We believe that all people are created in God's image. All humans are broken and struggle with different sins. All are equal before God and all are equally sinners. We will show respect for all and we ask those who disagree with us to treat us with the same respect and dignity.

Here we address same-sex sexual conduct – not feelings or emotions, but conduct. We will address the consequences of same-sex sexual conduct, including the agenda-driven aspect that seeks to indoctrinate children and families and the threat this agenda poses to free speech and the free exercise of religion.

Homosexual conduct can result in significant damage to those involved who engage in such conduct. There is no evidence that a person is born homosexual. And there is evidence that people can change.

Our culture is being pressured with demands that our homes welcome, our daycares embrace, our schools indoctrinate, our businesses promote, and our laws reward this harmful sexual behavior. We encourage you to educate yourself and then reach out to those around you to spread a message of truth in a loving manner.
