

# DO YOU KNOW YOUR STUDENTS' PRIVACY RIGHTS?

**PRESENTED BY:**

PASCO Coalition  
(People Against the  
Surveillance of Children  
and Overpolicing)  
☎ (727) 371-6199

## CREATING SECRET LISTS OF CHILDREN TO PREDICT CRIME

- The Pasco County School Board is sharing school records and family information with the Pasco County Sheriff's Office, New Port Richey Police Department, and Dade City Police Department.

They call it "intelligence-led policing." It's NOT intelligent. It's illegal. It's profiling, spying on families, and feeds the "school-to-prison pipeline."

They claim it's to help "at-risk youth." It's NOT help. It's designed to create criminals out of middle and high school students. PSO claims that they provide services to children "destined to a life of crime," but we have not seen proof of real services.

## YOUR CHILD MAY ALREADY BE ON A SECRET LIST!

PSO believes some children are "destined to a life of crime" and can put them on a secret law enforcement list based on arbitrary criteria.

Nearly 67% of Pasco County middle and high schoolers could be affected.

Students of color, students with disabilities, and students with histories of abuse and trauma are more likely to be targeted based on PSO's "scoring criteria."

## YOU HAVE RIGHTS!

If schools share your child's records without your consent, they may be in violation of federal law.

If you have concerns that your child's rights have been violated, we are here to help, free of charge.  
Call ☎ (727) 371-6199 for more information.

## PROTECT OUR CHILDREN! PASCO COUNTY SCHOOLS MUST:

- Immediately end its data-sharing agreements with law enforcement.
- Notify the parents/guardians of every child on the youth "target list."
- Erase the youth "target list" database.

Enact policies  
• banning use of these technologies and data-sharing practices with police officers in schools.

## PASCO SPEAKS OUT!

Concerned community organizations and civil rights groups have formed a coalition to protect students and to end the profiling.

There will be multiple virtual and in-person town halls to discuss these violations and to provide information on what you can do to protect your children.

If you'd like to schedule a town hall for your church, neighborhood, or community, please reach out to us.
