Also, for the first time, the SPLC added two male supremacy groups to the hate group list: A Voice for Men, based in Houston, and Return of Kings, based in Washington, D.C. The vilification of women by these groups makes them no different than other groups that demean entire populations, such as the LGBT community, Muslims or Jews, based on their inherent characteristics.

These type of militant 'anti-hate' name smearing campaigns pushes normie whites with no stake towards the extreme right. Thus proving the SPLC is needed. Problem. Solution. Censorship. Problem. Solution. Censorship. Repeat.
