critical Issue Areas</b>	Development of new young talent. An LPDB that focuses on assisting the local fund mission in every way possible, including equal treatment for our Capital Defense Division when compared to outside programs.
<b>Please List All New Hires in 2014 (Name and Title)</b>	Full Time: Thomas Rimmer, Felony; Jack Talaska, Felony; Jorge Costales, Megan Delcambre, Clerical; Paula Miguez, Clerical; Lucy Melcanon, Juvenile; Chase Edwards, Felony and Juvenile Conflict.
<b>Please List All Promotions in 2014 (Name and Title)</b>	Chad Ikerd, First Assistant
<b>2014 Media Coverage and/or Major Accomplishments</b>	Continued coverage of funding issues, including shortfall in Lafayette City Court and an Editorial critical of City Judges for not doing better by the PDO. Award recognizing District Defender for efforts on Indigent Defense from Gideon's Promise, with TV and print coverage. Several reports of acquittals and reduced charges in specific Felony and Death Penalty cases.

<b>Number of Expected New Attorney Hires in 2015</b>	Have application in for 4 Gideon Law School Partnership Fellows, which would work year one at essentially no cost. Appears 2 to 3 are likely.
<b>Do You Provide Training, Coaching, or Mentoring for New Attorneys? If So, Describe</b>	Yes, including one to one mentoring, team meetings, quarterly CLE on relevant topics. Also one attorney has attended Capital Trial Training in Arizona, and two studied the Colorado Method in Denver.
<b>Does Your District Office Provide Employee Manuals or Handbooks? (Yes or No - Do Not Attach)</b>	Yes
<b>Describe Supervisory Structure in Your District (For Attorneys and Non-Attorneys)</b>	Still fledgling. Should have felony supervisor in Vermilion in 2015.
<b>Have Any New Job Titles Been Added to Your District Office in 2014? (Please List Name and Title)</b>	Track 1 Section Chief. Full time Juvenile Drug Court and Family Preservation Court attorneys.
<b>Please Attach Your Office Organizational Chart</b>	Attached
<b>Any Policy for Caseload/Workload Reduction for Supervisory Staff, Please Describe</b>	Team Leaders have reduced caseloads. District Defender takes a Capital Case or two because of a lack of certified counsel. Otherwise only to mentor staff counsel.
<b>Medical Benefits for Any Staff, Please Describe, Noting Who Pays For the Benefit</b>	All full time employees are enrolled for health and dental benefits after 60 days of employment.
<b>Regular Meetings for Any Staff, Please Describe</b>	Team Leaders meet regularly with District Defender. Executive Committee meets with District Defender regularly. Think Tanks for Capital, Issue Meetings, Database and other training.
<b>Number of NEW capital cases in CY14 handled by your office</b>	10
<b>Number of pending capital cases (received prior to CY14) handled by your office during CY14?</b>	4
<b>Number of Appeals Your District Handled in 2014 (As Opposed to Those Cases Transferred to CAP or LAP for Appellate Representation)</b>	18
<b>Number of Writs Your District Handled in 2014</b>	45
<b>Number of Cases Involving Children Under Age 17 in Your District That Were Directly Filed in Adult Court or Transferred to Adult Court in 2014</b>	4
<b>Number of Cases Involving Children Under Age 17 in Your District in Which a Transfer of a Child to Adult Court Was Denied</b>	0
<b>Please Describe Any Procedures That Are in Place For Assigning Attorneys Experienced With Juvenile Defendants to Transferable or Transferred Cases</b>	Counsel will work with Juvenile attorney who is first assigned and preference will be given to appointment of a lawyer with Juvenile Justice expertise.
<b>Please Provide the Names of All State Representatives and Senators from Your District</b>	STATE REPS: Nancy Landry (R #31); Stephen Ortego (D#39); Mickey Guillory (D#41); Jack Montoucet (D#42); Stuart Bishop (R#43); Vincent Pierre (D#44); Joel Robideaux (R#45); Bob Hensgens (D#47); Taylor Barras (R#48); Simone Champagne (R#49) Terry Landry (D#96) STATE SENATORS: Fred Mills (D#22); Page Cortez (D#23); Elbert L. Guillory (D#24); Dan Morrish (D#25); Jonathan Perry (R#26); Eric LaFleur (D#28).

<b>Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?</b>	Some resistance from other agencies on basic things like providing copies, discovery, and the role of the public defenders. Our sources indicate stakeholders and others see the office as more professional and effective since October 2010. Regional director for Children and Family Services came in for a meeting with District Defender and expressed appreciation for our engagement with kids in court, noting we had uncovered improprieties on a CFS case agent's handling a mom's visiting rights.
<b>What Changes Have You Implemented in Your District Office in 2014 That Have Improved the Delivery of Public Defender Services?</b>	District Defender has joined cooperative effort identified as the Criminal Justice Coordinating Committee for Lafayette Parish. This group considers common systemic problems and has promoted a number of initiatives for reform, including better information for clients on court dates; reducing incarceration rates for juveniles; mitigating detention time for failures to appear and moving the court to evidence based solutions for systemic problems. Three new lawyers trained at Gideon's Promise come to the district essentially at no charge through the Law School Partnership Program of Gideon's Promise, which provides for a stipend in the first full year of the new lawyers' work. Two other attorneys trained at LSU attended the training this year, and will be in continued training for the next three years along with the three LSP fellows.

# 16TH JUDICIAL DISTRICT

During calendar year 2014, the 16th Judicial District Public Defenders Office handled 8,749 cases. The office received \$1,933,832 in total revenues to handle these cases, approximately 66% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 16th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 16th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 16th Judicial District, public defense attorneys make an average annual salary of \$57,369 while maintaining caseloads almost three times the recommended caseload limit for each attorney.

Although caseloads remain high, due to insufficient revenues, through increased training and supervision, CINC and adult client outcomes have significantly improved over the last five years.

# THE 17<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE LAFOURCHE (THIBODAUX)

DISTRICT DEFENDER: CHRISTOPHER J. BOUDREAUX  
(INTERIM DISTRICT DEFENDER VICTOR E. BRADLEY, JR. EFFECTIVE DECEMBER 1 ST,  
2014)

204 GREEN STREET  
THIBODAUX, LA 70301  
(985) 446-8808

# 17TH JUDICIAL DISTRICT

During calendar year 2014, the 17th Judicial District Public Defenders Office handled 4,693 cases. The office received \$825,202 in total revenues to handle these cases, approximately 64% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With very few exceptions, the 17th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 17th Judicial District office's expenditures generally exceed the office's revenues. While it is too early to project when the 17th Judicial District office will exhaust its fund balance. Without an increase in revenues or reduction in expenditures, the office will continue to deplete its relatively small fund balance eventually becoming insolvent.

**District 17 PDO Revenue Sources CY14**

**Impact of Act 578 on District 17 PDO**

**District 17 PDO Finances CY10-14**

## LAFOURCHE PARISH

Christopher Boudreaux  
District Defender  
(Victor E. Bradley, Jr.  
Interim as of December 1, 2014)  
204 Green Street  
Thibodaux, LA 70301  
985-446-8808

In the 17th Judicial District, public defense attorneys maintain caseloads almost three times the recommended caseload limit for each attorney.

Reliance on insufficient revenues has resulted in caseloads that by far exceed established caseload limits. Excessive cases limit each defender's ability to provide effect assistance of counsel to their clients.

## CAPITAL REPRESENTATION

Since 2009, the 17th Judicial District has handled 9 new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 17th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

## 18TH JUDICIAL DISTRICT

During calendar year 2014, the 18th Judicial District Public Defenders Office handled 2,352 cases. The office has traditionally been self-reliant as 100% of its revenues were derived from local funding which came primarily from traffic tickets and special court costs. Between FY11 and FY14, local revenues have decreased to the extent that in FY14, for the first time, the State began providing financial assistance to help cover the gap between the district's revenues and expenditures.

Since the passage of Act 578 (2012) in the 18th Judicial District, the expected 25% increase in local revenues (dotted blue line, below) has consistently failed to materialize. As shown in the graph below, during August 2012, almost immediately following the passage of Act 578, local revenues plummeted to their lowest levels in three years (orange line).

The long-term decrease in local revenues has forced the fund balance into a sharp and continuous decline.

Between FY11 and FY14, the Judicial District Office's local revenues have decreased while expenditures have remained relatively constant.

Local revenues have decreased to the extent that in FY14, for the first time, the State began providing an appropriation to help cover the gap between the district's revenues and expenditures.

THE 19<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
EAST BATON ROUGE (BATON ROUGE)

DISTRICT DEFENDER: MICHAEL A. MITCHELL  
300 LOUISIANA AVENUE  
BATON ROUGE, LA 70802  
(225) 389-3150

# 19TH JUDICIAL DISTRICT

During calendar year 2014, the 19th Judicial District Public Defenders Office handled 22,620 cases. The office received \$4,892,062 in total revenues to handle these cases, approximately 74% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 19th Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 19th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

## EAST BATON ROUGE PARISH

Michael A. Mitchell  
District Defender  
300 Louisiana Avenue  
Baton Rouge, LA 70802  
225-389-3150

In the 19th Judicial District, public defense attorneys make an average annual salary of \$55,046 while maintaining caseloads above the LIDAB Standard Maximum recommended caseload limit for each attorney.

## CAPITAL REPRESENTATION

Since 2009, the 19th Judicial District has averaged 6.2 new capital prosecutions each year. However the district only has the local capacity to handle four capital prosecutions and are almost completely reliant on program offices for representation.

Without the contract programs, the ability to prosecute capital cases will be greatly reduced in the 19th Judicial District due to a lack of capitally certified attorneys or funding to support capital services in the District Office.

## THE 20<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE

EAST FELICIANA (CLINTON) - WEST FELICIANA (SAINT FRANCISVILLE)

DISTRICT DEFENDER: RHONDA B. COVINGTON  
12213 JACKSON STREET  
CLINTON, LA 70722  
(225) 683-3620

## 20TH JUDICIAL DISTRICT

During calendar year 2014, the 20th Judicial District Public Defenders Office handled 783 cases. The office received \$214,106 in total revenues to handle these cases, approximately 57% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 20th Judicial District has always failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 20th Judicial District office has nearly exhausted its fund balance which has been in steep decline since CY10. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

**District 20 PDO Revenue Sources CY14**

## EAST FELICIANA AND WEST FELICIANA PARISHES

Rhonda B. Covington  
District Defender  
12213 Jackson Street  
Clinton, LA 70722  
225-683-3620

In the 20th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

The 20th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 20th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 20th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

## 21ST JUDICIAL DISTRICT

During calendar year 2014, the 21st Judicial District Public Defenders Office handled 15,078 cases. The office received \$2,708,068 in total revenues to handle these cases, approximately 67% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 21st has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 21st Judicial District office's expenditures exceed the office's revenues. While it is too early to project when the 21st Judicial District office will exhaust its fund balance, without a significant increase in revenues or reduction in expenditures, the office will eventually become insolvent.

Reginald McIntyre  
District Defender  
303 E. Oak Street  
Amite, LA 70422  
985-748-4922

In the 21st Judicial District, public defense attorneys make an average annual salary of \$58,738 while maintaining caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, the 21st Judicial District has handled 10 new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 21st Judicial District due to a lack of capital certified attorneys and/or funding to support capital services in the District Office.

## 22ND JUDICIAL DISTRICT

During calendar year 2014, the 22nd Judicial District Public Defenders Office handled 13,816 cases. The office received \$3,006,546 in total revenues to handle these cases, approximately 49% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues been higher than in past years, but remain below the 25% expected increase in all but a very few months.

The 22nd Judicial District office's expenditures typically exceeded the office's revenues until CY14 where they were roughly balanced with revenues. Unless the recent balance of revenues and expenditures is maintained, the office is destined to become insolvent.

Client is sent to Angola for two years and assigned to mentor (LWOP inmate) Must complete training program and counseling. Upon release is monitored by court in a setting similar to Drug Court. Drug court offers an alternative to incarceration for nonviolent, less serious, substance abusing offenders. ## 23RD JUDICIAL DISTRICT ASCENSION, ASSUMPTION, ST. JAMES PARISHES

During calendar year 2014, the 23rd Judicial District Public Defenders Office handled 5,704 cases. The office received \$1,059,737 in total revenues to handle these cases, approximately 74% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a single instance, the 23rd has always failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 23rd Judicial District office's expenditures exceed the office's revenues. While it is too early to project when the 23rd Judicial District office will exhaust its fund balance, without an increase in revenues or reduction in expenditures, the office will continue to deplete its fund balance eventually becoming insolvent.

## 24TH JUDICIAL DISTRICT

During calendar year 2014, the 24th Judicial District Public Defenders Office handled 10,400 cases. The office received \$3,210,146 in total revenues to handle these cases, approximately 81% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), the 25% expected increase in local have failed to materialize more than fifty percent of the time.

The 24th Judicial District office's expenditures exceed the office's revenues. While it is too early to project precisely when the 24th Judicial District office will exhaust its fund balance, without an increase in revenues or reduction in expenditures, the office will continue to deplete its fund balance at the current steep rate inevitably becoming insolvent.

<b>Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe</b>	The Jefferson Parish Sheriff's Office stated that they are having severe staffing problems which has limited the number of prisoners kept at the local jail. This staffing problem also gives rise to other issues regarding visitation by private investigators. Therefore, they instituted a rule by which the investigators will not be allowed into the jail without the presence of the attorney who is assigned to that defendant. My first impulse was to attempt to institute some type of legal action, however I consider this a blessing in disguise in that it is requiring lawyers to visit the jail more frequently. Other than the usual delays, the attorneys themselves have no problems having access to their clients in jail.

<b>Do you foresee the possibility of the district entering a Restriction of Services in the coming year, and if so, what are your initial preparatory steps to address this issue?</b>	No
<b>In CY14, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.</b>	We lost 2 District Court attorneys by attrition and 1 Parish Court attorney by election to Bench. We are not replacing 2 District Court people and transferred 1 Commissioner Court attorney to Parish Court. These changes result in a net loss of 3 attorneys.

<b>Long-Term Critical Issue Areas</b>	We are anticipating that the funding for our office in the coming year will not be sufficient to maintain the present level of services. One of the solutions would be a reduction in services program.

THE 25<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
PLAQUEMINES (POINT-A-LA-HACHE)

DISTRICT DEFENDER: MATTHEW ROBNETT  
208 AVENUE G.  
BELLE CHASSE, LA 70037  
(504) 297-5236

## 25TH JUDICIAL DISTRICT

During calendar year 2014, the 25th Judicial District Public Defenders Office handled 1,412 cases. The office received \$272,605 in total revenues to handle these cases, approximately 62% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic apparently due to irregular remittance schedules as shown in the graph below. Revenues have often fallen below the 25% expected increase and then again exceeded it with no apparent pattern.

The 25th Judicial District office has nearly exhausted its fund balance, and without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

## PLAQUEMINES PARISHES

Matthew Robnett  
District Defender  
208 Avenue G  
Belle Chasse, LA 70037  
504-297-5236

In the 25th Judicial District, public defense attorneys make an average annual salary of \$53,750 while maintaining caseloads in excess of the recommended caseload limit for each attorney.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 25th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 25th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	Magistrate is held Monday, Wednesday and Friday. An attorney from this office attends all hearings. Judge questions defendant to inquire as to their representation and gives them the option of a PDO attorney. PDO attorney interviews defendant for qualification purposes. If they qualify, the questionnaire is brought back to the office. Assignment of cases are rotated between all Attorneys.
<b>Name of Adult Detention Facilities in This District</b>	The lockup in Belle Chasse is a holding facility until all defendants have a bond set. If unable to post bond, they are transported to the Orleans Parish Prison, which is under contract to the Plaquemine Parish Sheriff's Office since Katrina.

<b>Name of Juvenile Detention Facilities In This District</b>	N/A
<b>Name of Juvenile Detention Facilities Outside the District Which Hold Clients</b>	St. Bernard Detention Facilities.
<b>Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?</b>	Due to a lack of funding, the office is currently understaffed. This creates the problem of a lack of resources to represent clients in distant facilities.
<b>Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.</b>	Juveniles are often transported in shackles if in custody. Once transported, Judge will generally order shackles to be removed or deputy will remove at attorney's request.
<b>Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe</b>	Due to Hurricane Katrina our Detained Clients are housed at Orleans Parish Prison. This sometimes makes it very difficult to access our Detained Clients. Because our office has an excellent work relationship with the Plaquemine Parish Sheriff's Office, they will, when possible transport our client to us.

Brief Explanation of Intake Process	Before the Judge comes to the court the PDO interviews all the clients and determines whether they qualify. I complete all the information sheet that contains questions we need for the PDO computer and I sign them up. After Judge has completed the magistrate, the attorney located in our office conducts a first jail visit/interview with that client. Client is then taken back to prison unless able to bond out. The attorney in our office answers all questions that need to be answered and provides any additional help that the client needs at this time. The attorney also will typically obtain all the facts from the client on the charges client has been arrested for.

## THE 26<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE

DISTRICT DEFENDER: PAMELA G. SMART  
211 BURT BOULEVARD  
BENTON, LA 71006  
(318) 965-0630

## 26TH JUDICIAL DISTRICT

During calendar year 2014, the 26th Judicial District Public Defenders Office handled 14,190 cases. The office received \$1,332,928 in total revenues to handle these cases, approximately 56% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the passage of Act 578 (2012) in the 26th Judicial District, the expected 25% increase in local revenues has never materialized.

The 26th Judicial District office has nearly exhausted its fund balance, without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 26th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, CINC and adult client outcomes have significantly improved over the last five years.

<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	Felony cases are assigned to the attorney for the division to which the case is assigned. LWOP cases are specially assigned to the attorney best suited for the case. In some instances, if it better serves the client, a case is specially assigned to an attorney other than the division attorney. Misdemeanor cases are now assigned to a division like the felony cases so the attorney assignment for those cases are now the same as for felony cases.

<b>Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?</b>	We no longer reimburse staff for mileage effective July 1, 2014. The jails are in rural locations so travel time is at least 20' to many facilities and longer if housed in a surrounding parish facility.
<b>Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.</b>	Yes.

<b>Name of Specialty and Brief Description:</b>	N/A
<b>Indigency Determined by Whom and How?</b>	The judges do a preliminary screening and the PDO uses a more detailed application.
<b>When is Assignment/Appointment of Counsel Made?</b>	Non-capital felonies and misdemeanors - upon appointment of PDO. Capital cases - upon knowledge of arrest.
<b>Initial Client Intake Conducted By Whom? (Name and Title)</b>	Bossier Parish: Amanda Roberts (Data Entry Specialist/Secretary) determines/crosschecks case assignments, conflicts, etc. The secretary for the division in which the case is assigned enters the case into the database and notifies the attorney to whom it is assigned. If a case is assigned to a staff attorney, the secretary then prepares the file, enters further information into the database, prepares discovery motion, and forwards the file to the attorney. Webster Parish: LaKeia Taylor (Secretary/Receptionist) determines/crosschecks case assignments, conflicts, etc. and consults with Amanda Roberts when necessary. She then enters the case into the database and notifies the attorney to whom it is assigned. If a case assigned to a staff attorney, Ms. Taylor then prepares the file, enters further information into the database, prepares discovery motion, and forwards the file to the attorney. Initial interviews are done by the attorney to whom the case is assigned. In LWOP cases, the investigator is usually present at the initial interview as well. The Chief Defender reviews case assignments as well.
<b>Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)</b>	Yes
<b>Brief Explanation of Intake Process</b>	When notice of appointment is received (incarcerated clients through jail appointment list and bond clients through court minutes), the information is entered into the database, a file is generated, and the case is assigned to the appropriate attorney. Conflict cases are assigned to the appropriate conflict counsel who receives notice of appointment via database-generated e-mail and regular e-mail.
<b>\$40 Application Fees (per R.S. 14:175)</b>	
<b>Does the Office Collect the \$40 Application Fee?</b>	Yes
<b>How Many Applications for Services Were Received?</b>	4,358
<b>How Many Application Fees Were Waived?</b>	5
<b>How Many Application Fees Were Reduced?</b>	None but we do accept partial payments.

<b>Does Another Agency Collect This Fee On Your Office's Behalf? If So, Which Agency Collects These Fees?</b>	No
<b>\$45/\$35 Special Cost (Court Fees, per R.S.15:168 )</b>	
<b>Total Revenue from \$45/\$35 Special Costs Received in 2014</b>	456,176

<b>Does the Court Assess the Mandatory Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.</b>	Yes. However, the amount is \$30 for non-moving traffic violations.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?</b>	The agencies from whom we receive fees itemize as far as how much money was collected for bond fees, mandatory assessments, etc. However, we only receive a list of defendants who were assessed the mandatory assessment from Minden City Court.
<b>Who Collects the Assessed Court Fees?</b>	Bossier City Court - Terri Spence; Bossier Sheriff - Mike Rabinowitz; Webster Sheriff - Kaye Taverner; Minden City Court - Becky White; Springhill City Court - Judy Smith.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	The person at each agency that writes the check for the fees either submits the itemization form provided by LPDB or itemizes the amounts on the check stub.
<b>Who Remits the Court Fees Collected?</b>	Bossier City Court - Terri Spence; Bossier Sheriff - Mike Rabinowitz; Webster Sheriff - Kaye Taverner; Minden City Court - Becky White; Springhill City Court - Judy Smith.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	Bossier City Court - Terri Spence; Bossier Sheriff - Mike Rabinowitz; Webster Sheriff - Kaye Taverner; Minden City Court - Becky White; Springhill City Court - Judy Smith.
<b>Partial Indigence Payments (per R.S.15:175/Ch.C.Art. 321)</b>	
<b>Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment</b>	Either determined by the court or the court will consider recommendation from office based on financial information ascertained by the PDO.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?</b>	We must rely on court minutes and attorneys in court to keep track of this information.
<b>Who Collects the Assessed Partial Payments?</b>	Generally, the PDO collects the partial payments. Occasionally, money is received via DOC through P&P.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	We collect it in the office. However, we do receive some money from DOC. Those are individually documented.
<b>Who Remits the Partial Payments Collected?</b>	The client sends it directly to the PDO. Sometimes we receive money from DOC through P&P.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	None. The office receives the payments directly.
<b>Amount, If Any, of Partial Indigence Payments Received by the Office in CY14</b>	6,190

<b>Does Your Office Have a Private Practice Policy? If So, Is the Policy in Writing?</b>	The written policy is contained in the Employee Manual. Attorneys may take very minimal private cases outside the jurisdiction as long as full-time hours required by the PDO are fulfilled. However, the Chief Defender must be informed of the private case to make sure there is no conflict. Most attorneys that do private practice do routine wills, curatorships, some private criminal in other jurisdictions, and some appointed cases in federal court or through the Department of Corrections.
<b>For the Contract Attorneys in Your District, Is There a Written Contract For His/Her Services? If So, Please Provide a Blank Copy of the Standard Contract</b>	Yes
<b>Primary Immediate Needs</b>	More office space and money to renovate/maintain the offices we have. More money to increase staff, to reimburse attorneys for travel to rural jails, to be able to send staff for training. No one is reimbursed for anything. Eventually, this will lead to loss of good trial lawyers.
<b>Do you foresee the possibility of the district entering a Restriction of Services in the coming year, and if so, what are your initial preparatory steps to address this issue?</b>	Yes. To increase revenues - The PDO stays in communication with the various agencies that send revenues, the court, and any other stakeholder to uncover other revenue sources and to make sure that the PDO is getting all the money that it should be. To reduce expenditures - The PDO has taken a variety of measures over the last several months in anticipation of these budgetary shortfalls. Both the Bossier Parish and Webster Parish police juries no longer require the PDO to pay any reimbursement towards transcript costs. Additionally, the Bossier Parish Police Jury assisted with some of the maintenance of the Bossier office and provided a small space in the Courthouse Annex Building for juvenile staff. We renegotiated our contracts with Westlaw for legal research and code books for attorneys, Innovative Office for the Webster parish copy machine rental, and Allied Services for trash pick-up in Bossier. The staff attorneys no longer receive reimbursement for travel to seminars and jails nor do they receive reimbursement for LSBA or local bar association dues or CLE tuition. We ceased providing employer-paid disability insurance and switched health insurance plans to one in which the office has a significant savings each month without reducing the quality of the plan for the employees.
<b>In CY14, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.</b>	1 non-support attorney; 1 staff attorney - The resulting staff now consists of a staff attorney for each of the six divisions of court and a senior attorney for all life without parole cases; 1 contract attorney who handled adult truancy cases in truancy court - Parents charged with misdemeanors related to their children's truancy cases are now appearing on the regular misdemeanor docket so PDO staff attorneys now handle those cases.

<b>Immediate Critical Issue Areas</b>	Office renovations in Webster and more support staff to sufficiently handle the database. Office conditions are bad.
<b>Long-Term Critical Issue Areas</b>	More office space for both locations
<b>Please List All New Hires in 2014 (Name and Title)</b>	Misdemeanor Contract Attorneys - Krystal Aires (no longer with office); Shandrika Jackson. Secretary - Karen Robinson.
<b>Please List All Promotions in 2014 (Name and Title)</b>	None
<b>2014 Media Coverage and/or Major Accomplishments</b>	Mostly special news coverage about funding issues with the PDO.
<b>Number of Expected New Attorney Hires in 2015</b>	None due to reduced revenues and state funding.
<b>Do You Provide Training, Coaching, or Mentoring for New Attorneys? If So, Describe</b>	New attorneys shadow staff attorneys for a couple of weeks to observe court, jail visits, etc. The "buddy system" is used on all cases proceeding to trial and on certain cases due to the nature and the complexity of the case as a tool to learn the possible ways an investigator may be used, motion practice, etc.
<b>Does Your District Office Provide Employee Manuals or Handbooks? (Yes or No - Do Not Attach)</b>	Yes
<b>Describe Supervisory Structure in Your District (For Attorneys and Non-Attorneys)</b>	The attorneys are supervised by the LWOP attorney and the Chief District Defender who observe court, discuss cases with attorneys, and generally act as mentors. Another senior attorney handles collection of time sheets, sign-in sheets, and issues that might arise with the other staff attorneys. The support staff is supervised by the office manager (general human resource issues) and the Data Entry Specialist (monitors the database).
<b>Have Any New Job Titles Been Added to Your District Office in 2014? (Please List Name and Title)</b>	No new job titles have been added but some duties have changed to relieve the workload of some of the support staff. We no longer handle non-support court in either parish due to no right to representation by PDO for those individuals in non-support court.
<b>Please Attach Your Office Organizational Chart</b>	Attached
<b>Any Policy for Caseload/Workload Reduction for Supervisory Staff, Please Describe</b>	The primary senior attorney who observes court and assists with case planning has a reduced case load.
<b>Medical Benefits for Any Staff, Please Describe, Noting Who Pays For the Benefit</b>	Full-Time Benefits: HEALTH - Option A Plan - Office pays 100% of the premiums for the employee; Option B Plan (Upgrade) - Office pays the amount per employee that it pays for Option A and the employee pays the difference in premium. The office pays 25% of the premium for the spouse and children with both plans. DENTAL - Employee pays 100%. VISION - Employee pays 100%.
<b>Regular Meetings for Any Staff, Please Describe</b>	Meetings are conducted as needed due to space constraints and number of locations of offices and courts.

Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?	District has grown and PDO has evolved for the better but criminal justice system as a whole remains static. Operating procedures should evolve with the growing population.
What Changes Have You Implemented in Your District Office in 2014 That Have Improved the Delivery of Public Defender Services?	Overall quality of attorneys has improved.

THE 27<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
ST. LANDRY (OPELOUSAS)

DISTRICT DEFENDER: EDWARD JAMES LOPEZ  
125 WEST LANDRY STREET  
OPELOUSAS, LA 70570  
(337) 942-3003

## 27TH JUDICIAL DISTRICT

During calendar year 2014, the 27th Judicial District Public Defenders Office handled 6,840 cases. The office received \$783,008 in total revenues to handle these cases, approximately 56% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 27th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 27th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY15.

## ST. LANDRY PARISH

Edward J. Lopez  
District Defender  
125 West Landry Street  
Opelousas, LA 70570  
337-942-3003

In the 27th Judicial District, public defense attorneys make an average annual salary of \$67,171 while maintaining caseloads almost twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, the 27th Judicial District Public Defenders Office has handled 9 new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 27th Judicial District due to a lack of capital certified attorneys and/or funding to support capital services in the District Office.

THE 28<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
LASALLE (JENA)

DISTRICT DEFENDER: DERRICK CARSON  
3170 N. 1<sup>ST</sup> STREET  
JENA, LA 71342  
(318) 992-0881

## 28TH JUDICIAL DISTRICT

During calendar year 2014, the 28th Judicial District Public Defenders Office handled 816 cases. The office received \$138,725 in total revenues to handle these cases. Local funds derived primarily from traffic tickets and special court costs are insufficient to support client representation, as approximately 49% of the district's revenues came from state funding.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic due in part to remittances arriving every other month in 2013 as shown in the graph below. Revenues have fallen below the 25% expected increase quite often.

The 28th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

## LASALLE PARISH

Derrick Carson  
District Defender  
3170 N. First Street  
Jena, LA 71342  
318-992-0881

In the 28th Judicial District, public defense attorneys make an average annual salary of \$45,802. Due to a reduction on staff and an increase in workload, public defense attorneys in the district are currently maintaining caseloads more than four times the recommended caseload limit for each attorney.

The 28th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, the 28th Judicial District Public Defenders Office has averages less than one new capital case per year.

The district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 28th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

THE 29<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
ST. CHARLES (HAHNVILLE)

DISTRICT DEFENDER: VICTOR E. BRADLEY, JR.  
15621 AIRLINE HWY. SUITE B  
NORCO, LA 70079  
(985) 764-2338

## 29TH JUDICIAL DISTRICT

During calendar year 2014, the 29th Judicial District Public Defenders Office handled 2,075 cases. The office is self-reliant as 100% of its revenues were derived from local funding which came primarily from traffic tickets and special court costs.

Between CY11 and CY14, the Judicial District Office's local revenues have continued to increase. Consistent revenues have allowed the District Defender to provide living wages to support staff and public defense attorneys, while also maintaining attorney caseloads near the recommended caseload limits.

Since the passage of Act 578 (2012) the 29th Judicial District is one of the only districts in the state to almost consistently meet or exceed the expected 25% increase in local revenues.

**District 29 PDO Revenue Sources CY14**

**Impact of Act 578 on District 29 PDO**

**District 29 PDO Finances CY10-14**

## ST. CHARLES PARISH

Victor E. Bradley, Jr.  
District Defender  
15621 Airline Highway, Ste. B  
Norco, LA 70079-0188  
985-764-2338

In the 29th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney and well below the state average.

Through increased training and supervision, client outcomes have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, the 29th Judicial District has handled one new capital prosecution.

However, the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 29th Judicial District due to a lack of capital certified attorneys and/or funding to support capital services in the District Office.

THE 30<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
VERNON (LEESVILLE)

DISTRICT DEFENDER: TONY TILLMAN  
501 SOUTH FOURTH STREET  
LEESVILLE, LA 71446  
(337) 392-3077

## 30TH JUDICIAL DISTRICT

During calendar year 2014 the 30th Judicial District Public Defenders Office handled 2,045 cases. The office received \$498,487 in total revenues to handle these cases, approximately 91% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase more than fifty percent of the time.

The 30th Judicial District office nearly exhausted its fund balance in 2012 and has replenished it somewhat in later year. However, declining local revenues in CY14 have forced the fund balance into decline again.. Without a significant increase in revenues or reduction in

## VERNON PARISH

**Tony Tillman**  
District Defender  
501 South Fourth Street  
Leesville, LA 71496  
337-392-3077

In the 30th Judicial District, public defense attorneys make an average annual salary of \$57,784 while maintaining caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client outcomes have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, the 30th Judicial District has not handled any new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 30th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

The majority of misdemeanor counsel is assigned at arraignment. In an effort to get applicants into the system sooner, the district defender created a Notice which the Sheriff mails to the defendants along with the Notice of arraignment advising the defendants to apply for counsel PRIOR to the day of arraignment. This has helped, and about half of the defendants come in before arraignment, the balance is dealt with at arraignment.

<b>Primary Immediate Needs</b>	Additional funds to obtain an investigator, a social worker, and additional staff. We are having difficulties getting current data into the system, and I think the only effective solution is to have all the data input by the district defenders office directly rather than rely on the individual contract attorneys. One employee can Not do all the intake, bookkeeping, bill paying, office administration, etc, and do all the data input.
<b>Do you foresee the possibility of the district entering a Restriction of Services in the coming year, and if so, what are your initial preparatory steps to address this issue?</b>	We are already in the process and will find out if our ROS plan is approved by the Board.
<b>In CY14, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.</b>	None

<b>Immediate Critical Issue Areas</b>	Data input is a critical area for us-since the budget is dependent on the data, our district will continue to get short changed until I can solve this problem. The attorneys continually complain that they do Not mind the legal work; it is the data collection they complain about.
<b>Long-Term Critical Issue Areas</b>	Need of office space and staff, particularly an investigator and social worker. With a drug court and extensive OCS caseload, a social worker would greatly benefit our clients

<b>Does Your District Office Provide Employee Manuals or Handbooks? (Yes or No - Do Not Attach)</b>	Yes
<b>Describe Supervisory Structure in Your District (For Attorneys and Non-Attorneys)</b>	With only 1 full time employee supervising her is easy-she sits in an office next to mine and I see her many times a day. The attorneys are all on contract and have their own offices. I see them in court regularly, and meet with the judges and the DA and ask for observations about the attorneys' performance. ## THE 31<sup>ST</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE

JEFFERSON DAVIS (JENNINGS)

DISTRICT DEFENDER: DAVID E. MARCANTEL  
300 NORTH STATE STREET, ROOM 203  
JENNINGS, LA 70546  
(337) 824-4900

## 31ST JUDICIAL DISTRICT

During calendar year 2014, the 31st Judicial District Public Defenders Office handled 1,425 cases. The office received \$453,717 in total revenues to handle these cases, approximately 76% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the passage of Act 578 (2012), the 31st has generally failed to realize the 25% increase in local funds that was expected to materialize.

As local revenues have declined, the 31st Judicial District Office has relied heavily on its fund balance. While it is too early to project when the 31st Judicial District Office will exhaust its fund balance, without an increase in revenues or reduction in expenditures the office will eventually become insolvent.

## JEFFERSON DAVIS PARISH

David E. Marcantel  
District Defender  
300 North State Street, Room 203  
Jennings, LA 70546  
337-824-4900

In the 31st Judicial District, public defense attorneys make an average annual salary of \$64,416 while maintaining caseloads in excess of the recommended caseload limit for each attorney.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 31st Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 31st Judicial District due to a lack of capital certified attorneys and/or funding to support capital services in the District Office.

# THE 32<sup>ND</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE TERREBONNE (HOUMA)

DISTRICT DEFENDER: ANTHONY CHAMPAGNE  
504 BELANGER STREET  
HOUMA, LA 70360  
(985) 873-6831

## 32ND JUDICIAL DISTRICT

During calendar year 2014, the 32nd Judicial District Public Defenders Office handled 4,868 cases. The office received \$1,260,041, 69% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 32nd has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 32nd Judicial District office's expenditures generally exceed the office's revenues. While it is too early to project when the 32nd Judicial District office will exhaust its fund balance, without an increase in revenues or reduction of expenditures, the office will continue to deplete its fund balance eventually becoming insolvent.

In the 32nd Judicial District, public defense attorneys maintain caseloads almost twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years and acquittals and dismissals have rapidly increased since 2009 albeit with a recent drop in CY13.

<b>Primary Immediate Needs</b>	As mentioned on this item in previous reports, this office once employed two attorneys for each district court division. One attorney handled all cases involving violations of control dangerous substance statutes. The other attorney handled all other cases. Three years ago, before the State Board adopted the restriction of service protocol rules, this office cut the five positions for handling drug violation cases. Even with the legislation for increase of court costs, we have not realized the type of revenue that would allow for the reinstatement of those positions. Reinstatement of these positions would help substantially in the reduction of caseloads for the remaining five division attorneys.

# THE 33<sup>RD</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE ALLEN (OBERLIN)

DISTRICT DEFENDER: DAVID DESHOTELS  
(INTERIM DISTRICT DEFENDER ALEX CHAPMAN EFFECTIVE JANUARY 1ST, 2015)

317 W. 6<sup>TH</sup> AVENUE  
OBERLIN, LA 70655  
(337) 639-4309

## 33RD JUDICIAL DISTRICT

During calendar year 2014, the 33rd Judicial District Public Defenders Office handled 531 cases. The office received \$255,189 in total revenues to handle these cases, approximately 72% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 33rd has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 33rd Judicial District office has exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

## ALLEN PARISH

David Deshotels  
District Defender  
(Alex D. Chapman  
Interim as of January 1, 2015)  
317 W. 6th Avenue  
Oberlin, LA 70655  
318-255-5100

In the 33rd Judicial District, public defense attorneys maintain caseloads below the recommended caseload limit for each attorney.

The 33rd Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 33rd Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 33rd Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

# THE 34<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE ST. BERNARD (CHALMETTE)

DISTRICT DEFENDER: THOMAS H. GERNHAUSER  
2118 JACKSON BLVD., SUITE B  
CHALMETTE, LA 70043  
(504) 278-4438

## 34TH JUDICIAL DISTRICT

During calendar year 2014, the 34th Judicial District Public Defenders Office handled 3,634 cases. The office received \$252,368 in total revenues to handle these cases. As local funding is largely insufficient, approximately 55% of revenues came from local funding.

The 34th has failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012), in fact revenues are generally lower than pre-Act 578 levels.

The 34th Judicial District office has nearly exhausted its fund balance in CY14, and the declining local revenues in CY14 will accelerate the fund balance depletion. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

## ST. BERNARD PARISH

Thomas H. Gernhauser  
District Defender  
2118 Jackson Blvd., Suite B  
Chalmette, LA 70043  
504-278-4438

In the 34th Judicial District, public defense attorneys make an average annual salary of \$43,550 while maintaining caseloads more than three times the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, the 34th Judicial District has handled one new capital prosecution.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 34th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

# THE 35<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE GRANT (COLFAX)

DISTRICT DEFENDER: ROBERT L. KENNEDY  
352 SECOND STREET  
COLFAX, LA 71417  
(318) 627-3255

## 35TH JUDICIAL DISTRICT

During calendar year 2014, the 35th Judicial District Public Defenders Office handled 696 cases. The office received \$166,706 in total revenues to handle these cases, approximately 64% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 35th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 35th Judicial District office has nearly exhausted its fund balance and CY14 revenues are in decline. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

## GRANT PARISH

Robert L. Kennedy  
District Defender  
352 Second Street  
Colfax, LA 71417  
318-627-3255

In the 35th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

The 35th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 35th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 35th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

# THE 36<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE BEAUREGARD (DERIDDER)

DISTRICT DEFENDER: DAVID L. WALLACE  
518 NORTH PINE STREET  
DERIDDER, LA 70634  
(337) 462-8891

## 36TH JUDICIAL DISTRICT

During calendar year 2014, the 36th Judicial District Public Defenders Office handled 879 cases. The office received \$378,249 in total revenues to handle these cases, approximately 75% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 36th Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 36th Judicial District office's expenditures exceed the office's revenues except in CY13 and CY14 where revenues very slightly exceed expenditures. While it is too early to project when the 36th Judicial District office will exhaust its fund balance, without an increase in revenues or reduction in expenditures, the office will continue to deplete its fund balance eventually becoming insolvent.

District Defender  
518 North Pine Street  
DeRidder, LA 70634  
337-462-8891

---

In the 36th Judicial District, public defense attorneys make an average annual salary of \$48,569 while maintaining caseloads near the recommended caseload limit for each attorney.

---

## CAPITAL REPRESENTATION

---

Since 2009, there have been no new capital prosecutions in the 36th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 36th Judicial District due to a lack of capital certified attorneys and/or funding to support capital services in the District Office.

THE 37<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
CALDWELL (COLUMBIA)

DISTRICT DEFENDER: LOUIS CHAMPAGNE  
301 WALL STREET  
COLUMBIA, LA 71418  
(318) 649-2626

## 37TH JUDICIAL DISTRICT

During calendar year 2014, the 37th Judicial District Public Defenders Office handled 639 cases. The office received \$160,164 in total revenues to handle these cases. As local funding is largely insufficient, approximately 74% of revenues came from state funding.

With the exception of those months when no local funds were remitted in the baseline year of 2012, the 37th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 37th Judicial District office has nearly exhausted its fund balance while CY14 local revenues are in decline. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

## CALDWELL PARISH

Louis V. Champagne  
District Defender  
301 Wall Street  
Columbia, LA 71418  
318-649-2626

In the 37th Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney.

The 37th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 37th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 37th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

DISTRICT DEFENDER: HARRY FONTENOT  
CAMERON PARISH COURTHOUSE, 119 SMITH CIRCLE, 3RD FLOOR  
CAMERON, LA 70631  
(337) 775-8131

## 38TH JUDICIAL DISTRICT

During calendar year 2014, the 38th Judicial District Public Defenders Office handled 51 cases. The office received \$90,599 in total revenues to handle these cases, 100% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 38th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 38th Judicial District office is not currently engaged in deficit spending. However, a recent spike in attorney caseloads may lead depletion of the district's fund balance.

During calendar year 2014, attorney caseloads have increased in the 38th Judicial District. Public defense attorneys are currently maintaining caseloads more than two and one half times the recommended caseload limit for each attorney.

The 38th Judicial District is a rural district that handles only a small number of cases each year. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 38th Judicial District.

However the district has no local capacity for capital prosecutions and are completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 38th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

# THE 39<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE RED RIVER (COUSHATTA)

DISTRICT DEFENDER: BRIAN MCRAE  
111 N. WASHINGTON STREET  
MANSFIELD, LA 71052  
(318) 872-2973

## 39TH JUDICIAL DISTRICT

During calendar year 2014, the 39th Judicial District Public Defenders Office handled 489 cases. The office received \$123,952 in total revenues to handle these cases, approximately 31% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 39th Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 39th Judicial District office exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

## RED RIVER PARISH

Brian McRae  
District Defender  
111 N. Washington Street  
Mansfield, LA 71052  
318-872-2973

In the 39th Judicial District, public defense attorneys maintain caseloads more than three times the recommended caseload limit for each attorney.

Reliance on insufficient revenues have resulted in caseloads that exceed established caseload limits. As shown in the outcome figures below, excessive caseloads limit each defender's ability to provide effect assistance of counsel to his/her clients.

## CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 39th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 39th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

THE 40<sup>TH</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
ST. JOHN THE BAPTIST (EDGARD)

DISTRICT DEFENDER: RICHARD B. STRICKS  
75 DOMINICAN DRIVE, SUITE 202  
LAPLACE, LA 70068-3400  
(985) 651-6677 x 200

## 40TH JUDICIAL DISTRICT

During calendar year 2014, the 40th Judicial District Public Defenders Office handled 2,142 cases. The office has traditionally been self-reliant as 100% of its revenues were derived from local funding which came primarily from traffic tickets and special court costs.

Since the passage of Act 578 (2012) in the 40th Judicial District, the expected 25% increase in local revenues has consistently failed to materialize.

Between FY11 and FY14, the Judicial District Office's local revenues have decreased while expenditures have remained relatively constant. Local revenues have decreased to the extent that in FY14, for the first time, the State began providing an appropriation to help cover the gap between the district's revenues and expenditures.

Between FY11 and FY14, the Judicial District Office's local revenues have decreased while expenditures have remained relatively constant.

Local revenues have decreased to the extent that in FY14, for the first time, the State began providing an appropriation to help cover the gap between the district's revenues and expenditures. Recently, in FY14 local revenues are on the incline, but nowhere near the FY11 baseline.

<b>Are Your Office Accounting Services Handled In-House? (If not, name the third party who provides these services)</b>	Yes
<b>Courts and Locations</b>	District Court is located in Edgard (West Bank); Annex Courthouse is located in La Place (East Bank).
<b>Number of Divisions/Sections of Criminal Court for Each Court in District (Include City Court, Municipal Court, etc.)</b>	Three Divisions of Court. Each Division holds court in both the District and Annex Courthouses.

<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	According to a pre-set grid or table, the cases are generally divided among the lawyers based on the division of court and the last digit of the case number. Example: In each division of court, the cases that end in an odd digit are normally assigned to one attorney and those ending in an even digit are assigned to another. When a defendant has more than one case in a division of court, the same lawyer is assigned to all such cases. When there are more than two clients in any case, the lawyers who handle cases in another division of court are assigned according to that grid. A copy of the grid has been attached to the electronic version of the district narrative.
<b>Name of Adult Detention Facilities in This District</b>	1. Sherman Walker Correctional Center; 2. St. John the Baptist Parish Jail ("old jail"); Both are located in La Place.
<b>Name of Adult Detention Facilities Outside the District Which Hold Clients</b>	For security reasons, some St. John inmates are housed in other parishes, typically Nelson Coleman Correctional Center in St. Charles parish.
<b>Name of Juvenile Detention Facilities In This District</b>	None
<b>Name of Juvenile Detention Facilities Outside the District Which Hold Clients</b>	Assumption Parish Youth Detention Center; Napoleonville, Louisiana.
<b>Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?</b>	Yes; to get to the Youth Detention Center from the Public Defenders Office requires approximately 2 hours and is a 85.2 miles round trip.
<b>Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.</b>	Yes; each juvenile is transported in shackles and remains shackled during the hearing. Only once the judge orders the juvenile's release from custody are the shackles removed.
<b>Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe</b>	Yes; each local jail has only one attorney booth. Thus, only one attorney at a time can visit clients in jail, unless the public visitation area is used. Also, the hours for attorney visitation are restricted, limited to only 6 hours per day, 3 hours in the morning and 3 hours in the afternoon, with a 2 hour break in between. Attorney visitation during weekends and holidays is also restricted and requires advanced permission from the warden.
<b>District Attorney</b>	Thomas Daley; Bridgette Dinvaut will be sworn in as District Attorney on January 12, 2015.
<b>Chief Judge of Criminal District Court</b>	Rotates annually; 2014 = Judge Madeline Jasmine; 2015 = Judge Mary Hotard Becnel.
<b>Juvenile Court Judges (Specify District of City Court)</b>	Division A- Judge Madeline Jasmine; Division B= Judge Mary Hotard Becnel; Division C= Judge Sterling J. Snowdy; All are District Court Judges
<b>Drug Court Judges</b>	Judge Madeline Jasmine
<b>Mental Health Court Judges</b>	None
<b>Other Specialty Court</b>	Yes

<b>Name of Specialty and Brief Description:</b>	<p>Truancy Court. The judge reviews the attendance of juveniles registered in schools of St. John the Baptist Parish, including absences and tardiness. Nearly 80% of cases are resolved during the initial stage, where the judge orders that both the juvenile and the parent comply with the attendance policy of the school. At a subsequent date, if the juvenile is not in compliance, the FINS coordinator files a truancy petition alleging that the juvenile is either not attending school or has a substantial amount of tardiness. If the District Attorney determines that the parent is at fault, a misdemeanor charge of improper supervision may be filed against him/her and a trial may be held in truancy or misdemeanor court. Judge Mary Hotard Becnel presides over Truancy Court.</p>
<b>Indigency Determined by Whom and How?</b>	<p>Every Thursday, during office hours, the Public Defender Office takes applications from persons who are not incarcerated and who are seeking a public defender. The applicant is questioned using a standardized application form, which may be longer depending on the financial circumstances. The sworn application is reviewed by the District Defender who then either assigns counsel or files a certification of ineligibility. Both the "Affidavit of Poverty and Application for Public Defender Services" (short form) and the "Application for Public Defender Services" (long form) have been attached to the electronic version of the district narrative. Also the "Notice of Assignment of Counsel" and the "Certification Regarding Eligibility for the Services of a Public Defender" have been attached to the electronic version of the district narrative.</p>
<b>When is Assignment/Appointment of Counsel Made?</b>	<p>Within 72 hours after arrest, the duty judge speaks to the inmates by telephone or by video. An order appointing counsel is faxed to the PDO. The District Public Defender is appointed by name to all cases. He or an investigator does the initial jail visit to assign a line defender, generally within 3 judicial days. The client is given a paper with information about applying for services upon release on bail and the name and phone number (free, not collect, calls) of the defender who is assigned. That information is also filed into the court record. For those who post bail, counsel is assigned after a formal application is made (see previous answer).</p>
<b>Initial Client Intake Conducted By Whom? (Name and Title)</b>	<p>When the order appointing counsel is received at the PDO, or after formal application, the information is entered into the database by either Diana G. Tambunga, secretary, or Ashley A. Bogac, secretary.</p>

<b>Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)</b>	The lawyers have been provided with an interview sheet to use when conducting client interviews at the jail. The first jail visit or video conference is done by the District Defender, during which data is entered into the database and notes are made. In most misdemeanor cases, no formal interview sheet is used for initial interviews. Copies of the interview sheets are attached, labeled Exhibit A.
<b>Brief Explanation of Intake Process</b>	The lawyers have been provided with an interview sheet to use when conducting client interviews at the jail. The first jail visit or video conference is done by the District Defender, during which data is entered into the database and notes are made. A line defender is assigned by the District Defender. In most misdemeanor cases, no formal interview sheet is used for initial interviews. Copies of the interview sheets are attached, labeled Exhibit A.
<b>\$40 Application Fees (per R.S. 14:175)</b>	
<b>Does the Office Collect the \$40 Application Fee?</b>	Yes
<b>How Many Applications for Services Were Received?</b>	Approximately 202
<b>How Many Application Fees Were Waived?</b>	Unknown; The application fee is waived while the defendant is incarcerated and only when a defendant has applied and been approved in an open pending case, and is subsequently charged in a new case. Only then is the fee waived in the second case.
<b>How Many Application Fees Were Reduced?</b>	None
<b>Total Application Fee Dollars Collected in 2014</b>	8,073. Previous reported amount (reported for CY2013) was inaccurate since other income was erroneously included.
<b>Does Another Agency Collect This Fee On Your Office's Behalf? If So, Which Agency Collects These Fees?</b>	No
<b>\$45/\$35 Special Cost (Court Fees, per R.S.15:168 )</b>	
<b>Total Revenue from \$45/\$35 Special Costs Received in 2014</b>	679,819
<b>Does the Court Assess the Mandatory Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.</b>	Yes; except in some cases, where a term of incarceration, without suspension, is actually imposed. Additionally, if a client is arrested for failing to appear in court to prove that they have paid the court costs, the appointed lawyer may request credit for time served, in lieu of payment, in which case the money is not collected.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?</b>	In those cases handled by a Public Defender, information is received from the trial lawyer. Ordered fees, over and above the mandatory \$45 court fee, are entered into the database from information received from the trial lawyer. A collection letter is then sent out to the client and followed up by a report to the Louisiana Department of Revenue's "Refund Offset Program" if said fees are not paid in a timely manner.

<b>Who Collects the Assessed Court Fees?</b>	As to the mandatory \$45 court fee, the sheriff collects the funds and distributes them monthly. Other court ordered fees are collected directly from the clients at the Public Defender Office or by a probation officer.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	As to the mandatory \$45 court fee, a monthly statement is received from the sheriff specifying the amount collected. The District Attorney provides a monthly print out of costs collected. The Sheriff provides a form similar to that created by the LPDB.
<b>Who Remits the Court Fees Collected?</b>	Court Costs, including the mandatory \$45 court fee, are distributed by the sheriff.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	As to the mandatory \$45 court fee, a monthly statement is received from the sheriff specifying the amount distributed. Ordered fees, over and above the mandatory \$45 court fee, are entered into the database when received.
<b>Partial Indigence Payments (per R.S.15:175/Ch.C.Art. 321)</b>	
<b>Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment</b>	At the time of application, if the answers to the financial inquiries indicate that the defendant is partially indigent, he/she is requested by the District Defender to set a reasonable weekly or monthly amount to pay until the disposition of the case, without creating a substantial financial hardship to him/herself or to his/her dependent(s).
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?</b>	A record is made at the time of the application and certification is submitted to the judge. If the judge orders the payment, it is entered into the database as an ordered fee by either Diana G. Tambunga or Ashley A. Bogac.
<b>Who Collects the Assessed Partial Payments?</b>	The PDO staff collects the assessed partial payments.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	A receipt is given and the payment is entered into the database by PDO staff.
<b>Who Remits the Partial Payments Collected?</b>	The clients, either in person or by mail, remit the payments.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	See above.

# THE 41<sup>ST</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE ORLEANS (NEW ORLEANS)

DISTRICT DEFENDER: DERWYN D. BUNTON  
2601 TULANE AVENUE, STE. 700  
NEW ORLEANS, LA 70119  
(504) 821-8101

## 41ST JUDICIAL DISTRICT

During calendar year 2014, the 41st Judicial District Public Defenders Office handled 22,011 cases. The office received \$6,078,135 in total revenues to handle these cases, approximately 61% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 41st Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 41st Judicial District office has exhausted its fund balance, however due to significant investments made by the City of New Orleans, the office is expected to remain solvent.

District Defender  
2601 Tulane Avenue, Suite 700  
New Orleans, LA 70119  
504-821-8101

In the 41st Judicial District, public defense attorneys make an average annual salary of \$51,570 while maintaining caseloads near the recommended caseload limit for each attorney.

Through increased training and supervision, client outcomes have significantly improved over the last five years.

## CAPITAL REPRESENTATION

Since 2009, the 41st Judicial District has averaged 29 new capital prosecutions each year. However, the district only has the local capacity to handle four capital prosecutions and is almost completely reliant on program offices for representation.

Without the contract programs, the ability to prosecute capital cases will be greatly reduced in the 41st Judicial District due to a lack of capital certified attorneys and/or funding to support capital services in the District Office.

<p><b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b></p>	<p>Once appointed to the case by a judicial officer, after an initial conflict analysis, OPD assigns the case to either the OPD trial division, the OPD conflict division, or the OPD conflict panel. Within each of these, a case is assigned to an individual attorney based on the type of case/charge and the practice level of the attorney. OPD does continuous representation of all clients from appointment through the final disposition of the case. In the OPD Trial Division, case assignments are also made based on the initial allotment of the section of court for the case. In Municipal Court, all cases are misdemeanors and are at the same practice level. There, four full-time lawyers are permanently assigned to sections of court and cases are assigned after appointment based on the section of court for the case. Another full-time lawyer is also assigned to Municipal Court to handle cases in all sections of court. OPD employs one part-time attorney for Traffic Court and all traffic cases go to that attorney. Juvenile Court work is mostly handled independently by the Louisiana Center for Children's Rights (formally Juvenile Regional Services) through a contract between LCCR and the Louisiana Public Defender Board. Both the OPD Trial Division and the OPD Conflict Division represent juvenile clients who face the possibility of either discretionary or mandatory transfer from Juvenile Court to Criminal District Court. There is continuous representation of juvenile transfer clients by OPD Trial Division and OPD Conflict Division -- starting from the clients initial continued custody through disposition of the case in either Juvenile or Criminal District Court.</p>
<p><b>Name of Adult Detention Facilities in This District</b></p>	<p>Orleans Parish Prison, Templeman Phase V, Conchetta, Tents, Temporary Detention Center, and Central Lockup.</p>
<p><b>Name of Adult Detention Facilities Outside the District Which Hold Clients</b></p>	<p>Orleans Parish may house pre-trial clients outside the parish due to a lack of appropriate capacity in Orleans Parish Prison facilities, which is undergoing construction. For instance, OPD clients with acute mental illness are housed at the Hunt Correctional Facility. Other OPD clients are housed in St. Charles Parish. Additionally, OPD is called upon to represent clients held in Louisiana Department of Public Safety and Corrections (State) facilities. This usually occurs because clients are serving a sentence for one charge (or set of charges) while awaiting trial on another charge or charges.</p>
<p><b>Name of Juvenile Detention Facilities In This District</b></p>	<p>Youth Study Center; 1100 Milton Street, New Orleans, LA 70122</p>
<p><b>Name of Juvenile Detention Facilities Outside the District Which Hold Clients</b></p>	<p>N/A</p>
<p><b>Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?</b></p>	<p>OPD is not able to adequately represent clients held at facilities distant from Orleans Parish. With regard to clients with mental health issues held at Feliciana, we are attempting to institute a programmatic response, tasking a small unit of attorneys with handling mental health cases. This is a significant outlay of limited budget resources, but is necessary for the <u>adequate representation of all clients.</u></p>
<p><b>Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.</b></p>	<p>Yes</p>

<b>Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe</b>	Due to difficulties seeing our detained clients in Orleans Parish Prison - long wait-times, lack of confidential and private meeting areas, irregular visitation hours - OPD sued Sheriff Marlin Gusman in Orleans Parish Civil District Court. OPD entered into a stipulated judgment and conditions are improving under the watchful eye of the court. Also, clients detained in facilities outside Orleans Parish hinder access to clients and costs OPD additional expenses for its staff to visit clients.
<b>District Attorney</b>	Hon. Leon Cannizzaro
<b>Chief Judge of Criminal District Court</b>	Hon. Benedict Willard
<b>Juvenile Court Judges (Specify District of City Court)</b>	Judges: Ernestine Gray (Chief Judge), Candice Bates-Anderson, Lawrence Lagarde, Mark Doherty, Tammy Stewart, Yolanda King.
<b>Drug Court Judges</b>	Judges: Tracey Flemmings-Daviller "B"; Benedict Willard "C"; Camille Buras "H"; Karen Herman "I"; Darryl Derbigny "J"; Franz Zibilich "L"; and Harry Cantrell "Magistrate". Julian Parker "G" discontinued its drug court during in 2014.
<b>Mental Health Court Judges</b>	Judge Karen Herman "I", Judge Desiree Charbonnet "C" Municipal Court.
<b>Other Specialty Court</b>	Re-entry Court, Judge Laurie White "A"; Veteran's Court, Judge Authur Hunter "K"; and Domestic Violence Court, Judge Harry Cantrell "Magistrate"; Homeless Court, Judge Paul Sens "A" Municipal Court.
<b>Name of Specialty and Brief Description:</b>	The Re-entry Court is designed to assist clients returning to the community after longer term incarceration in State correctional facilities. Veterans Court is designed to assist military veterans gain access to programming and support designed to assist them and prevent criminal involvement. Domestic Violence Court is an intensive probation. Homeless Court is designed to assist the homeless receive much needed treatment and services.
<b>Indigency Determined by Whom and How?</b>	In Criminal District Court, the judicial officer at first appearance determines indigency for arrestees - often with the assistance of information gathered by interviews of the arrestee by New Orleans Pretrial Services. Sometimes, there is also a colloquy between the arrestee and the judicial officer before the determination is made. If an arrestee has not been deemed indigent at first appearances, the arrestee is then set for a hearing to determine counsel (HTDC) within a week. If the arrestee is still incarcerated at the HTDC, and has not secured private counsel, the arrestee is deemed indigent and appointed to OPD. In Criminal District Court, judges routinely revisit indigency determinations at arraignment. In Municipal Court, first appearance and arraignment occur simultaneously. Incarcerated arrestees are presumed indigent by the court. Those not in custody who cannot afford to hire attorneys are referred to OPD staff, who interview the defendant and makes a recommendation to the Court. The Municipal Court judge then makes a decision regarding indigency.
<b>When is Assignment/Appointment of Counsel Made?</b>	OPD assigns counsel after an indigency and appointment determination is made by the Court. For the majority of assignments, OPD assigns an attorney to the case on the same day OPD is assigned to the case. When appointment is made at night or weekends, OPD assigns the case to an attorney within 24 hours.
<b>Initial Client Intake Conducted By Whom? (Name and Title)</b>	At First Appearances, initial client intake is conducted either by the magistrate attorney or by a client advocate from OPD's Client Services Division. After appointment, the attorney assigned does the initial interview. If the OPD client is incarcerated, the initial interview is conducted by the assigned attorney within 72 hours of appointment.
<b>Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)</b>	Yes

<b>Brief Explanation of Intake Process</b>	OPD and the judges of the Orleans Parish Criminal District Court entered into an agreement to work cooperatively to carry out the mandates of La. R.S. 15:1758. On June 3, 2011, the judges met en banc and approved a plan to assist OPD in the collection of the \$40.00 application fee. If a defendant is deemed to be indigent at arraignment, the judge will order the defendant to pay the application fee of \$40 to the cashier on the first floor of Criminal District Court. In Municipal Court, any application fee is paid to OPD staff.
<b>\$40 Application Fees (per R.S. 14:175)</b>	
<b>Does the Office Collect the \$40 Application Fee?</b>	Yes, the OPD collects the application fee in Municipal Court. No, the OPD does not collect the application fee in Criminal District Court. The fee is paid to the CDC's cashier.
<b>How Many Applications for Services Were Received?</b>	Once the court determines a defendant to be indigent and appoints OPD to represent the defendant, there is no additional application that the defendant must complete in order to receive representation. The defendant may complete a brief client questionnaire with contact information, medical issues, and other issues the defendant may want to bring to the attention of the assigned attorney.
<b>How Many Application Fees Were Waived?</b>	Pursuant to an agreement entered into with the Criminal District Court, the court will not order pretrial detained, indigent defendants to pay the \$40 application fee. In other words, the fee is practically waived for incarcerated, indigent defendants.
<b>How Many Application Fees Were Reduced?</b>	Pursuant to an agreement entered into with the Criminal District Court, the application fee is not reduced. The defendant must pay the full \$40.
<b>Total Application Fee Dollars Collected in 2014</b>	\$8,771 (\$3,761 from Criminal District Court (CDC), collected by CDC cashiers and \$5,010 from Municipal Court, collected by OPD).
<b>Does Another Agency Collect This Fee On Your Office's Behalf? If So, Which Agency Collects These Fees?</b>	OPD does not physically collect the \$40 fee from the indigent defendant in Criminal District Court. The defendants are ordered by the court to pay the fee to the Cashier's Office in the Criminal District Court. The defendants are provided with a payment slip which they are to bring to the Cashier's Office. The Criminal District Court charges a 25% collection fee.
<b>\$45/\$35 Special Cost (Court Fees, per R.S.15:168 )</b>	
<b>Total Revenue from \$45/\$35 Special Costs Received in 2014</b>	1,642,933 (Revenue was down in 2014. However, in 2013, \$200,180 in safety belt revenue was included in the \$2,120,118 total that should not have been).
<b>Does the Court Assess the Mandatory Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.</b>	Every time there is a conviction, judges assess court costs. Included in the court costs is the mandatory special cost. Many judges do not specify on the record that they are assessing the mandatory special cost. Thus, the understanding is the special cost is included in the total court costs that is assessed to each convicted defendant.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?</b>	In a monthly remittance from Traffic, Municipal and Criminal District Court, a payment summary is included with the payment. The payment summary includes: the defendants name, section and case number, date the costs are assessed and collected, amount of assessment and actual collection.
<b>Who Collects the Assessed Court Fees?</b>	The Cashier's Offices in the courts collect all court fines, fees and costs.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	The Judicial Administrators are responsible for providing documentation to OPD on a monthly basis.
<b>Who Remits the Court Fees Collected?</b>	The Judicial Administrator's Office under the direction of the judges en banc.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	In a monthly remittance from Traffic Court, Municipal Court, the Sheriff's office (quarterly) and Criminal District Court, a payment summary is included with the payment. The payment summary includes: the defendants name, section and case number, date the costs are assessed and collected, amount of assessment and actual collection.
<b>Partial Indigence Payments (per R.S.15:175/Ch.C.Art. 321)</b>	

<b>Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment</b>	The judges will determine whether a defendant is indigent or partially indigent. If the defendant is partially indigent, the judges will assess a representation fee to the defendant. The judges do not provide any documentation to the defendant but orders the defendant to pay the Indigent Defender Fund either by the next court date or by the end of the case.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?</b>	N/A
<b>Who Collects the Assessed Partial Payments?</b>	The defendant is ordered to pay the Indigent Defender Fund directly. The defendant then comes to OPD and makes a payment or a payment arrangement with the administrative staff.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?</b>	Since this fee is collected by OPD directly, OPD is responsible for accounting this money.
<b>Who Remits the Partial Payments Collected?</b>	Again, since this fee is collected by OPD directly, OPD is responsible for accounting this money from collection to remittance.
<b>What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?</b>	Again, since this fee is collected by OPD directly, OPD is responsible for accounting this money from collection to remittance.

The assigned OPD attorney then stays on the case through disposition.

<b>Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?</b>	The ongoing issue regarding jail visitation and contact/confidential visits, which is currently under a stipulated judgment from a lawsuit filed on behalf of OPD, affects delivery of services. Hostile and unprofessional reaction to zealous advocacy for our clients, especially in the presence of our clients, affects our delivery of services. The inability to meaningfully consult with and interview clients after appointment and before first appearances, affects our advocacy for our clients at First Appearances.

<p><b>What Changes Have You Implemented in Your District Office in 2014 That Have Improved the Delivery of Public Defender Services?</b></p>	<p>OPD increased its training capacity in 2014 - holding numerous CLE sessions, monthly investigator trainings, weekly trainings for new attorneys, and weekly caserounds by practice level. OPD improved and grew both the Capital Division (started in late 2012) and the Conflict Division (re-started in late 2012). 2014 also involved continued implementation of planned changes to the OPD conflict panel. The quality of panel attorneys has improved and the billing process was simplified and streamlined for increased savings. In addition, in 2014 OPD sought outside funding sources to improve delivery of Public Defender Services -- including the Ben Levick-Sullivan investigative fellowship and City funding for an additional social worker for Client Service Division. 2014 was the second full year of our reorganized, consolidated Client Services Division, which assists OPD in fulfilling its mission to advocate for our clients in a more holistic and comprehensive manner. 958 new direct services were initiated to 574 different OPD clients (with new 2014 cases) by OPD's Client Services Division -- including alternatives to incarceration, assisting with substance abuse and mental health treatment for clients, social service referrals and mitigation.</p>

THE 42<sup>ND</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE  
DE SOTO (MANSFIELD)

DISTRICT DEFENDER: STEVEN R. THOMAS  
111 NORTH WASHINGTON AVENUE  
MANSFIELD, LA 71052

## 42ND JUDICIAL DISTRICT DESOTO PARISH

During calendar year 2014, the 42nd Judicial District Public Defenders Office handled 1,538 cases. Traditionally self-reliant, the 42nd PDO's local revenues have slowly increased since FY11, primarily from traffic tickets and special court costs, with a notable FY13 increase during the Haynesville Shale Natural Gas Boom.

From FY11 to FY14 expenditures have remained relatively constant resulting in Fund Balance accruals. By virtue of a Cooperative Endeavor Agreement with the 11th PDO following the creation of the 42nd, the fund balance of both districts are shared. The shortfalls in the 11th are slowly depleting gains in the 42nd.

Since the passage of Act 578 (2012) in the 42nd PDO, the expected 25% increase in local revenues has frequently failed to materialize. Act 578 revenue expectations were met or exceeded in only 8 out of 24 months during FY13 and FY14, as shown in the graph below.

# LOUISIANA PUBLIC DEFENDER BOARD

EQUAL JUSTICE FOR ALL

John Bel Edwards  
Governor

Judge Robert J. Burns (Ret.)  
Chairman

James T. Dixon, Jr.  
State Public Defender

January 28, 2016

The public defense system in Louisiana has been persistently underfunded since its inception. In 2012, the Louisiana Public Defender Board (LPDB) sought additional funding from the legislature. It was known, even then, that the present funding mechanism for the individual districts was inadequate, unstable, and unreliable. At that time, we forecasted a financial crisis should additional funding not be forthcoming. The Louisiana legislature responded to this notice of crisis by increasing funds due to the local districts from \$35 to \$45 pursuant to R.S. 15:168. It should be noted that, on average, 66% of a district's funding is raised locally and stays in the district with a majority of local funding being raised through fees received from traffic tickets. The LPDB merely supplements these locally raised fees and fines. It was anticipated that locally generated revenues would increase by 25%. The expected end result was an increase of approximately \$8,000,000 in local funding, annually, which would have resolved the matter and avoided the crisis foretold. Unfortunately, this increase has been offset, and often surpassed, by the decrease in court filings in the individual district throughout the state. As a result, the financial crisis we anticipated in 2012 has not been averted, as intended by the legislature. Instead, we are experiencing financial crises in more than 10 districts and we expect that number to increase as we go forward.

The reformation of public defense in Louisiana is an on-going process. It began with the passage of the Louisiana Public Defender Act in 2007, re-organizing an antiquated delivery system for indigent defense. The previous delivery system all too often culminated in a "meet, greet and plea" system whereby defense counsel was reduced to the role of a mere presence during a plea, rather than an advocate for the client. The Act also established the independence of the defense function from its historical control by the judiciary, prosecutors, and local offices. These shortcomings in the indigent defense system contributed to Louisiana's dubious status of having the highest incarceration rate in the entire world and one of the highest per capita exoneration rates in the country.

With the Louisiana Public Defender Act, we have been able to pass new standards for the delivery of public defense. The quality of public defense has risen statewide; however, public defense remains severely underfunded. The map below indicates each district (in red) that has received one of various forms of emergency assistance from the LPDB since 2010 to avoid financial crisis.

## LPDB's Results

- As of August 2015, policies and procedures implemented by LPDB have prevented financial crisis in 31 of the state's 42 Public Defender Offices (districts in red) at least once between 2010 and 2015.

The primary problem facing funding for the districts is a local one. A majority of local funds are derived from traffic tickets. LPDB has no control over traffic enforcement or prosecution. Law enforcement can unilaterally reduce traffic enforcement. Traffic cases can be diverted so that no proceeds reach the public defender in the district. These funds can be reduced by severe weather, elections and other political vagaries, judicial action, reductions in road traffic, and the lack of interstate or major highways in a particular jurisdiction. Further, district offices are entirely reliant upon their counterparts in the criminal justice system to collect and remit the fines and fees needed to operate their respective offices.

For the district defender offices to receive any funds from traffic tickets, there must be a filing of the case in court. We now have data from the Louisiana Supreme Court that establishes a marked decrease in the filing of ticket cases in both city and district courts. This has been a steady decrease from 2009 to 2014. During that period, there was a 24% decrease in ticket filings in district courts throughout the state, for an aggregate total of 117,691 fewer filings. There has been a 31% decrease in ticket filings in city courts, statewide, for a decrease of 237,808 filings. In total, there has been a decrease of 29% in ticket filings with an aggregate decrease in filings of 355,499. Pursuant to R.S. 15:176, the districts are to receive \$45 per conviction in traffic cases. If tickets are not filed, revenue cannot be generated. In 2014, we know that the local districts collected on about 47% of the tickets filed. When we compare the ticket filings in 2009 to those in 2014, we are able to determine that the districts lost approximately **\$7,518,803** in revenues due to the decrease in ticket filings, in 2014 alone. This loss in revenues would be sufficient to avoid restrict of services in the districts.

Individual districts have been hit particularly hard. The 20<sup>th</sup> district as seen a 79% decrease in ticket case filings. This is a district that was required to enter restriction of services. The 19<sup>th</sup> district has seen a 39% decrease in city court traffic filings. The 26<sup>th</sup> district has seen a 38% decrease in traffic filings in district court and a 67% decrease in city courts. The 23<sup>rd</sup> district has seen a 60% decrease in district court and a 25% decrease in city courts. The 39<sup>th</sup> district has seen a 55% decrease in traffic filings. These are all districts in restriction of services. The 18<sup>th</sup>, 22<sup>nd</sup>, 34<sup>th</sup> and 37<sup>th</sup> districts have seen decreases between 36 and 53% in traffic filings in their courts.

As we did last year, we have been monitoring the district closely to determine who might be threatened with fiscal shortfalls during the course of the year. With adequate notice, many districts were able to avoid restriction of services in the past. It is becoming increasingly difficult for districts to avoid this crisis.

The Board has been actively seeking solutions to this crisis. We sought legislation to increase special court costs dedicated to public defense from \$35 to \$55. The legislature responded and approved an increase, but only to \$45. It was anticipated this would result in a 25% increase in local funding and solve the financial shortfall for most, but not all districts. Due to the volatility of this funding stream, as mentioned above, the 25% expected increase in revenues did not materialize and we remained underfunded. The Board has adopted policies requiring districts to spend down fund balances to a percentage of annual expenditures. This allowed for the distribution of available funds to districts in trouble and lacking a fund balance in order to avoid financial failure. It also developed a District Assistance Fund Adjustment Formula which withheld a portion of state funds from districts accruing funds, allowing for the re-allocating of those funds to districts in need. The Board has initiated policies that allow districts to keep any specially appropriated money obtained from local governments in a manner that will not affect the funding received from the state. When necessary, we have initiated litigation in districts where funding was unlawfully diverted from public defense. The staff has been actively pursuing an outreach program whereby we have conducted strategic meetings to educate and discuss possible solutions with stakeholders, including but not limited to the Governor's Office, the Louisiana Supreme Court, State Senators and Representatives, Louisiana District Attorney Association, local government and judges.

Despite our best efforts, the crisis in Louisiana Public Defense worsens. More districts are entering a restriction of services. These districts do not have sufficient funding to provide all of the services they have provided in the past and must, therefore, limit or eliminate some of those services. This has taken a number of forms. Many district have had to limit the number of cases they accept. To do otherwise would result in caseloads so high as to render their lawyers' representation ineffective, in violation of state statutes, the state and federal constitutions, and the Louisiana Rules of Professional Conduct. Placing a limit on the cases accepted by a Public Defender Office, in some instances, has resulted in waiting lists, leaving criminal defendants unrepresented until defenders are available to represent them. This also leaves the State open to legal attack and litigation regarding the right to counsel. In some larger districts, the local bar has been called upon to handle cases, *pro bono*. This has led to litigation by attorneys being asked to provide legal services without pay. All of these restriction of services plans could result in the widespread release of those incarcerated on charges for which they do not have an attorney pursuant to *State v. Citizen*, 2004-1841, (La.4/1/05), 898 So.2d 325. This has become a public safety issue. We are also concerned that the lack of funding for public defense could result in federal litigation, resulting in the creation of a federal remedy imposed and overseen by the federal courts.

Our agency has established an outreach program whereby we actively seek out our partners in the criminal justice system and in state government to inform them of the upcoming crisis and to discuss possible solutions to the situation. We have contacted the Governor's Office, the Louisiana Supreme Court, State Senators and Representatives, District Attorneys, Judges, local

government officials, and civic groups in an attempt to avoid this calamity. We will continue to work with all interested parties in finding a solution to protect our clients and our community.

Thank you.

## **LPDB CY 2015 RECOMMENDATIONS FOR NEEDED CHANGES IN THE LAW**

- 1) Creation of a Stable, Sufficient Funding Source for Public Defense
- 2) Reauthorization of \$10 Increase in court costs in La. R.S. 15:168

In 2012, the legislature authorized an increase in court costs from \$35 to \$45 payable to the local indigent defender funds for all convictions in courts of the state. That increase is scheduled to expire and the assessment will revert back to \$35 per conviction. With a historic drop in traffic ticket filings, the primary engine for local funding for public defense around the state, a decrease in court costs will do great harm to local public defender capacity.

- 3) Explicitly provide that case-specific information and case-specific records obtained by executive staff are privileged, confidential, and protected from disclosure or discovery
- 4) Reclassification of Misdemeanors

In conjunction with the Louisiana State Bar Association's 2015 Mid-Year Meeting of the House of Delegates and the passage of Resolution 8 and the 2010 LSBA resolution, the Louisiana Public Defender Board urges the legislature to refer the study of reclassification of certain misdemeanors to the Louisiana Law Institute. In light of the cost of representation, the extensive collateral consequences of misdemeanor convictions and their impact on citizens' ability to join or remain in the workforce, reclassification of selected misdemeanors potentially could save the state millions of dollars.

- 5) Redefinition of "Child"/Raise the Age

In keeping with modern neuroscience and child and adolescent development theory, the LPDB staff recommends the legislature amend Children's Code Art. 804(1) to change the definition of a child to "any person under the age of twenty-one, including an emancipated minor, who commits a delinquent act before attaining eighteen years of age." This will raise the maximum age of juvenile court jurisdiction to eighteen years of age which is more consistent with principles of academic development. Provisions for transfer of serious offenses to adult court would be unaffected.

- 6) Hold children in juvenile detention instead of adult jail

In keeping with modern neuroscience and child and adolescent development theory, the LPDB staff recommends the legislature amend Children's Code Art. 305 and 306, as well as any other changes necessary, to allow children under the age of 18 who are being prosecuted in adult court and are being held in pre-trial detention to be housed in facilities for juveniles.

## **LPDB CY 2015 RECOMMENDATIONS FOR NEEDED CHANGES IN THE LAW**

### **7) Eliminate indiscriminate shackling of children in delinquency cases**

In keeping with modern neuroscience and adolescent development theory, and with applicable principles of Due Process, the LPDB staff recommends the legislature add the following language to an appropriate article in the Children's Code:

1. Instruments of restraint, such as handcuffs, chains, irons, or straitjackets, cloth and leather restraints, and other similar items, may not be used on a child during a court proceeding and must be removed prior to the child being brought into the courtroom and appearing before the court unless the court finds that:

(A) The use of restraints is necessary due to one of the following factors:

- (i) Instruments of restraint are necessary to prevent physical harm to the child or another person;
- (ii) The child has a history of disruptive courtroom behavior that has placed others in potentially harmful situations or presents a substantial risk of inflicting physical harm on himself or herself or others as evidenced by recent behavior; or
- (iii) There is a founded belief that the child presents a substantial risk of flight from the courtroom; and

(B) There are no less restrictive alternatives to restraints that will prevent flight or physical harm to the child or another person, including, but not limited to, the presence of court personnel, law enforcement officers, or bailiffs.

2. The court shall provide the juvenile's attorney an opportunity to be heard before the court orders the use of restraints. If restraints are ordered, the court shall make written findings of fact in support of the order.
3. Any restraints shall allow the child limited movement of the hands to read and handle documents and writings necessary to the hearing. Under no circumstances should a child be restrained using fixed restraints to a wall, floor or furniture.

### **8) Convert Life Without Parole Sentences for Offenders Who Were Under 18 Years Old at the Time of Offense**

Automatically converting all Juvenile LWOP sentences to provide the parole eligibility provided to some such offenders will save the state multiple millions of dollars in litigation costs in the eventuality that the United States Supreme Court applies the rule of *Miller v.*

## **LPDB CY 2015 RECOMMENDATIONS FOR NEEDED CHANGES IN THE LAW**

*Alabama*, 576 U.S. \_\_\_\_ (2012) retroactively. This can be accomplished by amending R.S. 15:574.4(E)(1) as follows:

(E)(1) Notwithstanding any provision of law to the contrary, any person serving a sentence of life imprisonment for a conviction of first degree murder or second degree murder who was under the age of eighteen years at the time of the commission of the offense shall be eligible for parole consideration pursuant to the provisions of this Subsection if all of the following conditions have been met:

(a) The offender has served thirty-five years of the sentence imposed.

(b) through (g): [a number of other provisions limiting parole eligibility]

This would be coupled with a repeal of Code of Criminal Procedure Article 878.1, which would no longer be necessary.

Providing new sentencing hearings to these inmates will be extremely costly, and success in those hearings means only that the inmates are eligible for parole consideration. There is no guarantee that parole will be granted. If the parole authority determines that certain offenders may be released without compromising public safety, this will provide the state with further savings of incarceration costs.

## **LOUISIANA PUBLIC DEFENDER BOARD CONTRACT PROGRAMS (CY15)**

Although the Louisiana Public Defender Board has a legislative mandate to provide representation in a number of areas, it does not have authority to provide direct client representation or to hire public defender staff. In order to meet the state's constitutional duty to provide legal representation to indigent clients, the Board has contracted with a number of 501(c)(3) organizations, as permitted by La. R.S. 15:147 (C)(1), to represent indigent defendants in delinquency, capital, and appellate cases where conflicts or caseload limits prevent the local district defender office from handling the case. In addition, the Board is required by La. R.S. 15:169 and 15:178 to appoint counsel for appellate and post-conviction cases in which a death sentence has been imposed at the trial level. It should be noted that each of the directors of these programs handles a caseload as well as the administrative responsibilities.

The LPDB's contracts with each program office contain provisions for monthly reporting to the LPDB and for audits by the Legislative Auditor. They also provide for compliance with performance standards enforceable by the Board, and for termination of the contracts for failure to meet Board requirements. These requirements include adhering to the ethical rules of the Louisiana Supreme Court, violations of which may result in termination of the contracts.

The programs are as follows:

### **Louisiana Center for Children's Rights**

Formerly known as Juvenile Regional Services (JRS), the Louisiana Center for Children's Rights (LCCR) is a nonprofit law office whose mission is to "defend the right of every Louisiana child to fairness, dignity, and opportunity." LCCR is the juvenile public defender in New Orleans, providing holistic, client-driven advocacy for more than 1,000 indigent young people in the city's juvenile justice system every year.

Statewide, LCCR works to protect and expand the right of every Louisiana child to high-quality legal representation and advocates for a fairer, more compassionate, and genuinely rehabilitative, juvenile justice system. LCCR's strategies include legislative advocacy, litigation, and training and technical assistance for Louisiana's juvenile defender community. LCCR'S Executive Director is Josh Perry.

### **Louisiana Appellate Project (LAP)**

The Louisiana Appellate Project provides appellate representation for indigents in all non-capital felony appeals arising in all of the districts. This includes felony-grade adjudications for juveniles. All district public defender offices have contracted with LAP to provide these appellate services. There is no cost to the district public defender for these services as it is a form of supplemental assistance provided by the Board. Jim Looney is the director who supervises and contracts with appellate attorneys around the state to handle the appeals.

## **LOUISIANA PUBLIC DEFENDER BOARD CONTRACT PROGRAMS (CY15)**

Handling the appeals in non-capital cases includes work in the appellate courts and, when appropriate, filing for writs to the Louisiana Supreme Court. It also includes specifically those cases appealed by the state, such as when a statute is declared unconstitutional.

### **Baton Rouge Capital Conflict Office (BRCCO)**

Under the leadership of David Price, BRCCO employs the team approach to capital defense as required by the Capital Guidelines. The office includes a staff of attorneys, mitigation specialists, and investigators, thereby promoting cost-efficiency.

The office is currently handling cases throughout the state, in an effort to ensure that all defendants facing the death penalty are represented by counsel.

### **Louisiana Capital Assistance Center (LCAC)**

Richard Bourke serves as director of LCAC and employs a staff of lawyers, mitigation specialists and investigators. Founded 22 years ago in its current form, this program provides leadership, mentoring, and guidance to the capital defense community. With its adherence to high quality representation, LCAC has influenced capital representation after the restoration of the death penalty in the South. Based on its reputation, LCAC attracts interns, law students and lawyers from around the world to volunteer their services to LCAC and its clients.

LCAC provides direct services statewide and also provides representation in motion for new trial proceedings. Pursuant to its contract, LCAC serves as resource counsel to provisionally certified defense lawyers pursuant to Capital Defense Guideline 915(G)(2). This involves providing intensive services to lawyers across the state in over a dozen pending capital cases. This service is essential to educating, mentoring and overseeing the work of provisionally certified counsel to ensure the delivery of quality legal representation.

LCAC has also been active in East Baton Rouge Parish serving as counsel for the limited purpose of protecting the rights of persons facing the death penalty who are not otherwise represented by counsel. In addition to direct services, LCAC provides general support services to other organizations and often is able to ameliorate crises faced by counsel.

### **Capital Defense Project of Southeast Louisiana (CDPSELA)**

Kerry Cuccia is the director of the Capital Defense Project of Southeast Louisiana. The primary responsibility of CDPSELA is to handle capital cases in Orleans Parish. Although the program was originally created to handle cases in which the Orleans Public Defender Office (OPD) was excluded because of conflicts, CDPSELA now is the first-call provider for indigent defense in capital cases in Orleans Parish.

## **LOUISIANA PUBLIC DEFENDER BOARD CONTRACT PROGRAMS (CY15)**

CDPSELA's FY15 contract was amended to make them primary provider for indigent capital defense in the 22<sup>nd</sup> Judicial District. CDPSELA also accepts cases in other jurisdictions when necessary due to conflicts or caseload limits. CDPSELA and its staff are recognized as providing representation at the highest levels of competence. Its concentration on preliminary examination practice appears to be a primary factor in a decline in the number of first degree murder indictments in Orleans Parish. The result is that many of the cases are formally charged as lesser offenses, often second degree murder. Second degree murder cases are generally then referred to the Orleans Public Defender Office.

### **Capital Post Conviction Project of Louisiana (CPCPL)**

This organization handles capital post-conviction representation of indigent defendants whose cases have progressed through the trial and appellate levels. The staff lawyers who handle cases as they become eligible have successfully represented a number of defendants whose cases were overturned for such reasons as ineffective assistance of counsel at the trial or appellate level, failure by prosecutors to disclose important evidence, newly discovered evidence of innocence, and evidence adduced as a result of junk science.

CPCPL also handles direct capital appeals when the Capital Appeals Project has a conflict of interest or there are co-defendants in a single case.

Gary Clements is the director of CPCPL and has his staff working on as many cases as they can ethically handle at any particular time. The program also monitors cases in the pipeline in order to keep track of future needs and caseloads.

### **Capital Appeals Project (CAP)**

Sarah Ottinger was the director of the Capital Appeals Project which handles all capital appeals for indigents who have been sentenced to death. The staff includes additional attorneys who work out of their New Orleans office, as their cases automatically go to the Louisiana Supreme Court as a matter of law. This non-profit organization has had several cases with national impact because of favorable decisions by the U. S. Supreme Court. Some of the cases which have been overturned were handled or are being handled in the trial court by the CAP lawyers. CAP has also agreed to handle post-conviction cases wherein CPCPL is ineligible due to conflicts. CAP acts as resource counsel to public defenders across the state.

### **Innocence Project New Orleans (IPNO)**

The Louisiana Public Defender Board has a contract for partial funding of the Innocence Project New Orleans which, since its inception, has won the freedom or exoneration of 43 wrongfully convicted Louisiana prisoners who have served a total of nearly 709 years in prison. All except two of IPNO's freed clients were sentenced to life without parole and eight were teenagers when they were wrongly arrested. IPNO has also investigated and

## **LOUISIANA PUBLIC DEFENDER BOARD CONTRACT PROGRAMS (CY15)**

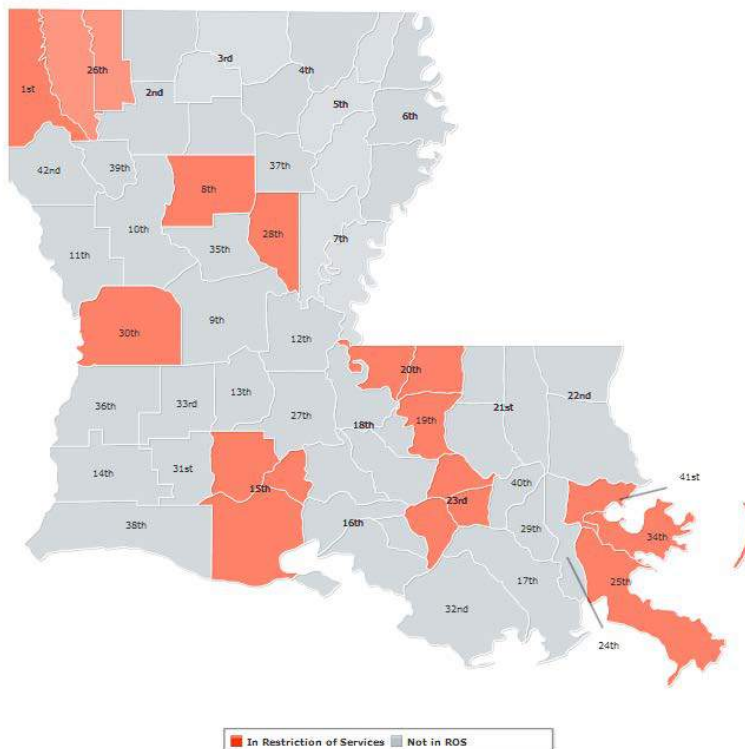

reported on systemic problems in Orleans Parish involving the suppression of crucial evidence by prosecutors and police. Emily Maw is the director of IPNO. The office attracts student interns from around the world and is in the forefront of Louisiana in the use of DNA evidence.

## DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)

The reformation of public defense in Louisiana is an on-going process. It began with the passage of the Louisiana Public Defender Act in 2007, re-organizing an antiquated delivery system for indigent defense. The previous delivery system all too often culminated in a “meet, greet and plea” system whereby defense counsel was reduced to the role of a mere participant during a plea, rather than an advocate for the client. The Act also removed undue influence from judges, prosecutors, and local officials from the supervision of public defenders offices. These shortcomings in the indigent defense system contributed to Louisiana’s dubious status of having the highest incarceration rate in the entire world.

With the Louisiana Public Defender Act, we have been able to pass new standards for the delivery of public defense. The quality of public defense has risen statewide; however, public defense remains severely underfunded. This is not a new development. Since 2010, the Louisiana Public Defender Board (LPDB) has warned of a time when we could no longer avoid a collapse of the entire system. The Board has worked diligently to keep district defender offices solvent throughout the state and with the exception of the 14<sup>th</sup> (Calcasieu Parish) and 41<sup>st</sup> (Orleans Parish) Judicial Districts in 2012, has been able to avoid financial failure. That is until Fiscal Year 2015.

Despite our best efforts, the financial crisis anticipated by LPDB has begun to manifest itself throughout the state. Policies enacted by the Board, early notice to districts, as well as oversight led to only eight districts entering service restriction at the end of FY15 versus 14 as originally projected. However, this crisis only continues to worsen as there are currently 12 districts (see map below) who have restricted services, and five additional districts have been notified that the district is expected to become insolvent prior to the end of FY16. In FY17 the situation will only worsen unless all interested parties can come together with a solution.

## **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

The Board has actively sought solutions to this crisis. The most significant measure was 2012 legislation to increase special court costs dedicated to public defense from \$35 to \$55. The legislature responded and approved an increase, but only to \$45. It was anticipated this would result in a 25% increase in local funding and solve the financial shortfall. The expected increase in local revenues has failed to materialize in the vast majority of judicial districts, some districts actually receive fewer local funds than before the passage of this act. There is clear data demonstrating why this increase has proven insufficient. The \$45 special fee to the local public defenders offices can only be collected if charges or citations are filed. The Louisiana Supreme Court data indicates that from 2009 to 2014, there has been a 28.2% decrease in filings, statewide. The decrease in local funding due to the decrease in just traffic tickets amounts to approximately \$9.2 million in CY 2014, alone. These are funds that would have stayed in the districts and, had these funds been collected, would have been more than adequate to avoid the restriction of services crisis we now face.

Districts across the state have exhausted their fund balances in an effort to meet the gap between the office's revenues and expenditures forcing the districts to enter restriction of services. These districts do not have sufficient personnel and financial resources to provide all of the services they have provided in the past and have been required to limit or eliminate some of those services. This has taken a number of forms. Some smaller districts have simply limited the number of cases they accept. To do otherwise would result in caseloads so high so has to render their lawyers' representation ineffective, in violation of state statutes, the state and federal constitutions, and the Louisiana Rules of Professional Responsibility. Placing a limit on the cases accepted by a Public Defenders Office has resulted in waiting lists and leaves criminal defendants unrepresented until a defender is available to take their case. This also leaves the State open to legal attack and litigation regarding right to counsel. In some larger districts, the local bar has been called upon to handle cases, pro bono. This has resulted in litigation filed by attorneys being asked to provide legal services without pay. All of these restriction of services plans could result in the widespread release of those incarcerated on charges for which they do not have attorney pursuant to *State v. Citizen*, 2004-1841, (La.4/1/05), 898 So.2d 325. This has become a public safety issue. We are also concerned the lack of funding for public defense could result in a remedy imposed by the federal courts. The Board is currently a defendant in a lawsuit in the Middle District of Louisiana alleging violation of the 6<sup>th</sup> Amendment right to counsel, filed in January 2016.

Our office has established an outreach program whereby we actively seek out our partners in the criminal justice system and in state government to inform them of the upcoming crisis and to discuss possible solutions to the situation. We have contacted legislators, District Attorneys, Judges, local government officials, and civic groups in an attempt to avoid this calamity. We will continue to work with all interested in finding a solution to protect our clients and our community.

Additionally, the LPDB has had its operating budget cut by \$500,000. As a result, we have been unable to hire two statutorily required positions during the 2015 calendar year: Trial Level Compliance Officer and Director of Training. This has hampered our ability to adequately perform our statutory supervisory and training functions under the Louisiana Public Defender Act. The

# DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)

Board has had to cut back on training opportunities for professional personnel in our public defense system. We have been unable to adequately assess, and regulate indigent services throughout Louisiana. Executive staff has had to assume those responsibilities among themselves, in addition to their other responsibilities, to the detriment of the public defender community. Staff is spread too thin and unable to properly perform the duties assigned to it by statute.

## **Budget Division**

*January 13, 2015*

The Budget Division has processed the second and final District Assistance Fund (DAF) and Child in Need of Care (CINC) payments. These payments were made in accordance with the Board approved distribution.

The Division of Administration's Office of Planning and Budget (OPB) has requested that staff devise a plan to reduce expenditures in FY2016, with the intention of implementing those reductions in the current fiscal year, if possible. According to OPB, LPDB's reduction plan should include a 16% budget reduction with cuts to the CINC fund, DNA fund and our LPDB statutory dedicated fund. The State Public Defender and the Interim Budget Officer will be meeting with OPB and the Commissioner to discuss our current expenditures and reduction strategies for FY2015 and FY2016.

Additionally, the following contracts were approved:

- **Juliet Yackel**, (\$40,000): to train and supervise the CAPOLA staff, re-examine pending capital cases to determine if defendants are protected by the eighth amendment, to demonstrate how to effectively participate in formal team meetings, assist in acquiring essential resource materials needed and to evaluate the performance of CAPOLA.
- **CBE Law**, (\$81,000): to represent indigent convicted sex offenders determined to be sexually violent predators or child sexual predators by a Sexual Offender Assessment Panel and take steps that are reasonable and necessary to assure that all services are provided constitutionally, ethically, and in a legally appropriate and proper manner which takes all necessary actions to protect the clients' interest.
- **John Holdridge**, (\$50,000): to assist the Capital Case Coordinator with a district Capital Representation Plan. He also assists with the recruiting and certifying of attorneys and mitigation specialists to handle capital cases along with any other tasks deemed necessary by the State Public Defender.
- **Justice Works**, (\$46,000): to create and/or assist the Board in creating customized add-ons to the Board's existing Defender Data, modify existing features and data collection fields of the case management system.
- **Decuir, Clark and Clark and Adams**, (\$15,000): to represent the Board, its members, and staff in connection with the cases *State vs. Robertson* and *Edge vs. LPDB*.

## DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)

- **Stone Pigman Walther Wittman, LLC**, (\$70,000): to represent the Board, its members and staff in connection with various legal proceedings in the cases *State vs. Wilson* and *State vs. Willis*.
- **Michael Thiel**, (\$120,000): to provide legal representation in the form of criminal defense services through trial and sentencing in the case *State vs. Tarika Wilson*, keeping the Board and SPD informed of the status of the prosecution and related matters.
- **Nicholas Trenticosta**, (\$40,000): to prepare an assessment of the CAPOLA office structure indicating whether the internal structures of the office can be improved and, if so, how. Included in this assessment will be a review of the current motions recently filed in each the four existing capital cases.

On March 17, 2015, OPB informed the agency that the state has begun initiatives and reforms associated with the Governmental Efficiencies Management Support (GEMS) outlined in Preamble, Section 18F of Act 15 of 2014 Regular Session. As a result, LPDB's FY 15 budget has been reduced by \$235,244. The reduction is to cover Procurement and Human Capital Management. The procurement amount (\$232,238) was based on LPDB's FY 14 spending history and the Human Capital amount was based on LPDB agency's head count. A BA-7 has been prepared to relinquish those funds.

The following contracts have been approved:

- **Ross Stewart Owen**, \$120,000 - to provide legal representation in the form of criminal defense services through trial and sentencing in *State vs. Tarika Wilson*, keeping the SPD and Board informed of the status of the prosecution and related matters and respond to their inquiries.
- **Robert Noel II**, \$75,000 - provide legal representation in the form of criminal defense services through trial and sentencing that does not include litigation or proceedings arising out of or involving tort or worker's compensation or other civil proceeding outside of the strict confines of the criminal prosecution.

### *December 2, 2015*

The annual operating budget for our agency was submitted to the State of Louisiana's Office of Planning and Budget on October 30, 2015. The budget request for fiscal year 2017 which begins July 1, 2016 is in the total amount \$75,928,884. This request, compared to our current budget of \$33,676,682, represents a 125% increase. Included in the request is an increase to the Louisiana Public Defender Fund in the amount of \$29 Million (rounded) to the districts and a \$600,000 increase to the Expert Witness program. There are also increases to the Indigent Parent Representation Fund of approximately three million. Additional funds were requested to adequately fund the pending Miller Kids cases, Curatorship, and Post Dispositions representation for juveniles.

Since the last Board meeting, we have prepared and submitted the quarterly report of the LaPas performance indicators for the period of July 1, 2015 through September 30, 2015. Conduct and a lawyer's duty to provide reasonably effective assistance of counsel in accordance with prevailing professional standards. A BA-7 has been prepared and submitted to The Office of Planning and Budget to be presented at the next Joint Legislative Committee on the Budget at the December 18th meeting for approval.

Our contract auditor, Corlis Green, conducted an audit of the Baton Rouge Capital Conflict Office. She began an audit at Capital Appeals Program; however, it is not yet completed.

### **Compliance Division – Trial Level**

The Compliance Division has not had a Trial Level Compliance Officer on staff at any time this year, despite the best efforts of the State Public Defender and staff to identify appropriate candidates. As a result, LPDB's responsibilities for monitoring compliance have been divided between other staff members.

Capital Case Coordinator Jean Faria has actively monitored capital defense around the state. There are currently 61 active capital cases in the state at the trial level, with zero cases currently on the wait-list for representation. Ms. Faria convened a team to draft and vet proposed performance standards for capital defense. The result was a comprehensive set of standards that covered staffing, investigation, trial standards, mitigation, and other aspects of capital defense. Ms. Faria was also instrumental in reforming how the Expert Witness Fund is accessed by defenders and how experts get paid for their work.

LPDB's Director of Legislative Affairs – Juvenile Justice Compliance Officer Dr. Tiffany Simpson led LPDB's oversight efforts using the agency's comprehensive site visit protocol, formally adopted by the Board in 2014. The protocol includes a combination of database and reporting review, court observation, file review, employee and stakeholder surveys and input, and interviews with the District Defender and district office staff. This protocol enables LPDB staff to provide oversight and supervision as well as better assess the quality of representation and cost-effectiveness of a district public defender office. In 2015, staff conducted 16 site visits in the 1<sup>st</sup>, 5<sup>th</sup>, 7<sup>th</sup>, 8<sup>th</sup>, 9<sup>th</sup>, 19<sup>th</sup>, 20<sup>th</sup>, 22<sup>nd</sup>, 23<sup>rd</sup>, 25<sup>th</sup>, 26<sup>th</sup>, 28<sup>th</sup>, 34<sup>th</sup>, 37<sup>th</sup>, 39<sup>th</sup>, and 41<sup>st</sup> districts. Many of these site visits came as a direct result of impending Restriction of Services (ROS).

Deputy Public Defender-Director of Juvenile Defender Services Richard Pittman has been tasked with receiving and investigating client complaints that the Board receives from around the state.

### **Information and Technology Management (ITM)**

#### **Program Development and Resource Management Division (PDRM)**

This PDRM/ITM division has a broad array of responsibilities falling under the headings of Program Development and Resource (information) Management (PDRM). Per the requirements of Act 307, the Division implemented online or otherwise automated technologies to assist district-level management with reporting on financial, personnel compensation and budget requests, as well as programs and technologies to promote local-level data-driven decision-making. Regarding

# **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

Resource/Information Management, the Division produced scores of analyses most of which provided insight to financial solvency and changes in local revenues following the Act 578 (of 2012) court fee increases—not always positive changes. Many of these studies also contributed to a deeper and broader understanding of district office capacity for representation. A more detailed compilation of board meeting topics presented by the PDRM division follows.

Excerpts from 2015 SPD REPORTS

## **Information and Technology Management (ITM)**

*January 13, 2015*

### **Technology Management**

The major technology advances managed by the ITM staff since the last meeting were twofold. First, the office developed a Restriction of Services (ROS) Calculator program based in MS Excel which allows the LPDB staff to enter data from a district's ROS plan and get instantaneous feedback regarding the viability of the plan from both caseload change perspective and the financial solvency perspective. Secondly, ITM staff produced a first draft of the 80-plus page Request for Proposals for the next 5-year contract for the case management system software-as-a-service bid. State IT has reviewed and returned a list of suggestions which are slated to be completed soon. Concurrently, staff is working with SSA consultants to develop a stepwise series of mandatory fields for the database to require a reasonable amount of data for predictable analyses in the future while being respectful of data entry staff time

### **Information Management**

The ITM staff completed the dissemination of Annual Reporting online forms (district narrative, district caseload report and annual financial summary based on monthly reports) as well as the instructions and tutorial guides related to these reports. Staff continues to offer assistance to the district offices in this regard.

Staff also completed solvency projections based on the most current data for FY15 and FY16 and a comparative spreadsheet on FY15 v. estimated FY16 DAF amounts. Staff also completed the SCR99 research statistics.

Dr. Erik Stilling presented a report in late November to the 74<sup>th</sup> Annual American Society of Criminologists Conference in San Francisco on Louisiana's successful strategy for data collection system deployment, data entry culture change and data analysis and feedback to the field.

*March 24, 2015*

The ITM Division spearheaded and coordinated the production and dissemination of the 700+ page LPDB 2014 Annual Report by compiling over 120 individual reports from the 42 districts offices in just over two weeks (two days ahead of schedule). ITM staff assisted the legal division on producing the JLCB report (LPDB Report to the Joint Legislative Committee on the Budget) by providing charts and graphics to be included in the report, as well as posting the report to the LPDB website.

## **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

The ITM Division continues to utilize the recently developed Restriction of Services (ROS) Calculator program, which allows the LPDB staff to enter data from a district's ROS plan and get instantaneous feedback regarding the viability of the plan from both caseload change perspective and the financial solvency perspective. The ITM manager analyzes district revenues and expenditures to produce solvency projections for all districts; providing estimated shortfall dates of when districts may deplete their fund balances. ITM staff created a new database ROS case result and status; as well as generated numerous ad hoc caseload and workload reports on various topics such as caseloads and finances for districts going into ROS.

ITM staff have completed DAF calculations for FY16, and have provided districts with their tentative approximate DAF and CINC amounts. ITM staff has tested and deployed the FY16 pro forma Budget documents to the database, and notified districts of the April deadline to submit their pro forma Budgets. This financial management tool will give districts comparative percentages of last year's and the current year's budgets and permit them to offer the best estimate of their expenditures for the coming year. Using the preview report function, districts can test different pro forma amounts and preview and edit them before submitting their pro forma Budgets to LPDB.

ITM staff continued to edit the draft of the 80-plus page Request for Proposals for the next 5-year contract for the case management system software-as-a-service bid. State Information and Technology is reviewing the RFP and will let us know the status soon. The ITM manager attended numerous meetings: budget, ROS, office move, and participated as an invited focus group member for the U.S. D.O.J. "Right to Counsel and Indigent Defense" research agenda development round-table in Arlington, Virginia.

*May 12, 2015*

ITM Director Erik Stilling continues to analyze district revenues and expenditures to produce solvency projections for all districts, providing estimated shortfall dates of when districts may deplete their fund balances.

Since the last Board meeting, the ITM Division has assisted districts with questions related to their FY16 pro forma Budgets. Staff developed financial graphic analysis for several districts, reviewed submitted budgets and provided technical support for the online program.

The ITM Division has been working on database upgrades and modifications, such as sentencing data collection fields and mandatory fields required to close a case. These modifications will be discussed with districts at the upcoming statewide database training tours scheduled for June 9-12, 2015. ITM staff is coordinating the training schedule, tracking attendee participation, and creating a training syllabus.

ITM staff has created tutorials related to the new ROS case result and status on the database, created a financial report for district ROS use, as well as instructions for districts to run related reports.

# **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

The ITM Division provided district caseload and personnel compensation data for the U.S. Department of Justice/Bureau of Justice Statistic “2013 National Survey of Indigent Defense Systems” survey.

The ITM Division has performed several analyses’ related to caseloads and finances - such as a comparison of Orleans and East Baton Rouge city court caseloads by attorney from 2008-2014, LASC decline in filings, fiscal note, and costs associated with the LPDB upcoming office move.

*September 15, 2015*

## **Budget/Financial**

ITM Director Erik Stilling continues to analyze district revenues and expenditures to produce solvency projections for all districts, providing estimated shortfall dates of when districts may deplete their fund balances. The ITM Director provided FY15 DAF budget scrub analysis and amounts, as well as district FY16 DAF amounts. The ITM Division assisted the budget division by reviewing districts final FY16 budget requests

The ITM Division has provided several historical analysis’s and graphics of district revenues, expenditures, and fund balances: analysis and graphics of Supreme Court and DA filings history from CY09-CY14 for all 42 districts; statewide total local district court fee revenues pre and post Act 578 from FY08-FY15; map of districts who received bail-out emergency funds from the adjustment formula; updated graphic analysis showing district statewide revenues, expenditures, fund balances, and fund balance depletions from CY10-CY14 and FY15; analysis on DA/city attorney filing trends CY11-CY14 for traffic and criminal court filings.

## **Database**

The ITM Director conducted regional database trainings in seven regional sites throughout the state in early June 2015: Orleans, Baton Rouge, Lafayette, Alexandria, Natchitoches, Shreveport, and Monroe. Attorneys and data entry staff from every district were invited, and one hundred twenty-three (123) participants attended the training, representing all but five districts (who were unable to attend). The training included a lecture with demonstrations of database fundamentals and shortcuts, as well as a focus group session with users wherein the staff proposed new database features, such as mandatory fields required to close a case, sentencing data collection fields, and proposed new database events.

ITM staff continued to edit the draft of the 80-plus page Request for Proposals (RFP) for the next 5-year contract for the case management system software-as-a-service bid. ITM staff will soon forward the RFP on to State IT who will let us know the next steps in the bidding process.

## **Weighted Case Load Study**

Timekeeping: ITM staff attended meetings, conducted a field office survey soliciting input on task list filtering and new case types for time keeping and weighted caseloads and developed a charge code table according to these new case types.

# **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

## COOP

This past August ITM staff tested our Continuity of Operation Plan (COOP) by requiring all districts and LPDB staff to participate in a COOP drill. All districts and staff were required to access the COOP website and enter information, so as to familiarize themselves with the system in the event there was a true emergency.

## Ad hoc tasks/requests

In order measure the effects of the over-arresting/over-charging practices of law enforcement on the workforce of Louisiana, the ITM Director conceived and initiated a pilot study on the numbers of open jobs in Louisiana as correlated to the numbers of convicted citizens for offenses that have no bearing on their employability. The ITM Division has performed several ad hoc analyses related to caseloads and finances, assisted with creating an internal LPDB contract protocol, and assisted with editing a white paper in response to the LDAA letter to the legislature refuting their erroneous claims. The ITM Director participated in a site visit to the Orleans PD office regarding ROS.

On September 8th, 2015, LPDB IT Network Administrator Chase May hosted a training webinar on Adobe Acrobat software, facilitated by the National Association for Public Defense. Topics covered included conversion of pdf to MSWord, highlighting text within a pdf, editing text and images in a pdf, inserting files into pdf documents and combining pdf documents into a single document, creation of dynamic pdf forms, OCR/text recognition, security techniques, redaction of text and keyword search in pdf documents. The webinar was attended by dozens of participants across the nation, including attorneys and support staff participants nationwide.

## Meetings

ITM Director Erik Stilling participated in several meetings including: weekly staff meetings, strategic planning, DDAC, board training, SDR Committee meeting, City of Thibodaux Police Department meeting, Judicial Council Court Cost Committee regarding court costs collections (provided a PowerPoint and graphics on the districts history of funding).

*December 1, 2015*

## Budget/Financial

ITM Director Erik Stilling continues to analyze district revenues and expenditures to produce solvency projections for all districts, providing estimated shortfall dates of when districts may deplete their fund balances. The ITM Director produced projected district FY17 DAF minimum amounts needed for solvency analysis.

The ITM division has provided several ad hoc financial analyses and graphics of district revenues, expenditures, and fund balances. The division also assisted the budget division by reviewing districts final FY16 budget requests.

## Annual Report

The ITM Division has started coordinating and preparing for updating the statutory mandated Annual Report. ITM staff successfully uploaded the CY15 Annual Report Survey questionnaires

# **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

to the web for completion by the districts along with detailed instructions. The upload and subsequent download (data collections and compilation) processes were also tested and succeeded. ITM staff has also been updating and proofing the many templates that will be needed to compile the roughly 800-page report in the 31-day timeframe from CY15 years end to the February 1, 2016 report deadline.

## Database

Weighted Case Load Study - Timekeeping: ITM staff has deployed the new timekeeping program to the database. The time tracking study is designed to track time devoted to legal representation tasks. The ITM Director conducted timekeeping training this past October on location in Lafayette, Baton Rouge, and New Orleans with the following pilot districts: 41<sup>st</sup> (Orleans), 15<sup>th</sup> (Acadia, Lafayette, and Vermillion), 10<sup>th</sup> (Natchitoches), 19<sup>th</sup> (East Baton Rouge), and 22<sup>nd</sup> (St. Tammany and Washington). The training included a lecture with demonstrations of the new timekeeping program, solicitation of input from the field, and the distribution of a timekeeping tutorial.

Compensation Reports: The ITM division has made modifications to the Compensation Report “Summary Reports” for LPDB staff. Enhancements were made to the district summary reports so that greater detail is shown for district earnings and hours. These reports will be extremely useful for many different analyses’ such as Line Attorney Compensation Scale Development Analyses.

RFP: ITM staff finished editing the draft of the 80-plus page Request for Proposals (RFP) for the next 5-year contract for the case management system software-as-a-service bid. Staff forwarded the RFP onto the State IT department in late September, and are currently awaiting for their response on the next steps to take in the bidding process.

ITAC: The ITM Division has coordinated the creation of a volunteer council of data entry users called the “Information Technology Advisory Council” (ITAC). The ITAC group was created so there would be a council of database users from around the state to provide active and constructive input to LPDB regarding the database. Creation of the ITAC group will improve communication between LPDB and data entry users with regards to database improvements or changes.

Ad Hoc: The ITM division has provided several ad hoc reports and analysis on district caseloads and salaries.

## Training

ITM staff has assisted with training for several newly hired district defenders. Staff has provided in person and webinar training on the database, district dashboards, financial and budget website, Compensation Reports, Annual Report website, and the Continuity of Operation Plan (COOP) website.

## Meetings

ITM Director Erik Stilling participated in several meetings including weekly staff meetings, strategic planning meeting, and was an invited participant at the Koch Institute Justice Summit. The ITM Director also participated in a Plaquemines Parish site visit with LPDB staff.

# **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

## **Juvenile Division**

The Juvenile Division has been staffed by Deputy Public Defender – Director of Juvenile Defender Services (DPD-DJDS) Richard M. Pittman and Director of Legislative Affairs - Juvenile Justice Compliance Officer (DLA-JJCO) Dr. Tiffany Simpson for the entire calendar year 2015.

DPD-DJDS Pittman and DLA-JJCO Simpson have participated in a number of stakeholder groups during the year, including the Juvenile Justice Act Implementation Commission, the Pelican Center Training Committee, the Children Justice Act Committee, The CARE Advisory Committee for the Court Improvement Project, the Children’s Code Committee, and the Juvenile Detention Alternative Initiative. These organizations have produced a variety of outputs that have benefited defenders, children, and parents, including access to training, and bills passed by the legislature and signed into law. Specifically, these organizations had the following accomplishments:

- Recommended to the Legislature a bill amending the State’s mandatory reporter provisions to exempt social workers and other behavioral health professionals who work for attorneys representing children in cases governed by the Children’s Code (delinquency and CINC, primarily). This bill was passed and signed into law during the 2015 legislative session;
- Presented day-long training for CINC attorneys and stakeholders through the National Association of Counsel for Children (NACC);
- Monitored and held accountable the Office of Juvenile Justice in its struggles to support reform of juvenile justice;
- Provided funding for DPD-DJDS Pittman, SPD James T. “Jay” Dixon, and five parent defenders from around the state to attend the 4<sup>th</sup> ABA Parent Attorney Conference in Washington, D.C.;
- Supported and provided technical assistance to juvenile detention centers seeking to regularize and reform its admittance practices;
- Provided parent advocates to parents in the child welfare system in the 15<sup>th</sup> and 16<sup>th</sup> districts through The Extra Mile, a nonprofit corporation; and
- Continued to provide support to nearly a dozen public defenders in seeking certification as a child welfare specialist from NACC.

In addition to these state-level stakeholder organizations, Mr. Pittman and Dr. Simpson have been involved in the leadership of national organizations. Mr. Pittman serves on the Advisory Committee of the Southern Juvenile Defender Center (SJDC), which held its annual Summit in New Orleans in 2015. He also serves as co-chair of the Juvenile Committee of the National Association for Public Defense. This year, Mr. Pittman was named to the Steering Committee of the American Bar Association’s National Parent Representation Project. The SJDC presented its

annual Summit in New Orleans in June of 2015, where DPD-DJDS Pittman presented on Challenging Identifications.

This year, the Juvenile Division began its Board-directed strategic planning process, intended to create a three-year plan to advance and improve the representation of children in delinquency and FINS cases.

The Juvenile Division held its annual Juvenile Defender Training (JDT) on January 27-29, 2015. In this year's event, defenders were able to choose from multiple simultaneous sessions, and could attend either delinquency/FINS track sessions or CINC/TPR sessions, or choose a mix of sessions. Trainees attended sessions on Managing the Juvenile Caseload, Developing a Theory of the Case, Cross-Examination, FINS Advocacy, Trauma-Informed Representation and Client-Centeredness, Probable Cause Advocacy, Promoting Best Practices for Leaders, Drug Testing Science, Navigating the Interstate Compact for the Placement of Children, The Challenge of Miller v. Alabama, Transfer Advocacy, Alternative Explanations for Child Injuries, Detention Advocacy, Daubert in the CINC Courtroom, Challenging Juvenile Statements, Defending Sex Cases, Intro to the Safety Guide and the Role of the Parents' Attorney, The Six Areas of Assessment and the Safe vs. Unsafe Child, and CINC Procedure and Safety Advocacy. A total of 54 defenders attended these trainings. In 2016, for the first time the Juvenile Division will present separate training events for delinquency defenders and parent defenders, which will allow defenders to maximize their training experience without having to choose between CINC and delinquency sessions. The CINC/TPR portion of JDT will be presented on February 18-19, 2016, and the delinquency portion of JDT will be presented on February 25-26, 2016.

This year, DPD-DJDS Pittman became a certified ACE Educator through the Louisiana ACE Educator Program by attending 2-day, invitation-only program in Alexandria, Louisiana, in September of 2015. This program certified over 20 people from a variety of fields to present and discuss the Adverse Childhood Experiences study and the effects of trauma and the intergenerational transfer of trauma on public health. DPD-DJDS Pittman has delivered presentations on this topic to children's attorneys, DCFS workers, and clinical psychologists in 2015.

In addition to presenting on the Adverse Childhood Experiences study and on Challenging Identification Testimony, DPD-DJDS Pittman organized and led a panel of parent attorneys to present at the Together We Can Conference on the role of parent attorneys in the child welfare system on October 13, 2015. Mr. Pittman thanks defenders Jane Thomas of the 19<sup>th</sup>, S. Marie Johnson of the 15<sup>th</sup>, and Shentell Brown of the 16<sup>th</sup> for their participation and enthusiasm for this panel. He also re-presented his session on Challenging Identifications via teleconference to a group of juvenile defenders in Florida in October of 2015 at the invitation of Florida defender Rob Mason. On December 4, 2015, DPD-DJDS Pittman presented a webinar for NAPD on "Focusing on Child Safety in Child Welfare Cases".

The Juvenile Division has observed juvenile court proceedings in many districts around the state this year, including the 1<sup>st</sup> (Caddo), 15<sup>th</sup> (Lafayette, Acadia, Vermillion), 17<sup>th</sup>, 19<sup>th</sup>, 21<sup>st</sup>, 24<sup>th</sup>, 27<sup>th</sup>,

## **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

34<sup>th</sup>, and 40<sup>th</sup>. The Juvenile Division has also observed court in other jurisdictions as part of LPDB's formal Compliance site visit protocol, detailed in the Compliance Section of this report.

The Juvenile Division has also maintained a list serve hosted by the National Juvenile Defender Center, which has served as an important vehicle for the Division to communicate with the field and for attorneys in the field to seek support or assistance from their peers. In the calendar year 2015, there were more than 235 messages posted to the list serve.

### **Training Division**

The past calendar year has been a difficult one for the Training Division. At the beginning of the year, the Director of Training left for other opportunities in the legal field. The position has remained unfilled, as our payroll funding has been reduced and we have not had the funds to fill the position. As a result, the remaining executive staff has worked closely with our Administrative Programming Specialist to try to maintain our training programs.

This spring our annual Leadership Training was limited to the Executive Directors of the non-profit programs. All of the Executive Directors of the non-profits received an informal survey regarding the leadership and management topics relevant to them. Patrick Virgadamo, an attorney with the Legislative Auditors office, discussed the governance issues regarding 501(c)3/IRS rules and the interplay between Louisiana state law and contracts and the 501(c)3s' own boards. Jeff Sherr, training director for the state of Kentucky trained on how to be a manager and supervisor when a director carries caseloads at or in excess of state and national standards.

LPDB trained delinquency attorneys on Case Management, Developing a Theory of the Case, Cross-Examination, FINS Advocacy, Transfer Advocacy, Detention Advocacy, Challenging Juvenile Statements, and Defending Sex Cases. Parent attorneys could attend Trauma-Informed Representation and Client-Centeredness, Alternative Explanations for Child Injuries, *Daubert* in the CINC Courtroom, and a full-day training on Advocacy in the Safety-Focused Courtroom. In addition, LPDB offered a small-group session in which trainees could choose between sessions on Probable Cause Advocacy, Navigating the Interstate Compact for the Placement of Children, The Challenge of *Miller*, Supporting Best Practices for Supervisors, and Drug Testing Science. A total of 54 defenders attended training, and trainee feedback was extremely positive.

On June 25-26, 2015, the Juvenile Division assisted with conducting a two-day training for defenders representing children in potential Life Without Parole cases, so-called "Miller" cases, a joint project between LPDB and the Juvenile Justice Project of Louisiana. This field is expanding in scope since the Supreme Court's ruling in *Miller v. Alabama* that states may not automatically sentence offenders to life without parole for offenses committed before the age of 18. The training was held at the East Baton Rouge Parish Public Library and was attended by 46 trainees. The training was the result of coordination between our Capital Case Coordinator and Carol Kolinchak from the Louisiana Center for Children's Rights. Both Deputy Public Defender – Director of Juvenile Defender Services Richard M. Pittman and Juvenile Justice Compliance Officer Dr. Tiffany Simpson served as faculty for the training.

## **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

DPD-DJDS Richard Pittman has been active in promoting cross-disciplinary training in the child welfare field by being on the Pelican Center Training Committee Workgroup. The Pelican Center is emphasizing quality representation as a means to reduce the number of children in foster care. Other child welfare stakeholder organizations in which the juvenile division is involved include the CARE Committee, the CIP Advisory Committee, and the Children's Justice Act Committee. Since May 12, 2015, DPD-DJDS Pittman has attended one meeting of the Pelican Center Training Committee Workgroup and is working to bring quality training for parent attorneys and other child welfare stakeholders later this summer.

On September 9, 2015, a request was submitted to Division of Administration Commissioner Kristy Nichols requesting an exemption to Executive Order BJ 15-11 which places a hiring and expenditure freeze on all state agencies effective until January 1, 2016. Specifically, LPDB requested permission to move forward with its statutorily mandated obligation to provide statewide trainings. Permission was granted and our Capital Case Coordinator, Jean Faria, was able to procure a grant from the National Association of Criminal Defense Lawyers and present a joint skill training for line attorneys to broaden participants' trial skills. It was open to attorneys with ten or more years of practice experience. The training was held from November 12-13, 2015 in Alexandria, Louisiana and involved training from nationally renowned criminal defense attorneys.

The annual Capital Defense Training seminar was held October 21-23, 2015 in New Orleans, Louisiana. Seventy-four (74) participants enrolled in the program with several teams bringing an actual case for brainstorming. Our desire this year was to demonstrate how to translate abstract concepts into actual courtroom presentations for effective capital defense. We emphasized several areas of law and the importance of mitigation. We have many ideas for future capital trainings to make this seminar an even greater direct assistance to practitioners in the field.

The Legislative Update was held on December 17, 2015, in Baton Rouge, Louisiana, providing 16 defenders with an update of all bills passed in 2015 that affect criminal law and procedure.

In addition to our regular trainings, DPD-DJDS Pittman and IT Specialist Chase May conducted webinars sponsored by the National Association for Public Defense. On April 16, 2015, DPD-DJDS Pittman hosted a webinar on "Ten Tips for the Adult Defender Who Finds Herself in Juvenile Court", and on December 4, 2015, he hosted a webinar on "Promoting Child Safety in Child Welfare Cases". NAPD makes its webinars available free of charge to NAPD members and are viewed by a national audience.

The ITM Director conducted regional database trainings in seven regional sites throughout the state in early June 2015: Orleans, Baton Rouge, Lafayette, Alexandria, Natchitoches, Shreveport, and Monroe. Attorneys and data entry staff from every district were invited, and one hundred twenty-three (123) participants attended the training, representing all but five districts (who were unable to attend). The training included a lecture with demonstrations of database fundamentals and shortcuts, as well as a focus group session with users wherein the staff proposed new database features, such as mandatory fields required to close a case, sentencing data collection fields, and proposed new database events.

On September 8th, 2015, LPDB IT Network Administrator Chase May hosted a training webinar on Adobe Acrobat software, facilitated by the National Association for Public Defense. Topics covered included conversion of pdf to MSWord, highlighting text within a pdf, editing text and images in a pdf, inserting files into pdf documents and combining pdf documents into a single document, creation of dynamic pdf forms, OCR/text recognition, security techniques, redaction of text and keyword search in pdf documents. The webinar was attended by dozens of participants across the nation, including attorneys and support staff participants nationwide.

Absent a Director of Training, the Administrative Program Specialist, with assistance from members of the executive staff, has engaged in ongoing efforts to develop and implement LPDB's 5-year Strategic Plan and continue building a library of LPDB training materials.

## **Capital Division**

The Capital Division of the State Board is led by Jean Faria, the Capital Case Coordinator. She is assisted by her colleague Terre Hazlewood. The Division receives support from its consultant, John Holdridge, a nationally recognized capital defender. Together, they are responsible for assigning counsel in capital cases; collecting capital case data at all stages of the proceedings; reviewing and deciding on expert witness applications for funding; overseeing the invoices and payment of the experts; reviewing all applications for certification of attorneys who seek to represent capital defendants and making final recommendations to the State Public Defender; creating and providing Capital Defender Training on an annual basis; assessing the performance of the capital non-profit organizations; reviewing and analyzing the non-profit proposed budgets and contracts annually; reviewing invoices in a small number of cases whose counsel contracts directly with the State Board.

The Capital Division works directly with the Board's Capital Working Group (CWG), which consists of Board members, most of whom have a strong background in capital defense. Both the Capital Guidelines and the Capital Performance Standards were vetted through the CWG prior to presentation to the Board. The CWG is reviewing the State Capital Representation Plan to determine the most reasonably effective, efficient and fiscally responsible method for the delivery of capital representation at all stages of the proceedings.

The CCC and the capital consultant engage in regular meetings and teleconferences with the capital program executive directors discussing staffing of capital cases, conflicts of interest, development of case assignment practices which are consistent with the Louisiana Rules of Professional Conduct and the Louisiana Capital Defense Guidelines and the Capital Performance Standards.

## **Other Duties**

### **Weighted Case Load Study**

The Capital Case Coordinator is the staff member responsible for the statutorily required weighted caseload study. The work began in July 2015 and is expected to be completed in August of 2016. After receiving approximately \$120,000 in grant funding from the Laura and John Arnold

Foundation, the CCC selected experienced consultants to assist in the project, to work with the Louisiana Accounting Firm of Postlethwaite & Netterville. Using the Rand Corporation's Delphi Panel methodology developed in the 1950s and first used in 1964, Postlethwaite & Netterville have begun the survey process involving the Louisiana criminal defense experts.

## **Restriction of Services**

In the late spring, the CCC became involved in the restriction of services process, assisting in site visits, and reviewing the districts' proposed plans prior to adoption.

## **LPDB Website**

The CCC has assumed responsibility for overhauling the Board's website and updating the information on the site.

## **Commission on Pre-Trial Release**

Serving as the State Public Defender's appointee to the Commission on Pre-Trial Release, the CCC is responsible for representing the defense perspective on pre-trial release and assisting in the identification of a validated pre-trial release instrument.

## **Litigation Monitor**

The state staff is frequently subpoenaed to testify throughout the state and has been both a named defendant and a plaintiff in a number of law suits. Initially, most of these lawsuits involved capital funding and subpoenas duces tecum, directly related the work of the Division. Over time other law suits were filed regarding capital contracts, funding for representation in multi-defendant state RICO cases, among others. The CCC monitors all of the litigation involving the Board and its staff.

## **Training**

In the absence of a Training Director, the CCC has developed the agendas and/or trained at four separate events: the Leadership and Management Training for the non-profits in March; the Miller training in June with LCCR, the Capital Defender Training in October and the LPDB/NACDL training of attorneys with ten or more years of experience in November.

## **Promulgation and Publication of Performance Standards**

The CCC oversaw the promulgation and publication of the Performance Standards for Criminal Defense Representation in Indigent Capital Cases and the LPDB Trial Performance Standards in 2015.

## **Special Projects Division**

The Special Projects Division did not have a Special Projects Advisor on staff during the 2015 calendar year. This position has historically engaged in a variety of projects to promote LPDB's missions and statutory mandates. In the past, the Special Projects Advisor has been responsible for updating the agency's website with relevant announcements, employment opportunities, and local, state, and national public defense news and information. It has also assisted with publication of

## **DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY15)**

practice standards, guides, and information relevant for clients. The division has also historically published a monthly newsletter to over 900 subscribers, applied for grants and monitored compliance, and supported other divisions in their core functions.

Because LPDB has been unable to staff the Special Projects Division within its budget, other staff members have assumed these responsibilities, often at the expense of their core duties, on an *ad hoc* basis as the tasks have become critical. In 2015, LPDB staff has completed the following tasks that were historically the work of the Special Projects Division:

- Procured and successfully completed all deliverables for the Louisiana Commission on Law Enforcement and the Administration of Justice (LCLE) Grant (\$126,309);
- Procured a grant to contract with an auditor to conduct audits of multiple public defender offices, which included corrective action plans, as appropriate;
- Awarded nearly \$120,000 from the Laura and John Arnold Foundation to conduct an empirical case weighting study which will implement timekeeping among public defenders and update Louisiana's caseload standards;
- Supported a grant application (approval pending) for the 32<sup>nd</sup> District PDO from the National Juvenile Defender Center to fund a post-dispositional fellowship in the juvenile division;
- Printed, with LCLE grant funds, the *Trial Court Performance Standards*;
- Developed and disseminated educational materials describing the agency's mission, functions, and the effect of the fiscal crisis facing local public defenders offices;
- Following a catastrophic crash of the agency's website, substantially updated the agency's website, including uploading and making publicly available information about LPDB's budget, district public defender offices' budgets, standards, personnel compensation, contracts, and financial reports.

Because of the lack of capacity within the Special Projects division, LPDB did not publish any informational guides as it has in the past and has suspended its monthly newsletter. Given the substantial duties of LPDB staff, LPDB will be unable to regularly perform this division's historical duties.

2. The Board appointed Professor Herbert Larson as Chairman of the Budget Committee.
3. The Board adopted the minutes from the May 12, 2014 meeting.
4. The Board adopted the financial report as presented.
5. The Board accepted the Budget Committee's recommendation of a FY16 budget request in the amount of \$62,165,241, an increase of nine million dollars from the FY15 budget request.
6. The Board adopted the Budget Committee's recommendation for ratification of staff's submittal of a grant application to Baptist Community Ministries in the amount of \$416,400. The grant, if awarded, would fund a three-year project in Jefferson Parish to provide social worker support for CINC attorneys.
7. The Board adopted a policy based on staff's recommendation to hold the adjustment formula in abeyance for FY15. Staff indicated the formula is not a viable option to keep the districts solvent and in some instances could do more harm than good.
8. The Board adopted a policy that legislation be pursued entitling District Defender Offices to an expense allowance for operational expenses to be paid by police juries and/or their equivalent. Currently, these basic infrastructure needs are provided to other criminal justice system entities but public defender offices' needs are funded out of LPDB's general appropriation.
9. The Board adopted a policy that any local, non-statutory funds received by the District Defender would be removed from that district's annual DAF calculation. Pursuant to the policy, those funds would not be considered revenue or a reduction of expenditures in the calculation for that district's allocation of state funding. The purpose of this policy is to ensure that our funding mechanisms do not penalize districts for receiving local contributions.
10. The Board instructed staff to research CINC appointment activity statewide and to draft a protocol for communicating Board policies to other stakeholders.

## **DISTRICT REPORTS DATA COLLECTION METHODOLOGY (CY15)**

The following district reports cover each individual Judicial District Public Defenders' Office regarding several factors: basic office information, district structures, caseload information and budget information. This information is reported to LPDB by the District Defenders to the best of their knowledge and belief at the time of the submission. Preceding each district's report is an executive summary produced by LPDB staff using the self-reported information from each district as well as LPDB analytics, including information regarding solvency projections, Pre- and Post-Act 578 revenues changes, caseload changes and statewide comparisons and legal representation improvements. It should be noted that staffing information in the summaries represents a "snapshot" of data collected near year's end (November-December), and is subject to change at any time. The district report executive summaries represent each district's self-reported information on their caseload and fiscal activity and on their local procedures and environments.

The first part of each district's report is a narrative which lists basic contact information, including emergency contact information; descriptions of the structure of the local office and the local criminal justice system, including key figures in the local system; the staffing and supervisory structure of the local office; contact information for the assistant public defenders; and an inventory of the office's present hardware and software. These data are self-reported by the districts through the web-based annual survey questionnaire distributed to each District Defender near year's end, with the exception of the district's total population and juvenile population data (by parish) which were provided respectively by the U.S. Census Bureau and the Annie E. Casey Foundation.

The second part is a report of the district's public defender aggregated new and pending (from prior years) caseloads and outcomes of charges closed in CY 2015. These data are also self-reported by the district offices, gathered through each district's data entry in the case management system. The data are collected throughout the year by each attorney or the attorney's designee through entry to the LPDB online database. In CY 2011, the LPDB purchased a new case management system and deployed it in June, 2011. Data preceding June 2011 was converted and migrated into the new database from the old database also in June 2011. Data is reported on new cases, closed cases, cases from prior years which are still pending, and the total of new and pending cases. Some cases listed as pending have been open for several years yet have been periodically reviewed by the districts to ensure these are truly still open cases, noting that complex cases such as juvenile, felony, capital and life without parole (LWOP) cases may indeed remain open even after several years. Cases which are in fugitive status, or which have not been reviewed and confirmed open for six months are not counted as pending cases. Additionally, data is reported on the disposition of charges in very broad categories for presentation purposes, with labels such as Guilty as Charged, Dismissed, and Plea to Lesser Charge, for example, each of which include numerous outcomes similar to these broad labels. Nonetheless, the disposition data reported do give an impression of the outcomes of cases and charges. Given the February 1, 2016 deadline for submission of this Calendar Year 2015 annual report, case closings and pending cases may not be completely up-to-date, particularly cases handled very near the end of the calendar year because

the time-lag between case activity at year's end and case data entry which may have precluded the latest activity in CY15 from being entered in time for this February 1<sup>st</sup> report.

The third part of these district reports addresses revenues and expenditures. State revenues are distributed by the Louisiana Public Defender Board to the individual district public defender offices (PDOs) on a fiscal-year basis. In an effort to report the amount of state revenue received by a district in a meaningful way on a calendar year-basis, the state revenue portion of the financial summaries that follow were computed by adding all of the District Assistance and Indigent Parent Representation Funds distributed during the second half of FY 14-15 (plus all other funds disbursed between January and June, 2015) and all of the District Assistance Fund and Indigent Parent Representation Fund distributed during the first half of FY 15-16 (July through December 2015). These calendar year totals are labelled "Available for use in CY15." All other information contained in the financial summaries that follow was taken from unaudited financial statements, which were submitted through the online case management system to the Louisiana Public Defender Board by the individual Public Defender Offices (PDOs) on a monthly basis during the preceding calendar year. These monthly financial reports are now reported online (since August 2012), and all prior monthly reports since 2008 were converted and migrated into the database. FY15 financial data is now freely available at the LPDB's agency website.

During Calendar Year 2015, the 1st Judicial District Public Defenders Office handled 18,761 cases. The office received \$3,058,280 in total revenues to handle these cases, approximately 49% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The district's pattern of failing to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012) continued and actually worsened. During FY15 (solid blue line) local revenues were generally lower than any point since FY12 with the district receiving \$108,651 less than CY 14.

Due to the office's inability to obtain the appropriate financial and personnel resources to provide ethical representation to it's clients, the 1st Judicial District office began restricting services on April 1, 2015.

## CAPITAL REPRESENTATION

This PDO has no capittally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation. Further, the Board passed a Resolution in 2015 to prohibit districts in restriction of services from accepting new capital appointments. As a result, all capital cases in this high-volume capital prosecution districts fall to the state to supply capital representation because the district is in Restriction of Services.

Arcadia, LA 71001  
318-355-2413

During Calendar Year 2015, the 2nd Judicial District Public Defenders Office handled 1,000 cases. The office received \$426,831 in total revenues to handle these cases, approximately 67% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs. Although local revenues increased during FY15, the 2nd has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012). The 2nd Judicial District office nearly exhausted its fund balance during 2014. However, increases in local revenues have allowed the office to remain solvent.

District 2 PDO Average Caseload per Atty FTE

In the 2nd Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

The 2nd Judicial District is a rural district that handles only a small number of cases each year, making generalizations difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

District 2 PDO Average Caseloads Compared to State Average & State Standard Maximums

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

THE 3<sup>RD</sup> JUDICIAL DISTRICT  
PUBLIC DEFENDERS' OFFICE

DISTRICT DEFENDER: RICK L. CANDLER, INTERIM  
505 SOUTH VIENNA STREET  
RUSTON, LA 71270

## 3RD JUDICIAL DISTRICT: LINCOLN AND UNION PARISHES

Rick L. Candler  
Interim District Defender  
505 South Vienna Street  
Ruston, LA 71270  
318-255-5100

During Calendar Year 2015, the 3rd Judicial District Public Defenders Office handled 2,878 cases. The office received \$540,484 in total revenues to handle these cases, approximately 63% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 3rd Judicial District office's expenditures exceeded the office's revenues in CY10, CY11, CY14, and CY15. The fund balance grew slightly in CY12 and CY13. While it is too early to project when the 3rd Judicial District office will exhaust its fund balance, without a significant increase in revenues or reduction in expenditures, the office will eventually become insolvent.

District 3 PDO Average Caseload per Atty FTE

In the 3rd Judicial District, public defense attorneys maintain caseloads near recommended caseload limits for each attorney.

Since its inception in 2007, LPDB has continually strived to improve the quality of representation through supervision, adherence to standards of representation, and training. These improvements to representation are the cornerstones which lead to improved outcomes for clients.

District 3 PDO Average Caseloads Compared to State Average & State Standard...

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

Michael A. Courteau  
District Defender  
714 St. John Street  
Monroe, LA 71201  
318-322-6643

During Calendar Year 2015, the 4th Judicial District Public Defenders Office handled 11,658 cases. The office received \$2,305,399 in total revenues to handle these cases, approximately 65% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

During nine of the 12 months that made up FY15, local remittances were at their lowest level since 2012 in the 4th Judicial District. With the exception of seven months in the past four years since Act 578 (2012) was enacted, the 4th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578).

## THE 5<sup>TH</sup> JUDICIAL DISTRICT PUBLIC DEFENDERS' OFFICE

FRANKLIN (WINNSBORO) - RICHLAND (RAYVILLE) - WEST CARROLL (OAK GROVE)

DISTRICT DEFENDER: DAWN H. MIMS, INTERIM  
906 JULIA STREET  
RAYVILLE, LA 71269  
(318) 728-1117

# 5TH JUDICIAL DISTRICT : WEST CARROLL, RICHLAND, FRANKLIN PARISHES

Dawn H. Mims  
Interim District Defender  
906 Julia Street  
Rayville, LA 71269  
318-728-1117

During Calendar Year 2015, the 5th Judicial District Public Defenders Office handled 1,959 cases. The office received \$487,776 in total revenues to handle these cases, approximately 65% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues have generally increased at a rate equal to or greater than expected, however the expenditures of the 5th Judicial District office continue to exceed revenues since CY10 in all but one year- CY12.

Depletion of the district's fund balance required the office to briefly restrict services during Calendar Year 2015.

**District 5 PDO Revenue Sources CY15**

**IMPACT OF PRE- AND POST ACT 578 \$10-INCREASE ON DISTRICT 5 PDO**

**District 5 PDO Finances CY10-15 (FB must be reported by Fiscal Years)**

**5TH JUDICIAL DISTRICT :

PARISHES**

Dawn H. Mims  
Interim District Defender  
906 Julia Street  
Rayville, LA 71269  
318-728-1117

**District 5 PDO Average Caseload per Atty FTE**

In the 5th Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney. The district's reduction in average caseload per attorney from CY14 to CY15 is accounted for, at least in part, by the nearly 23% reduction in cases handled by the office.

**District 5 PDO Average Caseloads Compared to State Average & State Standard Maximums**

**CAPITAL REPRESENTATION**

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

During Calendar Year 2015, the 6th Judicial District Public Defenders Office handled 1,543 cases. The office received \$541,372 in total revenues to handle these cases, approximately 73% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 6th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

In the 6th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

The 6th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefitted from the training and supervision offered by LPDB.

### CAPITAL REPRESENTATION

This PDO has no capital certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

During Calendar Year 2015, the 7th Judicial District Public Defenders Office handled 2,658 cases. The office received \$396,123 in total revenues to handle these cases. The district is heavily reliant on supplemental state funding as only 36% of the office's funding came from traffic tickets and special court costs.

As shown in the graph below, since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic.

An increase in state revenues has allowed the 7th Judicial District office to avoid insolvency.

District 7 PDO Average Caseload per Atty FTE

In the 7th Judicial District, public defense attorneys maintain caseloads three and a half times the recommended caseload limit for each attorney. While revenues increased during CY15 the increases were insufficient to allow the district to address crushing caseloads.

The 7th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, reliance on insufficient revenues has resulted in caseloads that by far exceed established caseload limits. Excessive cases limit each defender's ability to provide effect assistance of counsel to their clients.

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

THE 8<sup>TH</sup> JUDICIAL DISTRICT

DISTRICT DEFENDER: HERMAN A. CASTETE

## 8TH JUDICIAL DISTRICT : WINN PARISH

Herman A. Castete  
District Defender  
116 West Main Street  
Winnfield, LA 71483  
318-628-3592

During Calendar Year 2015, the 8th Judicial District Public Defenders Office handled 742 cases. The office received \$273,014 in total revenues to handle these cases. As local funding is largely insufficient, approximately 72% of revenues came from state funding. With the exception of a few months, the 8th Judicial Office has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012). Insufficient personnel and fiscal resources forced the 8th Judicial District office to begin restricting services April 1, 2015. Additional supplemental state assistance provided to the district by LPDB at the end of FY15, has allowed the district to begin accruing a fund balance. LPDB and the 8th district PDO will continue to monitor the office's revenues and expenditures to determine if the office can exit service restriction.

**District 8 PDO Average Caseload per Atty FTE**

In the 8th Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney.

The 8th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

## 9TH JUDICIAL DISTRICT : RAPIDES PARISH

Tony Tillman  
Interim District Defender  
1115 6th Street  
Alexandria, LA 71301  
318-443-7082

During Calendar Year 2015, the 9th Judicial District Public Defenders Office handled 6,236 cases. The office received \$987,518 in total revenues to handle these cases, approximately 70% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs. Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have often fallen below the 25% expected increase.

The 9th Judicial District office is not currently engaged in deficit spending. However, revenues are largely insufficient resulting in attorney caseloads that exceed client representation standards.

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

Brett Brunson  
District Defender  
710 Third Street  
Natchitoches, LA 71457  
318-352-9311

During Calendar Year 2015, the 10th Judicial District Public Defenders Office handled 1,554 cases. The office received \$574,315 in total revenues to handle these cases. As local funding is largely insufficient, approximately 65% of revenues came from state funding.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 10th Judicial District office nearly exhausted its fund balance, however through proper fiscal stewardship and increased revenues the office was able to avoid insolvency and is now slightly accruing a fund balance.

## CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

I share important court decisions and helpful information from the LACDL list serve with all attorneys. I continue to participate in the District Defender Group started several years ago to gain insight into what other districts are doing and to share that with our attorneys. I have tried to more closely monitor local funding, following a precipitous decline in funding last summer. I have met with the judges, DA, LPDB staff and other District Defenders in an effort to address the problem and increase local funding.

## 11TH JUDICIAL DISTRICT : SABINE PARISH

Steven R. Thomas  
District Defender  
111 North Washington  
Mansfield, LA 71052  
318-872-6250

During Calendar Year 2015, the 11th Judicial District Public Defenders Office handled 1,521 cases. The office received \$269,761 in total revenues to handle these cases. As local funding is largely insufficient, approximately 73% of revenues came from state funding.

The 11th has failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012), in fact revenues are generally lower than pre-Act 578 levels.

The 11th Judicial District office's expenditures exceed the office's revenues. The district has remained solvent only due to a cooperative endeavor agreement with the 42nd Judicial District.

## 11TH JUDICIAL DISTRICT : SABINE PARISH

Steven R. Thomas  
District Defender  
111 North Washington  
Mansfield, LA 71052  
318-872-6250

In the 11th Judicial District, public defense attorneys maintain excessive caseloads which are five and a half times the recommended caseload limit for each attorney.

Reliance on insufficient revenues has resulted in caseloads that by far exceed established caseload limits. Excessive cases limit each defender's ability to provide effect assistance of counsel to their clients.

**District 11 PDO Average Caseloads Compared to State Average & State Standard Maximums**

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

## 12TH JUDICIAL DISTRICT : AVOYELLES PARISH

Bradley P. Dauzat  
District Defender  
110 E Mark Street  
Marksville, LA 71351  
318-253-0091

During Calendar Year 2015, the 12th Judicial District Public Defenders Office handled 2,928 cases. The office received \$362,456 in total revenues to handle these cases, approximately 57% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have fallen below the 25% expected increase more than fifty percent of the time.

The 12th Judicial District office has nearly exhausted its fund balance. Additional state supplemental assistance during FY15 prevented insolvency, however without a reliable increase in revenues or reduction in expenditures, the office will deplete its relatively small fund balance and eventually become insolvent.

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

During Calendar Year 2015, the 13th Judicial District Public Defenders Office handled 1,513 cases. The office received \$288,922 in total revenues to handle these cases. As local funding is largely insufficient, approximately 71% of revenues came from state funding.

With the exception of a few months, the 13th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 13th Judicial District office nearly exhausted its fund balance during 2013, but through increased revenues and decreased expenditures the office had begun to accrue a modest fund balance in 2014 which is now in decline again.

In the 13th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

The 13th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

Harry Fontenot  
District Defender

Lake Charles, LA 70601  
337-436-1718

During Calendar Year 2015, the 14th Judicial District Public Defenders Office handled 14,874 cases. The office received \$2,162,508 in total revenues to handle these cases, approximately 54% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 25% increase in local funds expected as a result of Act 578 (2012) has never materialized in the 14th Judicial District.

The 14th Judicial District office is not currently engaged in deficit spending. However revenues are largely insufficient, resulting in attorney caseloads which exceed client representation standards.

## CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

<b>Number of Divisions/Sections of Criminal Court for Each Court in District (Include City Court, Municipal Court, etc.)</b>	The Supreme Court has approved having retired Judge Arthur Planchard act as a Hearing Officer. His authority is hearing arraignments for felonies and misdemeanors. He cannot accept felony pleas other than not guilty. His court is in session while the division who is scheduled for Crim II (misdemeanor and arraignments) is holding court at the same time. Because of the simultaneous court sessions, we were required to hire an attorney to attend the Hearing Officer sessions. The DA agreed to give us \$20,000 per year from his LACE fund to cover the expense.
<b>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</b>	We have hired one part time attorney to handle the Hearing Officer felony arraignments and one misdemeanor division. We were able to hire the attorney because of an interagency agreement between our office and the District attorney, where he agreed to pay for the newly created Hearing Officer Division from his LACE funds.

<b>When is Assignment/Appointment of Counsel Made?</b>	Time charges are filed. If incarcerated - at 72 hour hearing; if on bond - at arraignment.

<b>What steps does your office take to ensure conflict – free representation</b>	We do an initial review of the intake/interview forms to look for potential co-defendants, victims and witnesses. If a conflict is discovered, the case is referred to conflict free counsel. A secondary search is conducted after discovery is received on a case to verify there are no other potential conflicts that may not have been known to the client or discovered in our initial investigation. We also run that list of individuals against each of the conflict attorneys to ensure there are no potential conflicts with the conflict attorney who is appointed on a particular case.

During Calendar Year 2015, the 15th Judicial District Public Defenders Office handled 19,819 cases. The office received \$3,579,438 in total revenues to handle these cases, a decrease of more than \$300,000 from Calendar Year 2014. The office also handled more than 1,700 additional cases than the previous year. Approximately 65% of revenues came from local funding which was derived primarily from traffic tickets and special court costs.

The 15th Judicial District has only realized the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012) four times.

The 15th Judicial District office has exhausted its fund balance and began restricting services on January 1, 2016.

## CAPITAL REPRESENTATION

This PDO has capitally certified counsel on contract to handle the cases that arise in the district, however, the Board passed a Resolution in 2015 to prohibit districts in restriction of services from accepting new capital appointments. As a result, all capital cases in this high-volume capital prosecution districts fall to the state to supply capital representation because the district is facing Restriction of Services.

<b>In CY15, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.</b>	We had the advantage of three attorneys working on Gideon's Promise Law School Partnership Grant, so when several contract lawyers left we were able to move full time staff in for 3 felony lawyers and saw a savings from that attrition. But no cuts as such for budget failures: some posts remain unfilled.
<b>Immediate Critical Issue Areas</b>	Funding for Capital Defense. Approximately \$500,000 in local funds would be necessary to fund capital programs in the district. Ideally the DAF would be increased by \$3 million for best practices, full staff support, and other needs.
<b>Long-Term Critical Issue Areas</b>	Continued efforts to change the culture of the office moving away from anything other than a client centered approach.
<b>Please List All New Hires in 2015 (Name and Title)</b>	Full Time: Leanna Duncan, Felony; Charles Luskin, Felony; Jeffrey Matus, law clerk Daniel Ginnetty, law clerk; Part time: Michelle Calloway, clerical; Leah Sonnier, clerical; Contractors: Burton Guidry, felony, Parker Mitchell, misdemeanors; Chris Trahan, felony, Kevin Hernandez, felony.

<b>Please Describe Any Procedures That Are in Place For Assigning Attorneys Experienced With Juvenile Defendants to Transferable or Transferred Cases</b>	Counsel will work with Juvenile attorney who is first assigned and preference will be given to appointment of a lawyer with Juvenile Justice expertise.
<b>Please Provide the Names of All State Representatives and Senators from Your District</b>	STATE REPS: Nancy Landry (R #31); Stephen Ortego (D#39); Mickey Guillory (D#41); Jack Montoucet (D#42); Stuart Bishop (R#43); Vincent Pierre (D#44); Jean-Paul Coussan (R#45); Bob Hensgens (D#47); Taylor Barras (R#48); Blake Miguez (R#49) Terry Landry (D#96) STATE SENATORS: Fred Mills (D#22); Page Cortez (D#23); Elbert L. Guillory (D#24); Dan Morrish (D#25); Jonathan Perry (R#26); Eric LaFleur (D#28).
<b>Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?</b>	There hasn't been a community developed for Public Defenders in Louisiana since the 2007 act, and it seems we have less interaction with the profession in the state since then.
<b>What Changes Have You Implemented in Your District Office in 2015 That Have Improved the Delivery of Public Defender Services?</b>	The Criminal Justice Coordinating Committee has matured, the new District Attorney and the new Sheriff have indicated continued support. The full time component in Acadia Parish is making good headway in improving Crim Justice by infusing client centered defense practices. We have a good team culture in the law firm that is the public defender office. Our ROS plan has been framed to preserve the core values of client centered representation.

During Calendar Year 2015, the 16th Judicial District Public Defenders Office handled 10,403 cases, an increase of more than 1,600 cases from the previous year. The office received \$1,767,634 in total revenues to handle these cases, which was a decrease from the previous year. Approximately 63% of the office's revenues came from local funding which was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 16th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 16th Judicial District office has virtually exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY16.

District 16 PDO Average Caseload per Atty FTE

In the 16th Judicial District, public defense attorneys maintain caseloads three times the recommended caseload limit for each attorney.

Reliance on insufficient revenues has resulted in caseloads that by far exceed established caseload limits. Excessive cases limit each defender's ability to provide effect assistance of counsel to their clients.

## CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

Thibodaux, LA 70301  
985-446-8808

During Calendar Year 2015, the 17th Judicial District Public Defenders Office handled 4,982 cases. The office received \$824,298 in total revenues to handle these cases, approximately 62% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With very few exceptions, the 17th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 17th Judicial District office's expenditures generally exceed the office's revenues yet in the past two years, revenues have surpassed expenditures slightly. As a result, the fund balance is growing modestly.

District 17 PDO Average Caseload per Atty FTE

In the 17th Judicial District, public defense attorneys maintain caseloads almost four times the recommended caseload limit for each attorney.

Reliance on insufficient revenues has resulted in caseloads that by far exceed established caseload limits. Excessive cases limit each defender's ability to provide effect assistance of counsel to their clients.

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

District Defender  
308 E. Main St.  
New Roads, LA 70764  
225-683-9083

During Calendar Year 2015, the 18th Judicial District Public Defenders Office handled 2,530 cases. The office has traditionally been self-reliant as 100% of its revenues were derived from local funding which came primarily from traffic tickets and special court costs. Between FY11 and FY14, local revenues have decreased to the extent that in FY14, for the first time, the State began providing financial assistance to help cover the gap between the district's revenues and expenditures. During FY15, 84% of the district's revenues were derived from local funding.

Since the passage of Act 578 (2012) in the 18th Judicial District, the expected 25% increase in local revenues (dotted blue line, below) has never materialized. As shown in the graph below, during August 2012, almost immediately following the passage of Act 578, local revenues plummeted to their lowest levels in three years (orange line).

The long-term shortfall in local revenues has forced the fund balance into a sharp and continuous decline.

Between FY11 and FY15, the 18th Judicial District Public Defender Office's local revenues have decreased while expenditures have remained relatively constant.

Local revenues have decreased to the extent that in FY14, for the first time, the State began providing DAF money to help cover the gap between the district's revenues and expenditures.

**CAPITAL REPRESENTATION**

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

Michael A. Mitchell  
District Defender  
300 Louisiana Avenue  
Baton Rouge, LA 70802  
225-389-3150 (w)

During Calendar Year 2015, the 19th Judicial District Public Defenders Office handled 20,384 cases. The office received \$5,101,970 in total revenues to handle these cases, approximately 72% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 19th Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 19th Judicial District office nearly exhausted its fund balance and was forced to begin restricting services on March 1, 2015.

District 19 PDO Average Caseload per Atty FTE

In the 19th Judicial District, public defense attorneys maintain caseloads in excess of recommended caseload limits for each attorney. A nine percent reduction in cases handled by the office from CY14 to CY15 may account for the office's slight reduction in average caseload per attorneys although attorney positions were eliminated as part of the office's restriction of services plan.

District 19 PDO Average Caseloads Compared to State Average & State Standard Maximums

### CAPITAL REPRESENTATION

This PDO has limited capacity to accept capital cases as it does not have two certified counsel or otherwise does not have capacity to provide core team members as required by the Capital Performance Standards. Further, the Board passed a Resolution in 2015 to prohibit districts in restriction of services from accepting new capital appointments. As a result, all capital cases in this high-volume capital prosecution districts fall to the state to supply capital representation because the district is facing a Restriction of Services.

# 20TH JUDICIAL DISTRICT : EAST FELICIANA AND WEST FELICIANA PARISHES

Rhonda B. Covington  
District Defender  
12213 Jackson St.  
Clinton, La., LA 70722  
225-683-3620

During Calendar Year 2015, the 20th Judicial District Public Defenders Office handled 943 cases. The office received \$306,964 in total revenues to handle these cases, approximately 53% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 20th Judicial District has never realized the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012). In fact, revenues have been generally lower than 2012 levels almost every month since the inception of Act 578.

The 20th Judicial District office nearly exhausted its fund balance which has been in steep decline since CY10 forcing the office to enter service restriction on January 1, 2015. Expenditure reductions and increased revenues have allowed the district to begin accruing a fund balance. LPDB and the 20th district PDO will continue to monitor the office's revenues and expenditures to determine if the office can exit service restriction.

## 20TH JUDICIAL DISTRICT : EAST FELICIANA AND WEST FELICIANA PARISHES

Rhonda B. Covington  
District Defender  
12213 Jackson St.  
Clinton, La., LA 70722  
225-683-3620

In the 20th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

The 20th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

### CAPITAL REPRESENTATION

This PDO has no capitally certified counsel on staff, nor the financial means with which to contract with certified counsel. As such, the district has no capacity to handle a capital case and is wholly reliant on the non-profit-501(c)3 law offices with which LPDB contracts for capital representation.

Reginald McIntyre  
District Defender  
303 East Oak Street  
Amite, LA 70422  
985-748-4922

During Calendar Year 2015, the 21st Judicial District Public Defenders Office handled 14,373 cases. The office received \$3,272,450 in total revenues to handle these cases, approximately 56% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 21st has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

During Calendar Year 2015, the 21st Judicial District office received revenues which exceeded 2014 revenues by more than \$560,000. This increase in funding allowed the district to meet the office's expenditures without depleting its fund balance.

**District 21 PDO Average Caseload per Atty FTE**

In the 21st Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes in CINC cases have significantly improved over the last six years.

**District 21 PDO Average Caseloads Compared to State Average & State Standard Maximums**

**CAPITAL REPRESENTATION**

This PDO has limited capacity to accept capital cases as it does not have two certified counsel or otherwise does not have capacity to provide core team members as required by the Capital Performance Standards.

During Calendar Year 2015, the 22nd Judicial District Public Defenders Office handled 14,909 cases. The office received \$2,580,264 in total revenues to handle these cases, approximately 54% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues have been higher than in past years, but remain below the 25% expected increase in all but a very few months.

The 22nd Judicial District office has nearly exhausted its fund balance as expenditures typically exceeded the office's revenues. The office is expected to become insolvent towards the end of FY16.
